REMOVAL OF BUOYS IN THE BAY OF FUNDY.

NOTICE is hereby given that the bell-buoy moored off the point of the Lighthouse Ledge at the entrance to Quaco Harbor, has been removed and stored for the winter.

Also, that the iron can buoy moored off the South end of Quaco Shoal, in Quaco Harbor, has been removed and replaced by a spar buoy, which will be maintained, if possible, during the winter season.

Mariners must not depend on finding the two above mentioned buoys or the bell-buoy moored off Quaco Ledge on their stations during the winter season, as it is usually necessary to take them up to prevent destruction by ice. If taken up for the winter they will be replaced every spring.

NOTE.—The Citizens' Insurance Company of Canada has discontinued its Guarantee business and has reinsured its outstanding policies in the Guarantee Company of North America. The deposit on account of this branch is $11,000 Municipal Debentures still in the hands of the Receiver General.

The affairs of the *Briton Medical and General Life Association, London, Eng.*, are in litigation, orders having been made by Ontario and Quebec Courts, having for their object the winding-up of the affairs of the Company in Canada and the distribution of the deposit held by the Receiver General, which amounts to $103,370. The orders above referred to were both appealed; but the appeals have been withdrawn, and proceedings are now in progress for the winding up of the Company's Canadian affairs.

The license of the *Hand in Hand Insurance Company* expired on the 31st March, 1887, and has not been renewed owing to the fact that under "The Insurance Act," the privilege of obtaining a Dominion license in the case of Companies having Provincial charters is restricted to Companies which transact the business of Life Insurance. The Hand in Hand continues to transact Plate Glass insurance in Ontario under Provincial license, but has ceased to transact business in the other Provinces of the Dominion. The deposit of $5,000 is still in the Receiver General's hands.

NOTE.—La compagnie d'assurance des Citoyens du Canada a cessé de faire des opérations de garantie et a réassuré ses polices existantes dans la compagnie de garantie de l'Amérique du Nord. Le dépôt pour cette branche d'affaires est de $11,000 en bons de municipalités, somme qui est encore entre les mains du receveur général.

Les affaires de l'Association générale sur la vie *Briton Médical* de Londres, Ang., sont en liquidation, des ordres ayant été rendus par les cours d'Ontario et Québec, dans le but de régler les affaires de la compagnie en Canada, et la distribution du dépôt retenu par le receveur général, dépôt qui se monte à $103,370. Il y eu appel des deux ordres susdits, mais les appels ont été retirés, et des procédures se font maintenant pour régler les affaires canadiennes de la compagnie.

Le permis de la Compagnie d'assurance *Hand in Hand* est expiré le 31 mars 1887, et n'a pas été renouvelé parce que sous "l'Acte des assurances" le privilège d'obtenir un permis fédéral dans le cas de compagnies ayant des chartes provinciales est restreint aux compagnies qui font des opérations d'assurance sur la vie. La *Hand in Hand* continue les assurances sur glaces dans l'Ontario en vertu d'un permis provincial, mais a cessé de faire des opérations dans les autres provinces du Canada. Le dépôt de $5,000 reste entre les mains du receveur général.

Le permis de l'Association sur le vie du Canada est expiré le 31 mars, et n'a pas été renouvelé. Le dépôt de la compagnie, $96,075 en espèces, reste entre les mains du receveur général. **Les avis** exigés par la loi lorsqu'une compagnie veut retirer ses dépôts ont été donnés par la compagnie.

Les avis exigés par la loi pour le retrait du dépôt de la *Briton Life Association* (*imLited*), ont été donnés par la compagnie.

Dans les provinces de Québec et du Manitoba.

Un avis doit être inséré dans la *Gazette du Canada* en anglais et en français, ainsi que dans un journal anglais et un journal français du district intéressé, ou en anglais et en français dans le même journal, s'il ne s'en publie qu'un seul dans ce district ; ou s'il n'y paraît pas de journal, alors la publication de l'avis en anglais et en français doit se faire dans un journal du district le plus voisin où il s'en publie.

Dans les autres provinces ou territoires.

L'honoraire payable sur tout bill privé, ne sera payé que dans la Chambre où il a pris naissance.

No. 1.

QUEEN'S REGULATIONS AND ORDERS FOR THE ARMY, 1885.

Discipline.

Notice has been received that the following changes have been made to sections VI and XXII Queen' Regulations and Orders for the Army, 1885.

They are now published for the information of all concerned :—

"SECTION VI.

"Para. 35. The following sections of the Army Act, 1881, will be substituted for those enumerated in this paragraph, under which offences may be disposed of by a commanding officer without reference to superior authority :—6, except on active service ; 8 (2) (threatening or insubordinate language only), except on active service ; 9 (2), except on active service ; 10 (except Sub-Sec. 1), 11, 14, 15, 18 (1) (3), 19, 20, 21, 22, 24, 27 (4), 33 (except cases of enlisting from Army Reserve), 34 and 40.

" *Add* after " authority " in line 12, " by letter briefly stating the circumstances of the case and accompanied by the prisoner's company defaulter sheet."

" Para. 46. *For* the words " may, at his option," in line 4, *substitute* " will." *After* " barracks," in line 7, *add* " but in the case of officers of less than three years' service he may, at his option, limit their power of award to three days' confinement to barracks. In the event of any officer being so wanting in tact as to render him incapable of fairly and justly using this power, a report should be made to the Adjutant-General through the General officer commanding."

" Para. 99. *Omit* words after " laid down " and *substitute*—

" But in the absence of a previous conviction or of aggravating circumstances or of antecedents appearing to require a severe lesson, or of unusual prevalence in the regiment or garrison of the species of crime forming the subject of the charge, the limit of the imprisonment awarded should not exceed from 28 to 56 days, according to circumstances, for the following offences :—

Leaving guard or post.
Offence of sentries.
Insubordinate or threatening language.
Disobedience not of a grave nature.
Resisting escort, not involving an attempt at serious injury.
Breaking out of barracks.
Neglect of orders.
Absence.
Failing to appear at parade.
Being out of bounds.
Drunkenness.
Release of prisoner or allowing prisoner to escape (not wilfully).
Escaping from custody.
Loss of kit, &c.
Irregularity or omission in regard to returns (not fraudulent).
Minor contempt of Court Martial.
False answer on attestation.
Conduct to prejudice, &c.

" An addition of from 7 to 28 days being made in the case of each previous conviction or of any circumstances that aggravate the gravity of the offence.

" A punishment not exceeding from three to six months ought, as a rule, to suffice for the above offences, even when more than once repeated or when committed under circumstances that aggravate the gravity of the offence, or for the offences of—

Striking a superior officer.
Disobeying a lawful command (graver cases).
Desertion.
Fraudulent enlistment.
False evidence.
False accusations.
Ordinary theft.
Frauds.

" A sentence of imprisonment exceeding six months should be reserved for the offences last enumerated, when attended with circumstances which add to their gravity, or with several previous convictions, or for an offence under Sec. 32, Army Act ; while a sentence that amounts to or exceeds one year's imprisonment should be imposed only in cases of disgraceful conduct of an unnatural kind, gross violence to superiors, repeated desertion or fraudulent enlistment, or in cases of persistent offenders whom ordinary punishment has not had the effect of restraining from serious crime. In this last class of cases an additional sentence of discharge with ignominy is, as a rule, advisable.

" When a prisoner is convicted on two or more charges, the sentence should be that which is considered adequate for the gravest of the offences, with some addition for each of the other charges."

Para. 135. *Omit* the words from " except," in line 2, to " decision," in line 4, and *substitute* " deal with the case."

Sub-para. (3). *Omit* lines 2 to 15 inclusive, and *substitute*—

" At home stations the General officer commanding will dispose of the case on its merits. If a Court-Martial is ordered, the case will be dealt with under Sec. 33, and not under Sec. 13, of the Army Act. Whether punished or not, the man will be relegated to the Army Reserve, unless the General officer recommends his being held to army service on his last attestation, when reference will be made to Head-Quarters for the decision of the Commander-in-Chief."

Omit the words from " the pension," in line 31, to " district," in line 36, and *substitute* " the officer who was charged with his payment when in the Reserve."

Add at end of sub-para. (3) " The relegation will take effect from date of committal."

Sub-para. 5). *Omit* the words from " General," in line 3, to " merits," in line 5, and *substitute* " the case will be disposed of on its merits, and, if trial be ordered, will be dealt with."

Para. 137. *For* line 1 *substitute* " When it is decided to try." "

NOTICE TO MARINERS.

No. 40 of 1887.

I.—CHANGE IN OUTER RANGE LIGHT AT MALPEQUE.

The outer range light on Fish (Billhook) Island, at the entrance to Malpeque Harbor, Richmond Bay, on the East Coast of Prince Edward Island, has been removed South about 25 feet, so as to lead to the Fairway Buoy inside of the Bar when in line with the light in the main tower. The front light is now 1200 feet S. E. by E. ½ E. from the main light.

Lat.	N.	46°	34'	55"
Long.	W.	63°	42'	17"

The change was made in consequence of the lights previously ranging over the South edge of a bank covered by only 10 feet water. As now located the range gives a direct course in from sea, carrying 15 feet water over the Bar at ordinary low tides.

II.—ADDITIONAL BUOY AT MALPEQUE HARBOR.

In addition to the buoys heretofore maintained in Malpeque Harbor, a cask buoy has been established outside the passage over the Bar known as the North Passage.

The buoy is painted black with the letters "N. P." marked on it in white; it is moored in 4 fathoms water, $1\frac{9}{10}$ miles East of the main light, and $1\frac{7}{10}$ miles N. W. of the Black Can Buoy marking the Eastern Passage over the Bar, which buoy bears the letters "E. P." in white.

The course from the North Passage Buoy to the Fairway Buoy in the range of the lights is S. S. W., and leads over the Bar carrying 15 feet water.

Deputy Minister of Marine.

REMOVAL OF BUOYS IN THE BAY OF FUNDY.

NOTICE is hereby given that the bell-buoy moored off the point of the Lighthouse Ledge at the entrance to Quaco Harbor, has been removed and stored for the winter.

Also, that the iron can buoy moored off the South end of Quaco Shoal, in Quaco Harbor, has been removed and replaced by a spar buoy, which will be maintained, if possible, during the winter season.

Mariners must not depend on finding the two above mentioned buoys or the bell-buoy moored off Quaco Ledge on their stations during the winter season, as it is usually necessary to take them up to prevent destruction by ice. If taken up for the winter they will be replaced every spring.

NOTE.—The Citizens' Insurance Company of Canada has discontinued its Guarantee business and has reinsured its outstanding policies in the Guarantee Company of North America. The deposit on account of this branch is $11,000 Municipal Debentures still in the hands of the Receiver General.

The affairs of the *Briton Medical and General Life Association, London, Eng.*, are in litigation, orders having been made by Ontario and Quebec Courts, having for their object the winding-up of the affairs of the Company in Canada and the distribution of the deposit held by the Receiver General, which amounts to $103,370. The orders above referred to were both appealed; but the appeals have been withdrawn, and proceedings are now in progress for the winding up of the Company's Canadian affairs.

The license of the *Hand in Hand Insurance Company* expired on the 31st March, 1887, and has not been renewed owing to the fact that under "The Insurance Act," the privilege of obtaining a Dominion license in the case of Companies having Provincial charters is restricted to Companies which transact the business of Life Insurance. The Hand in Hand continues to transact Plate Glass insurance in Ontario under Provincial license, but has ceased to transact business in the other Provinces of the Dominion. The deposit of $5,000 is still in the Receiver General's hands.

The license to the *Life Association of Canada* expired on the 31st March, and has not been renewed. The deposit of the Company, $96,075 cash, still remains with the Receiver General. The statutory notices of application for withdrawal of this deposit have been given by the Company.

The Statutory notices of application for the withdrawal of the deposit of *The Briton Life Association (Limited)*, have been given by the Company.

ATTENDU qu'en vertu des dispositions de l'Acte de tempérance du Canada, 1878, l'avis suivant a été adressé au Secrétaire d'Etat pour le Canada, accompagné de la pétition ci-jointe :—

" A l'honorable Secrétaire d'Etat pour le Canada,—

" Monsieur,—Nous, soussignés, électeurs du comté " de Westmoreland, dans la province du Nouveau-" Brunswick, vous prions de prendre connaissance

“ ‘ La pétition des électeurs du comté de Westmo-

NOTE.—La compagnie d'assurance des Citoyens du Canada a cessé de faire des opérations de garantie et a réassuré ses polices existantes dans la compagnie de garantie de l'Amérique du Nord. Le dépôt pour cette branche d'affaires est de $11,000 en bons de municipalités, somme qui est encore entre les mains du receveur général.

Les affaires de l'Association générale sur la vie *Briton Médical* de Londres, Ang., sont en liquidation, des ordres ayant été rendus par les cours d'Ontario et Québec, dans le but de régler les affaires de la compagnie en Canada, et la distribution du dépôt retenu par le receveur général, dépôt qui se monte à $103,370. Il y eu appel des deux ordres susdits, mais les appels ont été retirés, et des procédures se font maintenant pour régler les affaires canadiennes de la compagnie.

Le permis de la Compagnie d'assurance *Hand in Hand* est expiré le 31 mars 1887, et n'a pas été renouvelé parce que sous "l'Acte des assurances" le privilège d'obtenir un permis fédéral dans le cas de compagnies ayant des chartes provinciales est restreint aux compagnies qui font des opérations d'assurance sur la vie. La *Hand in Hand* continue les assurances sur glaces dans l'Ontario en vertu d'un permis provincial, mais a cessé de faire des opérations dans les autres provinces du Canada. Le dépôt de $5,000 reste entre les mains du receveur général

Le permis de l'Association sur le vie du Canada est expiré le 31 mars, et n'a pas été renouvelé. Le dépôt de la compagnie, $96,075 en espèces, reste entre les mains du receveur général. Les avis exigés par la loi lorsqu'une compagnie veut retirer ses dépôts ont été donnés par la compagnie.

Les avis exigés par la loi pour le retrait du dépôt de la *Briton Life Association* (*Limited*), ont été donnés par la compagnie.

DEMANDES AU PARLEMENT.

RÈGLES RELATIVES AUX AVIS DE BILLS PRIVÉS.

Dans le cas de toute demande de bill privé, proprement du ressort législatif du Parlement du Canada, suivant les dispositions de l'Acte de l'Amérique Britannique du Nord, 1867, et ayant pour object, soit la construction d'un pont, d'un chemin de fer, d'un chemin à barrières ou d'une ligne télégraphique ; soit la construction ou l'amélioration d'un port, d'un canal, d'une écluse, d'une digue ou d'une glissoire, ou autre ouvrage semblable ; soit la concession d'un droit de passage d'eau, l'incorporation de professions ou métiers, ou d'une compagnie de banque ou autre compagnie par actions, soit la concession à une ou plusieurs personnes de certains droits ou privilèges exclusifs ou particuliers, soit le pouvoir de faire quelque chose qui, dans ses effets, pourrait toucher aux droits ou à la propriété d'autrui, ou concerner une classe particulière de la société ; ou ayant pour objet quelque amendement de même nature à un acte antérieur,—un avis, énonçant d'une manière claire et intelligible la nature et l'objet de la demande, et signé (excepté s'il s'agit de corporations déjà existantes) par les pétitionnaires ou de leur part, est nécessaire et doit être publié comme il suit :

Dans les provinces de Québec et du Manitoba.

Un avis doit être inséré dans la *Gazette du Canada* en anglais et en français, ainsi que dans un journal anglais et un journal français du district intéressé, ou en anglais et en français dans le même journal, s'il ne s'en publie qu'un seul dans ce district ; ou s'il n'y paraît pas de journal, alors la publication de l'avis en anglais et en français doit se faire dans un journal du district le plus voisin où il s'en publie.

Dans les autres provinces ou territoires.

Un avis doit être inséré dans la *Gazette du Canada*, et dans un journal du comté, du district ou des comtés-unis intéressés, ou s'il n'y paraît pas de journal alors la publication doit se faire dans un journal du comté ou district le plus voisin où il s'en publie.

La publication de ces avis durera, dans chaque cas, la période de deux mois pendant l'intervalle de temps qui s'écoulera entre la clôture de la session précédente et la prise en considération de la pétition. Un exemplaire des numéros des journaux, reproduisant la première et la dernière insertion de l'avis, devra être transmis au greffier de chaque Chambre.

Si la pétition demande l'autorisation de présenter un bill privé ayant pour objet la construction d'un pont de péage, le pétitionnaire ou les pétitionnaires devront, en même temps qu'ils donneront l'avis prescrit par la règle précédente, donner aussi, de la même manière, avis des péages qu'ils entendent exiger, de l'étendue du privilège, de la hauteur des arches, de l'espace à laisser libre entre les culées ou les piliers pour le passage des radeaux et des navires ; et mentionner de plus s'ils se proposent de construire un pont mobile, et quelles en seront les dimensions.

Toute personne désirant obtenir un bill privé devra, dans les huit jours qui précèderont l'ouverture du Parlement, déposer au bureau du greffier de la Chambre dans laquelle le bill doit prendre naissance, une copie de ce bill en langue anglaise ou en langue française, avec une somme suffisante pour en payer la traduction et l'impression. Il en sera imprimé 600 exemplaires en anglais et 200 en français ; la traduction devra être faite par les officiers de la Chambre, et l'impression par l'entrepreneur des impressions. Le pétitionnaire aura aussi à payer au greffier du Sénat, ou au comptable de la Chambre des Communes (selon le cas) une somme de $200, plus le coût de l'impression de l'acte dans les Statuts, et remettra le reçu de ce paiement au greffier du comité auquel ce bill aura été renvoyé—le dit paiement sera effectué immédiatement après la seconde lecture avant la prise en considération du bill par le comité.

L'honoraire payable sur tout bill privé, ne sera payé que dans la Chambre où il a pris naissance.

Aucune pétition pour l'obtention d'un bill privé ne sera reçue par l'une ou par l'autre Chambre après les dix premiers jours de la session.

NOTICE TO MARINERS.

No. 40 of 1887.

I.—CHANGE IN OUTER RANGE LIGHT AT MALPEQUE.

The outer range light on Fish (Billhook) Island, at the entrance to Malpeque Harbor, Richmond Bay on the East Coast of Prince Edward Island, has been removed South about 25 feet, so as to lead to the Fairway Buoy inside of the Bar when in line with the light in the main tower. The front light is now 1200 feet S. E. by E. ½ E. from the main light.

Lat.	N.	46°	34'	55"
Long.	W.	63°	42'	17"

The change was made in consequence of the lights previously ranging over the South edge of a bank covered by only 10 feet water. As now located the range gives a direct course in from sea, carrying 15 feet water over the Bar at ordinary low tides.

II.—ADDITIONAL BUOY AT MALPEQUE HARBOR.

In addition to the buoys heretofore maintained in Malpeque Harbor, a cask buoy has been established outside the passage over the Bar known as the North Passage.

The buoy is painted black with the letters "N. P." marked on it in white; it is moored in 4 fathoms water, $1\frac{9}{10}$ miles East of the main light, and $1\frac{7}{10}$ miles N. W. of the Black Can Buoy marking the Eastern Passage over the Bar, which buoy bears the letters "E. P." in white.

The course from the North Passage Buoy to the Fairway Buoy in the range of the lights is S. S. W., and leads over the Bar carrying 15 feet water.

NOTE.—The Citizens' Insurance Company of Canada has discontinued its Guarantee business and has reinsured its outstanding policies in the Guarantee Company of North America. The deposit on account of this branch is $11,000 Municipal Debentures still in the hands of the Receiver General.

The affairs of the *Briton Medical and General Life Association, London, Eng.*, are in litigation, orders having been made by Ontario and Quebec Courts, having for their object the winding-up of the affairs of the Company in Canada and the distribution of the deposit held by the Receiver General, which amounts to $103,370. The orders above referred to were both appealed; but the appeals have been withdrawn, and proceedings are now in progress for the winding up of the Company's Canadian affairs.

The license of the *Hand in Hand Insurance Company* expired on the 31st March, 1887, and has not been renewed owing to the fact that under "The Insurance Act," the privilege of obtaining a Dominion license in the case of Companies having Provincial charters is restricted to Companies which transact the business of Life Insurance. The Hand in Hand continues to transact Plate Glass insurance in Ontario under Provincial license, but has ceased to transact business in the other Provinces of the Dominion. The deposit of $5,000 is still in the Receiver General's hands.

The license to the *Life Association of Canada* expired on the 31st March, and has not been renewed. The statutory notices of application for withdrawal of its deposit have been given by the Company, and a portion thereof has been released; a balance sufficient in amount to cover the net surrender values of the policies in force has been retained by the Receiver General.

The Statutory notices of application for the withdrawal of the deposit of *The Briton Life Association (Limited)*, have been given by the Company.

And in the matter of those certain parcels or tracts of land being composed of portions of the north half of lot number eight and also of the south half of lot number eight, in the first range of the Township of Portland, in the County of Ottawa and Province of Quebec, hereinafter particularly described required for certain public works on the River du Lièvre.

PUBLIC notice is hereby given that there has been lodged in the office of the Registrar of the Exchequer Court of Canada, on the 5th day of January A.D 1888, a notice to the said Registrar by the Minister of Public Works for Canada stating his readiness to pay over to the persons entitled thereto the sum of two thousand two hundred dollars, which in his opinion is sufficient compensation for the land or immoveable property expropriated for public purposes and described as follows, by the Provincial Land Surveyor, to wit:

All and singular those certain parcels or tracts of land, situate, lying and being No. eight in the first range of the Township of Portland East, in the County of Ottawa, Province of Quebec and Dominion of Canada, and "commencing on the undisputed side line between lots seven and eight in said first range at Portland East, at the point A on the plan filed with said Registrar as above mentioned, being at the distance of 1319 feet from the south-east angle of said lot number eight, where a cedar post has been planted, thence I measured westward at right angles to the said side line on the bearing south eighty-nine degrees forty-two minutes west seven hundred and twenty-six feet, thence I measured on the bearing north eighteen minutes west parallel to said side line five hundred and twenty feet to the south east angle of the land to be expropriated where I planted a cedar post and thence continued on the same bearing north eighteen minutes west, a distance of fifty feet to the shore of the River du Lièvre, and there I planted a cedar post and from thence I measured along the shore of said river against the stream on the bearing south eighty-nine degrees forty-two minutes west, a distance of one hundred feet, and there planted a cedar post, thence I measured fifty feet on the bearing south eighteen minutes east and there planted a cedar post, and from thence I measured one hundred feet on the bearing north eighty-nine degrees forty-two minutes east to the place of beginning at the south east angle of the piece of land to be expropriated, which contains eleven hundredths of an acre and forms part of the south half of said lot number eight."

"Thence commencing on the north bank of the River du Lièvre where I planted a cedar post on the side line between said lots seven and eight, from thence I measured along said side line on the bearing north eighteen minutes west two hundred and seventy-six feet six inches to a cedar post at the division line between the north and south half of said lot number eight at the letter B on the said plan, and thence I measured said dividing line between the north and the south half on the bearing south eighty-three degrees forty-eight minutes west two thousand one hundred and twenty-eight feet six inches to the side line between lots eight and nine where I planted an oak post. Thence the River du Lièvre forms the boundary to the side line between lots seven and eight at the place of beginning. The area being enclosed five acres and three hundredths of an acre forming part of the south half of said lot number eight."

"Then commencing on the side line dividing said lots seven and eight at the post dividing the north from the south half at the point B on the said plan, thence I measured north eighteen minutes west along said side line one hundred and fifty feet nine inches to a cedar post planted, thence I measured parallel to the said division line dividing said north and south half on the bearing south eighty-three degrees forty-eight minutes west, eight hundred and sixty feet and there planted a cedar post, thence at right angles with the last mentioned line on the bearing north six degrees twelve minutes west two hundred and fifty feet where I planted a cedar post, and from thence ran a line on the bearing south eighty three degrees forty-eight minutes west, a distance of one thousand two hundred and twenty feet to the side line between lots eight and nine where I planted a cedar post, and from thence measured along the last mentioned side line on the bearing south two degrees fifty-seven minutes west four hundred and four feet to an oak post planted at the margin of the River du Lièvre and on the division line dividing the said north from the said south half of lot number eight, and from thence I measured along said division line two thousand one hundred and twenty-eight feet six inches to the place of beginning at the point B on the said plan. Thus enclosing fourteen and forty-three hundredths acres of land to be expropriated and forming part of the north half of said lot number eight."

That Her Majesty Queen Victoria has acquired title to the above described immoveable property under chapter 39 of the Revised Statutes of Canada respecting the expropriation of lands as amended by the Act 50-51 Vic. ch. 17, intituled "An Act to amend the Revised Statutes, ch. 39, respecting the expropriation of lands."

In consequence all persons entitled to the said hereinabove described land or immoveable property or any part thereof or representing or being the husbands of any persons so entitled or claiming to hold or represent incumbrances thereon or interested therein are called upon to file in the office of the Registrar of the Exchequer Court of Canada their claims or oppositions on or before the 20th day of February next and are notified that such claims or oppositions will be received and adjudged upon by this Court and that the proceedings herein will for ever bar all claims to the compensation money or any part thereof including any claim in respect of dower or of dower not yet open as well as in respect of all mortgages, hypothecs or incumbrances upon the said land or property.

Registrar.

Que Robert Andrew Chapman, de la ville de Dorchester, dans la dite province, a été nommé officier-rapporteur dans le but de recevoir ce jour-là les votes des électeurs pour et contre la pétition, de compter ensuite les votes, et puis de faire rapport du résultat au Gouverneur général en conseil. Que le dit officier rapporteur est autorisé et requis de nommer un sous-officier-rapporteur à et pour chaque bureau de votation. Que l’officier-rapporteur nommera les différentes personnes qui devront se tenir aux différents bureaux de votation, et qui devront faire le décompte final des votes, au nom des personnes autorisées à favoriser ou à s’opposer respectivement à l’adoption de la pétition, au bureau du dit Robert Andrew Chapman, dans la dite ville de Dorchester, lundi, le treizième jour de février prochain, à dix heures de l’avant-midi.

Que les votes des électeurs seront comptés, et le résultat de la votation annoncé par l’officier-rapporteur à son dit bureau, en la dite ville de Dorchester, lundi, le vingtième jour de février prochain.

Et que dans le cas où la pétition serait adoptée par les électeurs, le Gouverneur général en conseil pourra, en tout temps après l’expiration d’une période de soixante jours depuis la date de l’adoption de la dite pétition, et après l’expiration de trois années à compter du jour de l’entrée en vigueur de la deuxième partie du dit acte, dans le dit comté de Westmoreland en vertu du dit ordre en conseil en date du dixième jour de mai 1880, par un ordre en conseil publié dans la *Gazette du Canada* révoquer le dit ordre en conseil du dixième jour de mai mil huit cent quatre-vingt, par lequel la deuxième partie de l’Acte de tempérance du Canada, 1878, devenait exécutoire dans le dit comté, tel que y mentionné.

DANS L'AFFAIRE DE L'ASSOCIATION D'ASSURANCE SUR LA VIE, DU CANADA.

AVIS est donné que le ministre des Finances a, conformément aux articles trente trois et trente-quatre de "l'Acte des Assurances," ordonné de retenir un suffisant montant de l'actif déposé par la compagnie pour couvrir en entier le prix net équitable de rachat de ses polices (y compris les additions de bonis et les profits acquis) qui n'ont pas été transférées ni remises, ou à l'égard desquelles il s'est produit des oppositions ainsi que prévu par le dit article trente-trois ; et que cet actif est offert aux assurés au prorata, d'après la valeur ainsi attribuée à leurs polices respectives. Une liste de ces assurés, avec les sommes qui leur sont respectivement offertes, se trouve ci-dessous ; et il est donné avis que tout assuré qui ne signifiera pas par écrit, au Surintendant des Assurances, son acceptation de la somme ainsi offerte, le ou avant le vingt-neuvième jour de février A.D. 1888, sera censé l'avoir refusée, et que la somme offerte pourra alors, conformément au dit acte, être rendue à la compagnie.

NOTE.—La compagnie d'assnrance des Citoyens dn Canada a cessé de faire des opérations de garantie et a réassuré ses polices existantes dans la compagnie de garantie de l'Amérique du Nord. **Le dépôt** pour cette branche d'affaires est de $11,000 en bons de mnnicipalités, somme qni est encore entre les mains du receveur général.

Les affaires de l'Association générale sur la vie *Briton Médical* de Londres, Ang., sont en liquidation, des ordres ayant été rendus par les conrs d'Ontario et Québec, dans le but de régler les affaires de la compagnie en Canada, et la distribution du dépôt retenu par le receveur général, dépôt qui se monte à $103,370. Il y eu appel des deux ordres susdits, mais les appels ont été retirés, et des procédures se font maintenant pour régler les affaires canadiennes de la compagnie.

Le permis de la Compagnie d'assnrance *Hand in Hand* est expiré le 31 mars 1887, et n'a pas été renouvelé parce que sons "l'Acte des assnrances" le privilège d'obtenir un permis fédéral dans le cas de compagnies ayant des chartes provinciales est restreint aux compagnies qui font des opérations d'assurance sur la vie. La *Hand in Hand* continue les assnrances sur glaces dans l'Ontario en vertu d'un permis provincial, mais a cessé de faire des opérations dans les autres provinces du Canada. Le dépôt de $5,000 reste entre les mains du receveur général.

Le permis de l'Association sur le vie du Canada est expiré le 31 mars, et n'a pas été renouvelé. Les avis exigés par la loi lorsqu'une compagnie vent retirer ses dépôts ont été donnés par la compagnie, et une partie en a été remboursée ; le receveur général a retenu un montant suffisant pour couvrir la valeur nette de rachat des polices en vigueur.

Les avis exigés par la loi pour le retrait du dépôt de la *Briton Life Association (imLited)*, ont été donnés par la compagnie.

DEMANDES AU PARLEMENT.

Règles relatives aux avis de bills privés.

Dans le cas de toute demande de bill privé, proprement du ressort législatif du Parlement du Canada, suivant les dispositions de l'Acte de l'Amérique Britannique du Nord, 1867, et ayant pour object, soit la construction d'un pont, d'un chemin de fer, d'un chemin à barrières ou d'une ligne télégraphique ; soit la construction ou l'amélioration d'un port, d'un canal, d'une écluse, d'une digue ou d'une glissoire, ou autre ouvrage semblable ; soit la concession d'un droit de passage d'eau, l'incorporation de professions ou métiers, ou d'une compagnie de banque ou autre compagnie par actions, soit la concession à une ou plusieurs personnes de certains droits ou privilèges exclusifs ou particuliers, soit le pouvoir de faire quelque chose qui, dans ses effets, pourrait toucher aux droits ou à la propriété d'autrui ou concerner une classe particulière de la société ; ou ayant pour objet quelque amendement de même nature à un acte antérieur,—un avis, énonçant d'une manière claire et intelligible la nature et l'objet de la demande, et signé (excepté s'il s'agit de corporations déjà existantes) par les pétitionnaires ou de leur part, est nécessaire et doit être publié comme il suit :

Dans les provinces de Québec et du Manitoba.

Un avis doit être inséré dans la *Gazette du Canada* en anglais et en français, ainsi que dans un journal anglais et un journal français du district intéressé, ou en anglais et en français dans le même journal, s'il ne s'en publie qu'un seul dans ce district ; ou s'il n'y paraît pas de journal, alors la publication de l'avis en anglais et en français doit se faire dans un journal du district le plus voisin où il s'en publie.

Dans les autres provinces ou territoires.

Un avis doit être inséré dans la *Gazette du Canada*, et dans un journal du comté, du district ou des comtés-unis intéressés, ou s'il n'y paraît pas de journal alors la publication doit se faire dans un journal du comté ou district le plus voisin où il s'en publie.

La publication de ces avis durera, dans chaque cas, la période de deux mois pendant l'intervalle de temps qui s'écoulera entre la clôture de la session précédente et la prise en considération de la pétition. Un exemplaire des numéros des journaux, reproduisant la première et la dernière insertion de l'avis, devra être transmis au greffier de chaque Chambre.

Toute personne désirant obtenir un bill privé devra, dans les huit jours qui précèderont l'ouverture du Parlement, déposer au bureau du greffier de la Chambre dans laquelle le bill doit prendre naissance, une copie de ce bill en langue anglaise ou en langue française, avec une somme suffisante pour en payer la traduction et l'impression. Il en sera imprimé 600 exemplaires en anglais et 200 en français ; la traduction devra être faite par les officiers de la Chambre, et l'impression par l'entrepreneur des impressions. L'honoraire payable sur tout bill privé, ne sera payé que dans la Chambre où il a pris naissance.

NOTICE TO MARINERS.

No. 40 of 1887.

I.—CHANGE IN OUTER RANGE LIGHT AT MALPEQUE.

The outer range light on Fish (Billhook) Island, at the entrance to Malpeque Harbor, Richmond Bay, on the East Coast of Prince Edward Island, has been removed South about 25 feet, so as to lead to the Fairway Buoy inside of the Bar when in line with the light in the main tower. The front light is now 1200 feet S. E. by E. ½ E. from the main light.

Lat.	N.	46°	34'	55"
Long.	W.	63°	42'	17"

The change was made in consequence of the lights previously ranging over the South edge of a bank covered by only 10 feet water. As now located the range gives a direct course in from sea, carrying 15 feet water over the Bar at ordinary low tides.

II.—ADDITIONAL BUOY AT MALPEQUE HARBOR.

In addition to the buoys heretofore maintained in Malpeque Harbor, a cask buoy has been established outside the passage over the Bar known as the North Passage.

NOTE.—The Citizens' Insurance Company of Canada has discontinued its Guarantee business and has reinsured its outstanding policies in the Guarantee Company of North America. **The deposit on account of this branch is $11,000 Municipal Debentures still in the hands of the Receiver General.**

The affairs of the *Briton Medical and General Life Association, London, Eng.*, are in litigation, orders having been made by Ontario and Quebec Courts, having for their object the winding-up of the affairs of the Company in Canada and the distribution of the deposit held by the Receiver General, which amounts to $103,370. The orders above referred to were both appealed; but the appeals have been withdrawn, and proceedings are now in progress for the winding up of the Company's Canadian affairs.

The license of the *Hand in Hand Insurance Company* expired on the 31st March, 1887, and has not been renewed owing to the fact that under "The Insurance Act," the privilege of obtaining a Dominion license in the case of Companies having Provincial charters is restricted to Companies which transact the business of Life Insurance. The Hand in Hand continues to transact Plate Glass insurance in Ontario under Provincial license, but has ceased to transact business in the other Provinces of the Dominion. The deposit of $5,000 is still in the Receiver General's hands.

The license to the *Life Association of Canada* expired on the 31st March, and has not been renewed. The statutory notices of application for withdrawal of its deposit have been given by the Company, and a portion thereof has been released; a balance sufficient in amount to cover the net surrender values of the policies in force has been retained by the Receiver General.

The Statutory notices of application for the withdrawal of the deposit of *The Briton Life Association (Limited)*, have been given by the Company.

IN THE EXCHEQUER COURT OF CANADA.

In the matter of an Act of Parliament of Canada, being chapter 39 of the Revised Statutes of Canada, intituled "An Act respecting expropriation of land," and of an Act of the Parliament of Canada passed in the 50th and 51st years of Her Majesty's Reign, chapter 17, intituled "An Act to amend the Revised Statutes, chapter 39, respecting the expropriation of lands."

And in the matter of those certain parcels or tracts of land being composed of portions of the north half of lot number eight and also of the south half of lot number eight, in the first range of the Township of Portland, in the County of Ottawa and Province of Quebec, hereinafter particularly described required for certain public works on the River du Lièvre.

PUBLIC notice is hereby given that there has been lodged in the office of the Registrar of the Exchequer Court of Canada, on the 5th day of January A.D 1888, a notice to the said Registrar by the Minister of Public Works for Canada stating his readiness to pay over to the persons entitled thereto the sum of two thousand two hundred dollars, which in his opinion is sufficient compensation for the land or immoveable property expropriated for public purposes and described as follows, by the Provincial Land Surveyor, to wit:

All and singular those certain parcels or tracts of land, situate, lying and being No. eight in the first range of the Township of Portland East, in the County of Ottawa, Province of Quebec and Dominion of Canada, and "commencing on the undisputed side line between lots seven and eight in said first range at Portland East, at the point A on the plan filed with said Registrar as above mentioned, being at the distance of 1319 feet from the south east angle of said lot number eight, where a cedar post has been planted, thence I measured westward at right angles to the said side line on the bearing south eighty-nine degrees forty-two minutes west seven hundred and twenty-six feet, thence I measured on the bearing north eighteen minutes west parallel to said side line five hundred and twenty feet to the south east angle of the land to be expropriated where I planted a cedar post and thence continued on the same bearing north eighteen minutes west, a distance of fifty feet to the shore of the River du Lièvre, and there I planted a cedar post and from thence I measured along the shore of said river against the stream on the bearing south eighty-nine degrees forty-two minutes west, a distance of one hundred feet, and there planted a cedar post, thence I measured fifty feet on the bearing south eighteen minutes east and there planted a cedar post, and from thence I measured one hundred feet on the bearing north eighty-nine degrees forty-two minutes east to the place of beginning at the south east angle of the piece of land to be expropriated, which contains eleven hundredths of an acre and forms part of the south half of said lot number eight."

"Thence commencing on the north bank of the River du Lièvre where I planted a cedar post on the side line between said lots seven and eight, from thence I measured along said side line on the bearing north eighteen minutes west two hundred and seventy-six feet six inches to a cedar post at the division line between the north and south half of said lot number eight at the letter B on the said plan, and thence I measured said dividing line between the north and the south half on the bearing south eighty-three degrees forty-eight minutes west two thousand one hundred and twenty-eight feet six inches to the side line between lots eight and nine where I planted an oak post. Thence the River du Lièvre forms the boundary to the side line between lots seven and eight at the place of beginning. The area being enclosed five acres and three hundredths of an acre forming part of the south half of said lot number eight."

"Then commencing on the side line dividing said lots seven and eight at the post dividing the north from the south half at the point B on the said plan, thence I measured north eighteen minutes west along said side line one hundred and fifty feet nine inches to a cedar post planted, thence I measured parallel to the said division line dividing said north and south half on the bearing south eighty-three degrees forty-eight minutes west, eight hundred and sixty feet and there planted a cedar post, thence at right angles with the last mentioned line on the bearing north six degrees twelve minutes west two hundred and fifty feet where I planted a cedar post, and from thence ran a line on the bearing south eighty-three degrees forty-eight minutes west, a distance of one thousand two hundred and twenty feet to the side line between lots eight and nine where I planted a cedar post, and from thence measured along the last mentioned side line on the bearing south two degrees fifty seven minutes west four hundred and four feet to an oak post planted at the margin of the River du Lièvre and on the division line dividing the said north from the said south half of lot number eight, and from thence I measured along said division line two thousand one hundred and twenty eight feet six inches to the place of beginning at the point B on the said plan. Thus enclosing fourteen and forty-three hundredths acres of land to be expropriated and forming part of the north half of said lot number eight."

That Her Majesty Queen Victoria has acquired title to the above described immoveable property under chapter 39 of the Revised Statutes of Canada respecting the expropriation of lands as amended by the Act 50-51 Vic. ch. 17, intituled "An Act to amend the Revised Statutes, ch. 39, respecting the expropriation of lands."

In consequence all persons entitled to the said hereinabove described land or immoveable property or any part thereof or representing or being the husbands of any persons so entitled or claiming to hold or represent incumbrances thereon or interested therein are called upon to file in the office of the Registrar of the Exchequer Court of Canada their claims or oppositions on or before the 20th day of February next and are notified that such claims or oppositions will be received and adjudged upon by this Court and that the proceedings herein will for ever bar all claims to the compensation money or any part thereof including any claim in respect of dower or of dower not yet open as well as in respect of all mortgages, hypothecs or incumbrances upon the said land or property.

NOTE.—La compagnie d'assurance des Citoyens du Canada a cessé de faire des opérations de garantie et a réassuré ses polices existantes dans la compagnie de garantie de l'Amérique du Nord. Le dépôt pour cette branche d'affaires est de $11,000 en bons de municipalités, somme qui est encore entre les mains du receveur général.

Les affaires de l'Association générale sur la vie *Briton Médical* de Londres, Ang., sont en liquidation, des ordres ayant été rendus par les cours d'Ontario et Québec, dans le but de régler les affaires de la compagnie en Canada, et la distribution du dépôt retenu par le receveur général, dépôt qui se monte à $103,370. Il y eu appel des deux ordres susdits, mais les appels ont été retirés, et des procédures se font maintenant pour régler les affaires canadiennes de la compagnie.

Le permis de la Compagnie d'assurance *Hand in Hand* est expiré le 31 mars 1887, et n'a pas été renouvelé parce que sous "l'Acte des assurances" le privilège d'obtenir un permis fédéral dans le cas de compagnies ayant des chartes provinciales est restreint aux compagnies qui font des opérations d'assurance sur la vie. La *Hand in Hand* continue les assurances sur glaces dans l'Ontario en vertu d'un permis provincial, mais a cessé de faire des opérations dans les autres provinces du Canada. Le dépôt de $5,000 reste entre les mains du receveur général.

Le permis de l'Association sur le vie du Canada est expiré le 31 mars, et n'a pas été renouvelé. Les avis exigés par la loi lorsqu'une compagnie veut retirer ses dépôts ont été donnés par la compagnie, et une partie en a été remboursée ; le receveur général a retenu un montant suffisant pour couvrir la valeur nette de rachat des polices en vigueur.

Les avis exigés par la loi pour le retrait du dépôt de la *Briton Life Association* (*imLited*), ont été donnés par la compagnie.

NOTE.—The Citizens' Insurance Company of Canada has discontinued its Guarantee business and has reinsured its outstanding policies in the Guarantee Company of North America. The deposit on account of this branch is $11,000 Municipal Debentures still in the hands of the Receiver General.

The affairs of the *Briton Medical and General Life Association, London, Eng.*, are in litigation, orders having been made by Ontario and Quebec Courts, having for their object the winding-up of the affairs of the Company in Canada and the distribution of the deposit held by the Receiver General, which amounts to $103,370. The orders above referred to were both appealed; but the appeals have been withdrawn, and proceedings are now in progress for the winding up of the Company's Canadian affairs.

The license of the *Hand in Hand Insurance Company* expired on the 31st March, 1887, and has not been renewed owing to the fact that under "The Insurance Act," the privilege of obtaining a Dominion license in the case of Companies having Provincial charters is restricted to Companies which transact the business of Life Insurance. The Hand in Hand continues to transact Plate Glass insurance in Ontario under Provincial license, but has ceased to transact business in the other Provinces of the Dominion. The deposit of $5,000 is still in the Receiver General's hands

The license to the *Life Association of Canada* expired on the 31st March, and has not been renewed. The statutory notices of application for withdrawal of its deposit have been given by the Company, and a portion thereof has been released; a balance sufficient in amount to cover the net surrender values of the policies in force has been retained by the Receiver General.

The Statutory notices of application for the withdrawal of the deposit of *The Briton Life Association (Limited)*, have been given by the Company.

APPLICATIONS TO PARLIAMENT.

Rules relating to Notices for Private Bills.

All applications for Private Bills, properly the subjects of legislation by the Parliament of Canada, within the purview of "The British North America Act, 1867," whether for the erection of a Bridge, the making of a Railroad, Turnpike Road or Telegraph Line; the construction or improvement of a Harbour, Canal, Lock, Dam or Slide, or other like work; the granting the right of Ferry; the incorporation of any particular Trade or Calling, or of any Banking or other Joint Stock Company; or otherwise for the granting to any individual or individuals, any exclusive or peculiar rights or privileges whatever, or for doing any matter or thing which, in its operation, would affect the rights or property of other parties, or relate to any particular class of the community; or for making any amendment of a like nature to any former Act, shall require a Notice, clearly and distinctly specifying the nature and object of the application, and (except in the case of existing corporations) signed by, or on behalf of the applicants, to be published as follows, viz:

In the Provinces of Quebec and Manitoba.

A notice inserted in the *Canada Gazette,* in the English and French languages, and in one newspaper in the English, and in one in the French language in the District affected, or in both languages in one paper, if there be but one in the said District, or if there be no paper published therein, then, in both languages, in a paper in the nearest District in which a newspaper is published.

In any other Province or Territory.

A notice inserted in the *Canada Gazette,* and in one newspaper published in the County, or District, or Union of Counties affected, or if there be no paper published therein, then in a newspaper in the nearest County or District in which a newspaper is published

Such Notices to be continued in each case, for a period of two months during the interval of time between the close of the next preceding Session and the consideration of the Petition. And copies of the newspapers containing the first and last insertion of such notice shall be sent to the Clerk of each House.

When a Petition is for leave to bring in a Private Bill for the erection of a Toll Bridge, the petitioner or petitioners, upon giving the notice prescribed by the preceding Rule, shall also, at the same time, and in the same manner, give notice of the rates which they intend to ask; the extent of the privilege, the height of the arches, the interval between the abutments or piers for the passage of rafts and vessels, and whether they intend to erect a drawbridge, and the dimensions of the same.

Any person seeking to obtain any Private Bill shall, eight days before the meeting of Parliament, deposit with the Clerk of the House, in which the bill is to originate, a copy of such bill in the English or French language, with a sum sufficient to pay for translating and printing the same—600 copies to be printed in English, and 200 copies in French—the translation to be done by the officers of the House, and the printing by the contractor. The applicant shall be also required to pay the Clerk of the Senate, or the accountant of the House of Commons (as the case may be) a sum of $200 and the cost of printing the Act in the Statutes, and lodge the receipt of the same with the Clerk of the Committee to which such Bill is referred—such payment to be made immediately after the second reading, and before the consideration of the Bill by such Committee.

The fee payable on any Private Bill is paid only in the House in which it originates.

IN THE EXCHEQUER COURT OF CANADA.

In the matter of an Act of Parliament of Canada, being chapter 39 of the Revised Statutes of Canada, intituled "An Act respecting expropriation of land," and of an Act of the Parliament of Canada passed in the 50th and 51st years of Her Majesty's Reign, chapter 17, intituled "An Act to amend the Revised Statutes, chapter 39, respecting the expropriation of lands."

And in the matter of those certain parcels or tracts of land being composed of portions of the north half of lot number eight and also of the south half of lot number eight, in the first range of the Township of Portland, in the County of Ottawa and Province of Quebec, hereinafter particularly described required for certain public works on the River du Lièvre.

PUBLIC notice is hereby given that there has been lodged in the office of the Registrar of the Exchequer Court of Canada, on the 5th day of January A.D. 1888, a notice to the said Registrar by the Minister of Public Works for Canada stating his readiness to pay over to the persons entitled thereto the sum of two thousand two hundred dollars, which in his opinion is sufficient compensation for the land or immoveable property expropriated for public purposes and described as follows, by the Provincial Land Surveyor, to wit:

All and singular those certain parcels or tracts of land, situate, lying and being No. eight in the first range of the Township of Portland East, in the County of Ottawa, Province of Quebec and Dominion of Canada, and "commencing on the undisputed side line between lots seven and eight in said first range at Portland East, at the point A on the plan filed with said Registrar as above mentioned, being at the distance of 1319 feet from the south east angle of said lot number eight, where a cedar post has been planted, thence I measured westward at right angles to the said side line on the bearing south eighty-nine degrees forty-two minutes west seven hundred and twenty-six feet, thence I measured on the bearing north eighteen minutes west parallel to said side line five hundred and twenty feet to the south-east angle of the land to be expropriated where I planted a cedar post and thence continued on the same bearing north eighteen minutes west, a distance of fifty feet to the shore of the River du Lièvre, and there I planted a cedar post and from thence I measured along the shore of said river against the stream on the bearing south eighty-nine degrees forty-two minutes west, a distance of one hundred feet, and there planted a cedar post, thence I measured fifty feet on the bearing south eighteen minutes east and there planted a cedar post, and from thence I measured one hundred feet on the bearing north eighty-nine degrees forty-two minutes east to the place of beginning at the south-east angle of the piece of land to be expropriated, which contains eleven hundredths of an acre and forms part of the south half of said lot number eight."

"Thence commencing on the north bank of the River du Lièvre where I planted a cedar post on the side line between said lots seven and eight, from thence I measured along said side line on the bearing north eighteen minutes west two hundred and seventy-six feet six inches to a cedar post at the division line between the north and south half of said lot number eight at the letter B on the said plan, and thence I measured said dividing line between the north and the south half on the bearing south eighty-three degrees forty-eight minutes west two thousand one hundred and twenty-eight feet six inches to the side line between lots eight and nine where I planted an oak post. Thence the River du Lièvre forms the boundary to the side line between lots seven and eight at the place of beginning. The area being enclosed five acres and three hundredths of an acre forming part of the south half of said lot number eight."

"Then commencing on the side line dividing said lots seven and eight at the post dividing the north from the south half at the point B on the said plan, thence I measured north eighteen minutes west along said side line one hundred and fifty feet nine inches to a cedar post planted, thence I measured parallel to the said division line dividing said north and south half on the bearing south eighty-three degrees forty-eight minutes west, eight hundred and sixty feet and there planted a cedar post, thence at right angles with the last mentioned line on the bearing north six degrees twelve minutes west two hundred and fifty feet where I planted a cedar post, and from thence ran a line on the bearing south eighty-three degrees forty-eight minutes west, a distance of one thousand two hundred and twenty feet to the side line between lots eight and nine where I planted a cedar post, and from thence measured along the last mentioned side line on the bearing south two degrees fifty-seven minutes west four hundred and four feet to an oak post planted at the margin of the River du Lièvre and on the division line dividing the said north from the said south half of lot number eight, and from thence I measured along said division line two thousand one hundred and twenty-eight feet six inches to the place of beginning at the point B on the said plan. Thus enclosing fourteen and forty-three hundredths acres of land to be expropriated and forming part of the north half of said lot number eight."

That Her Majesty Queen Victoria has acquired title to the above described immoveable property under chapter 39 of the Revised Statutes of Canada respecting the expropriation of lands as amended by the Act 50-51 Vic. ch. 17, intituled "An Act to amend the Revised Statutes, ch. 39, respecting the expropriation of lands."

In consequence all persons entitled to the said hereinabove described land or immoveable property or any part thereof or representing or being the husbands of any persons so entitled or claiming to hold or represent incumbrances thereon or interested therein are called upon to file in the office of the Registrar of the Exchequer Court of Canada their claims or oppositions on or before the 20th day of February next and are notified that such claims or oppositions will be received and adjudged upon by this Court and that the proceedings herein will for ever bar all claims to the compensation money or any part thereof including any claim in respect of dower or of dower not yet open as well as in respect of all mortgages, hypothecs or incumbrances upon the said land or property.

DÉPÊCHES, ETC.

Circulaire.

Downing Street,
9 janvier 1888.

Monsieur,—J'ai l'honneur de vous transmettre, pour être publiée dans la colonie sous votre gouvernement, copie d'un ordre de Sa Majesté en conseil, étendant à la République du Paraguay les dispositions de "l'Acte relatif aux déserteurs étrangers, 1852."

J'ai l'honneur d'être, monsieur,
Votre très obéissant serviteur,
H. T. HOLLAND.

A l'officier administrant
le gouvernement du Canada.

A LA COUR, AU CHATEAU D'OSBORNE, ILE DE WIGHT,

Le 24e jour de décembre 1887.

PRÉSENTE :

Sa Très Excellente Majesté LA REINE en conseil.

CONSIDÉRANT que par l'*Acte relatif aux déserteurs étrangers*, 1852, il est statué que lorsqu'il sera démontré à Sa Majesté que des facilités convenables sont ou seront données pour la reprise ou l'arrestation des marins qui désertent des navires marchands britanniques dans les territoires d'une puissance étrangère, Sa Majesté pourra, par arrêté en conseil établissant que ces facilités sont ou seront données, déclarer que les marins non-esclaves qui désertent des navires marchands appartenant à un sujet de cette puissance, lorsqu'ils seront dans les limites des possessions de Sa Majesté, pourront être arrêtés et renvoyés à bord de leurs navires respectifs, et pourra limiter l'opération de cet arrêté et en rendre l'opération sujette aux conditions et restrictions, s'il en est, qui seront jugées convenables ;

Et considérant qu'il a été démontré à Sa Majesté que des facilités convenables seront données pour la reprise et l'arrestation des marins qui désertent des navires marchands britanniques dans les territoires et les possessions de la République du Paraguay, en vertu d'un traité entre les gouvernements de la Grande-Bretagne et du Paraguay, signé à Assomption le 16 octobre 1884 :

A ces causes, il a plu à Sa Majesté, en vertu du pouvoir que lui confère le dit *Acte relatif aux déserteurs étrangers*, 1852, et par et de l'avis de son Conseil privé, ordonner et déclarer, et il est par le présent ordonné et déclaré, qu'à compter de la publication du présent arrêté dans la *London Gazette*, les marins, non esclaves ni sujets britanniques, qui, dans les limites des possessions de Sa Majesté, déserteront de navires marchands appartenant à la République du Paraguay, pourront être arrêtés et reconduits à bord de leurs navires respectifs.

Pourvu toujours que si un déserteur a commis un crime dans les limites des possessions de Sa Majesté, il puisse être détenu jusqu'à ce qu'il ait subi son procès devant une cour compétente, et jusqu'à ce que sa sentence, s'il en est prononcé, soit exécutée.

Et le Secrétaire d'Etat au département de l'Intérieur, le Secrétaire d'Etat pour les Colonies et le Secrétaire d'Etat pour l'Inde, en conseil, donneront les instructions nécessaires à l'exécution du présent.

32-3 C. L. PEEL.

Circulaire.

Downing Street,
23 décembre 1887.

Monsieur,—Relativement à ma dépêche circulaire du 13 août dernier, j'ai l'honneur de vous transmettre, pour renseignement dans la colonie que vous administrez, la copie ci-jointe d'un arrêté de la Reine en conseil, approuvant le projet d'une proclamation royale à l'effet de donner cours à certaines pièces de monnaie appelées "sixpences" portant un nouveau dessin y décrit, et ordonnant le monnayage de ces pièces à la Monnaie royale.

Je vous prie de prendre les mesures pour publier la proclamation et l'arrêté en conseil en la manière ordinaire dans la colonie sous votre gouvernement.

J'ai l'honneur d'être, monsieur,
Votre très obéissant serviteur,
H. T. HOLLAND.

A l'officier administrant
Le gouvernement du Canada.

A LA COUR AU CHATEAU DE WINDSOR,

Le 28e jour de novembre 1887.

PRÉSENTE :

Sa Très Excellente Majesté la REINE en conseil :

ATTENDU que ce jour il a été lu devant le conseil le projet d'une proclamation pour donner cours à certaines pièces de monnaie d'argent appelées "sixpences," portant un nouveau dessin qui y est désigné.

Sa Majesté l'ayant pris en considération a bien voulu, par et de l'avis de Son Conseil Privé, l'approuver, et ordonner et il est par le présent ordonné, que les pièces décrites dans la proclamation soient frappées à la Monnaie de Sa Majesté.

Et les lords commissaires de la Trésorerie de Sa Majesté donneront les instructions nécessaires à l'exécution du présent.

C. L. PEEL.

Projet de proclamation mentionné dans l'arrêté qui précède.

PAR LA REINE.

PROCLAMATION.

CONSIDÉRANT que par "l'Acte du Monnayage, 1870" il est (entre autres choses) statué qu'il Nous sera loisible, par et de l'avis de Notre Conseil Privé, de fixer de temps à autre, par proclamation, le dessin pour une pièce de monnaie.

En conséquence par et de l'avis de Notre Conseil Privé, Nous avons jugé à propos de fixer et d'ordonner que certaines pièces de monnaies appelées "sixpences" frappées et qui seront frappées à la Monnaie, et mentionnées dans la première annexe du susdit acte, du poids et du titre de fin spécifiés dans cette cédule, porteront les dessins suivants :

A sa face l'impression de Notre effigie avec l'inscription "Victoria Dei Gratia Britt : Regina F. D.," et au revers les mots "Six Pence" placés au centre de la pièce, ayant une branche d'olivier d'un côté et une branche de chêne de l'autre, surmontées de la couronne royale, et le millésime entre et au-dessous des branches, et le cordon grenelé.

Et considérant que des pièces de monnaie des descriptions susdites respectivement ont été frappées à Notre monnaie, et y seront frappées en conformité des ordres que Nous avons donnés à cet effet, Nous avons en conséquence jugé à propos, par et de l'avis de Notre Conseil Privé, d'émettre Notre présente proclamation royale, et par la présente Nous ordonnons, déclarons et commandons que les dites pièces de monnaie respectivement ainsi frappées, et qui seront frappées comme susdit, seront une monnaie courante et légale du Royaume-Uni de la Grande-Bretagne et d'Irlande, et que Notre proclamation royale deviendra exécutoire à la date d'icelle.

Donné à Notre cour à *Windsor*, ce vingt-huitième jour de novembre, en l'année de Notre Seigneur, mil huit cent quatre-vingt-sept, et la cinquante-unième de Notre règne.

DIEU SAUVE LA REINE. 32-3

NOTE.—La compagnie d'assurance des Citoyens du Canada a cessé de faire des opérations de garantie et a réassuré ses polices existantes dans la compagnie de garantie de l'Amérique du Nord. Le dépôt pour cette branche d'affaires est de $11,000 en bons de municipalités, somme qui est encore entre les mains du receveur général.

Les affaires de l'Association générale sur la vie *Briton Médical* de Londres, Ang., sont en liquidation, des ordres ayant été rendus par les cours d'Ontario et Québec, dans le but de régler les affaires de la compagnie en Canada, et la distribution du dépôt retenu par le receveur général, dépôt qui se monte à $103,370. Il y eu appel des deux ordres susdits, mais les appels ont été retirés, et des procédures se font maintenant pour régler les affaires canadiennes de la compagnie.

Le permis de la Compagnie d'assurance *Hand in Hand* est expiré le 31 mars 1887, et n'a pas été renouvelé parce que sous "l'Acte des assurances" le privilège d'obtenir un permis fédéral dans le cas de compagnies ayant des chartes provinciales est restreint aux compagnies qui font des opérations d'assurance sur la vie. La *Hand in Hand* continue les assurances sur glaces dans l'Ontario en vertu d'un permis provincial, mais a cessé de faire des opérations dans les autres provinces du Canada. Le dépôt de $5,000 reste entre les mains du receveur général.

Le permis de l'Association sur le vie du Canada est expiré le 31 mars, et n'a pas été renouvelé. Les avis exigés par la loi lorsqu'une compagnie veut retirer ses dépôts ont été donnés par la compagnie, et une partie en a été remboursée ; le receveur général a retenu un montant suffisant pour couvrir la valeur nette de rachat des polices en vigueur.

Les avis exigés par la loi pour le retrait du dépôt de la *Briton Life Association* (*imLited*), ont été donnés par la compagnie.

Et dans l'affaire de ces certains lopins ou étendues de terre composés de parties de la moitié nord du lot numéro huit, et aussi de la moitié sud du lot numéro huit, dans le premier rang du township de Portland, dans le comté d'Ottawa, et province de Québec, ci-après particulièrement décrits comme requis pour certains travaux publics sur la rivière du Lièvre.

AVIS public est par le présent donné qu'il a été déposé au bureau du régistraire de la cour d'Echiquier du Canada, le 5e jour de janvier A.D. 1888, un avis au dit régistraire par le dit ministre des Travaux publics pour le Canada, énonçant qu'il était prêt à payer aux personnes y ayant droit la somme de deux mille deux cents piastres, laquelle somme est dans son opinion une compensation suffisante pour le terrain ou immeuble exproprié pour des fins publiques, et décrit comme suit par l'arpenteur des terres provinciales, savoir :—

Tous et chacun ces certains lopins ou étendues de terre sis, situés et étant le n° 8 dans le premier rang du township de Portland-Est dans le comté d'Ottawa, province de Québec et Puissance du Canada ; et "commençant sur la ligne latérale reconnue entre les lots sept et huit dans le dit premier rang de Portland-Est, au point A sur le plan déposé au bureau du dit registraire comme susdit, étant à la distance de 1,319 pieds de l'angle sud-est du dit lot numéro huit où un poteau de cèdre a été planté ; de là j'ai mesuré vers l'ouest à angles droits avec la dite ligne latérale dans une direction sud quatre-vingt-neuf degrés quarante-deux minutes ouest sept cent vingt-six pieds, de là j'ai mesuré dans la direction nord dix-huit minutes ouest parallèlement avec la dite ligne latérale cinq cent vingt pieds jusqu'à l'angle sud-est du terrain à exproprier où j'ai planté un poteau de cèdre, et de là continué dans la même direction nord dix-huit minutes ouest une distance de cinquante pieds jusqu'à la rive de la rivière du Lièvre, et là j'ai planté un poteau de cèdre, et de là j'ai mesuré le long de la dite rivière en remontant le courant dans la direction sud quatre-vingt-neuf degrés quarante-deux minutes ouest une distance de cent pieds, et là j'ai planté un poteau de cèdre, de là j'ai mesuré cinquante pieds dans une direction sud dix-huit minutes est et là ai planté un poteau de cèdre et de là j'ai mesuré cent pieds dans la direction nord quatre-vingt-neuf degrés quarante-deux minutes est, jusqu'au point de départ à l'angle sud-est du morceau de terre à exproprier, qui contient onze centièmes d'acre, et forme partie de la moitié sud dit lot numéro huit."

"De là commençant à la rive nord de la Rivière du Lièvre où j'ai planté un poteau de cèdre sur la ligne latérale entre les dits lots sept et huit, de là j'ai mesuré le long de la dite ligne latérale dans une direction nord dix-huit minutes ouest deux cent soixante-seize pieds six pouces jusqu'à un poteau de cèdre à la ligne de division entre les moitiés nord et sud du dit lot numéro huit à la lettre B sur le dit plan, et de là j'ai mesuré la dite ligne de division entre les moitiés nord et sud dans une direction sud quatre-vingt-trois degrés quarante-huit minutes ouest deux mille cent vingt-huit pieds six pouces jusqu'à la ligne latérale entre les lots huit et neuf où j'ai planté un poteau de chêne ; de là la Rivière du Lièvre forme la limite à la ligne latérale entre les lots sept et huit jusqu'au point de départ. L'étendue renfermant cinq acres et trois centièmes d'acre formant partie de la moitié sud du dit lot numéro huit."

"De là commençant de la ligne latérale divisant les dits lots sept et huit au poteau divisant la moitié nord de la moitié sud au point B sur le dit plan ; de là j'ai mesuré nord dix-huit minutes ouest le long de la dite ligne latérale cent cinquante pieds neuf pouces jusqu'à un poteau de cèdre planté ; de là j'ai mesuré parallèlement à la dite ligne de division entre les dites moitiés nord et sud dans une direction sud quatre-vingt-trois degrés quarante-huit minutes ouest huit cent soixante pieds, et là planté un poteau de cèdre ; de là à angles droits avec la ligne en dernier lieu mentionnée dans une direction nord six degrés douze minutes ouest deux cent soixante pieds où j'ai planté un poteau de cèdre, et de là tiré une ligne dans une direction sud quatre-vingt-trois degrés quarante-huit minutes ouest, une distance de mille deux cent vingt pieds jusqu'à la ligne latérale entre les lots huit et neuf où j'ai planté un poteau de cèdre, et de là mesuré le long de la ligne latérale, en dernier lieu mentionnée, dans une direction sud, deux degrés soixante-sept minutes ouest, quatre cent quatre pieds jusqu'à un poteau de chêne planté sur le bord de la rivière du Lièvre, et sur la ligne de division entre les dites moitiés nord et sud du lot numéro huit, et de là j'ai mesuré le long de la dite ligne de division deux mille cent vingt-huit pieds six pouces jusqu'au point de départ, au point B sur le dit plan. Renfermant ainsi quatorze acres et quarante-trois centièmes d'acre de terre à exproprier, et formant partie de la moitié nord du dit lot numéro huit."

Que Sa Majesté la Reine Victoria a acquis le titre à l'immeuble ci-dessus décrit en vertu du chapitre 39 des Statuts Revisés du Canada, concernant les expropriations de terrains, tel que modifié par l'acte 50-51 Victoria, chap. 17, intitulé "Acte à l'effet de modifier les Statuts Revisés, chap. 39, concernant les expropriations de terrains."

En conséquence toutes personnes ayant des droits au dit terrain ou immeuble ci-dessus décrit, ou toute partie d'icelui, ou représentant ou étant les maris de toutes personnes ayant ainsi droit ou prétendant avoir ou représenter des servitudes sur icelui ou y étant intéressés, sont invitées à présenter au bureau du régistraire de la cour d'Echiquier du Canada leurs réclamations ou oppositions le ou avant le 20e jour de février prochain, et elles sont averties que ces réclamations ou oppositions seront reçues et décidées par cette cour et que les procédures aux présentes éteindront à jamais toutes réclamations contre l'indemnité pécuniaire ou toute partie d'icelle, y compris toute réclamation à l'égard de douaire ou de douaire à venir, aussi bien qu'à l'égard de toutes hypothèques ou servitudes dont le dit terrain ou immeuble sera grevé.

NOTICE TO MARINERS.

No. 2 of 1888.

I. TORONTO RANGE LIGHTS.

The back range light at Toronto Harbor was moved before the opening of navigation in 1886. A correct description of the two range lights as now located is as follows:

The front range light tower stands upon the Queen's wharf, 37 feet from its extreme end; it is a hexagonal wooden building, painted white, and is 23 feet in height from the wharf to the top of the lantern.

Lat. N. 43° 38′ 10″
Long. W. 79° 23′ 45″

The light is fixed white, elevated 23 feet above the Lake, and should be visible 9 miles in the line of range, and over an arc of 90° on each side thereof.

This light was first established in 1856.

The back range light tower is on an extension shoreward of the wharf, it is distant 200 feet N. E. by N. ½ N. from the front range light, and 125 feet from the front line of the wharf. The tower is an octagonal wooden building, painted red, and is 35 feet high from the wharf to the top of the lantern.

The light is fixed red, elevated 37 feet above the Lake, and should be visible 8 miles in the line of range and over an arc of 90° on each side thereof.

This light was first established in 1838.

These two lights are maintained by the Toronto Harbor Commissioners. In range bearing N. E. by N. ½ N. they lead clear of the point of the Bar which runs south of and parallel to the wharf; the channel being about 300 feet wide with 13 feet water.

A fog bell rung by hand is attached to the front range light tower; during fog it is rung at frequent intervals, and in answer to signals from steamers.

A storm signal apparatus established in 1874 is located close to the front range light tower.

II. BUOYS IN TORONTO HARBOR.

The following buoys also are maintained by the Toronto Harbor Commissioners:

OFF LIGHTHOUSE POINT.

I. Iron can buoy (No. 2), painted red with black ring and black circle on the end, moored in 8 fathoms water. From this buoy the lighthouse on Toronto Island, in Lat. N. 43° 37′ 0″, Long. W. 79° 22′ 40″, bears N. W. by N. ¾ N.

II. Red bell buoy (No. 4), moored in 8 fathoms water, outside the large sunken crib at the outer end of the Toronto Water Works Conduit. From it the lighthouse bears N. N. W. ¼ W.

III. Red can buoy numbered 6, moored in 8 fathoms water; from it the lighthouse bears N. ¾ W.

IV. Red can buoy numbered 8, moored in 8 fathoms water; from it the lighthouse bears N. by E.

V. Can buoy (No. 10), painted red with white ring around it and white circle on end, moored in 8 fathoms water; from it the lighthouse bears N. E. ½ E.

VI. Red spar buoy (No. 12), moored in 17 feet on the N. W. point of the Island bank; from it buoy No. 10 bears S. E. ½ S.; the lighthouse, E. N. E, and the cupola of the Central Prison, N. W. by N. ¾ N.

It is not safe for vessels to go inside any of the above mentioned buoys, as the bank rises very abruptly.

VII. Red spar buoy (No. 14), off the northwest point of the Island, in 17 feet water.

WEST CHANNEL.

VIII. Red spar buoy west channel (No. 16), in 13 feet water, at the entrance of the west channel on the S. W. point of the Bar.

IX. Black spar buoy (No. 1), on the north side and western extremity of the channel.

Between these two buoys (Nos. 1 and 16), is the dredged channel about 14 feet deep forming the western entrance to the harbor. The range of lights leads in between them.

X. There are six red spar buoys in 9 feet water on the face of the bank to the eastward of No. 16, defining the southerly limit of the dredged channel, which is about 300 feet wide. The northerly limit is defined by the wharves.

EAST CHANNEL.

XI. The East Channel into Toronto Harbor is buoyed as follows:—

A black spar buoy on a sunken boiler to the south of the gap; two black spar buoys on the west or port side of the gap in entering; two red spar buoys on the east or starboard side. There are 6 feet water in mid-channel between these buoys. The course by compass coming in is N. W. by N. which brings the cupola of the St. Lawrence Hall in line with the steeple of the Methodist Church (with four spires on top) on Church Street.

NOTE—The Citizens' Insurance Company of Canada has discontinued its Guarantee business and has reinsured its outstanding policies in the Guarantee Company of North America. The deposit on account of this branch is $11,000 Municipal Debentures still in the hands of the Receiver General.

The affairs of the *Briton Medical and General Life Association, London, Eng.*, are in litigation, orders having been made by Ontario and Quebec Courts, having for their object the winding-up of the affairs of the Company in Canada and the distribution of the deposit held by the Receiver General, which amounts to $103,370. The orders above referred to were both appealed; but the appeals have been withdrawn, and proceedings are now in progress for the winding up of the Company's Canadian affairs.

The license of the *Hand in Hand Insurance Company* expired on the 31st March, 1887, and has not been renewed owing to the fact that under "The Insurance Act," the privilege of obtaining a Dominion license in the case of Companies having Provincial charters is restricted to Companies which transact the business of Life Insurance. The Hand in Hand continues to transact Plate Glass insurance in Ontario under Provincial license, but has ceased to transact business in the other Provinces of the Dominion. The deposit of $5,000 is still in the Receiver General's hands.

The license to the *Life Association of Canada* expired on the 31st March, and has not been renewed. The statutory notices of application for withdrawal of its deposit have been given by the Company, and a portion thereof has been released; a balance sufficient in amount to cover the net surrender values of the policies in force has been retained by the Receiver General.

The Statutory notices of application for the withdrawal of the deposit of *The Briton Life Association (Limited)*, have been given by the Company.

IN THE EXCHEQUER COURT OF CANADA.

In the matter of an Act of Parliament of Canada, being chapter 39 of the Revised Statutes of Canada, intituled "An Act respecting expropriation of land," and of an Act of the Parliament of Canada passed in the 50th and 51st years of Her Majesty's Reign, chapter 17, intituled "An Act to amend the Revised Statutes, chapter 39, respecting the expropriation of lands."

And in the matter of those certain parcels or tracts of land being composed of portions of the north half of lot number eight and also of the south half of lot number eight, in the first range of the Towoship of Portland, in the County of Ottawa and Province of Quebec, hereinafter particularly described required for certain public works on the River du Lièvre.

PUBLIC notice is hereby given that there has been lodged in the office of the Registrar of the Exchequer Court of Canada, on the 5th day of January A.D. 1888, a notice to the said Registrar by the Minister of Public Works for Canada stating his readiness to pay over to the persons entitled thereto the sum of two thousand two hundred dollars, which in his opinion is sufficient compensation for the land or immoveable property expropriated for public purposes and described as follows, by the Provincial Land Surveyor, to wit:

All and singular those certain parcels or tracts of land, situate, lying and being No. eight in the first range of the Township of Portland East, in the County of Ottawa, Province of Quebec and Dominion of Canada, and "commencing on the undisputed side line between lots seven and eight in said first range at Portland East, at the point A on the plan filed with said Registrar as above mentioned, being at the distance of 1319 feet from the south-east angle of said lot number eight, where a cedar post has been planted, thence I measured westward at right angles to the said side line on the bearing south eighty-nine degrees forty-two minutes west seven hundred and twenty-six feet, thence I measured on the bearing north eighteen minutes west parallel to said side line five hundred and twenty feet to the south-east angle of the land to be expropriated where I planted a cedar post and thence continued on the same bearing north eighteen minutes west, a distance of fifty feet to the shore of the River du Lièvre, and there I planted a cedar post and from thence I measured along the shore of said river against the stream on the bearing south eighty-nine degrees forty-two minutes west, a distance of one hundred feet, and there planted a cedar post, thence I measured fifty feet on the bearing south eighteen minutes east and there planted a cedar post, and from thence I measured one hundred feet on the bearing north eighty-nine degrees forty-two minutes east to the place of beginning at the south-east angle of the piece of land to be expropriated, which contains eleven hundredths of an acre and forms part of the south half of said lot number eight."

"Thence commencing on the north bank of the River du Lièvre where I planted a cedar post on the side line between said lots seven and eight, from thence I measured along said side line on the bearing north eighteen minutes west two hundred and seventy-six feet six inches to a cedar post at the division line between the north and south half of said lot number eight at the letter B on the said plan, and thence I measured said dividing line between the north and the south half on the bearing south eighty-three degrees forty-eight minutes west two thousand one hundred and twenty-eight feet six inches to the side line between lots eight and nine where I planted an oak post. Thence the River du Lièvre forms the boundary to the side line between lots seven and eight at the place of beginning. The area being enclosed five acres and three hundredths of an acre forming part of the south half of said lot number eight."

"Then commencing on the side line dividing said losts even and eight at the post dividing the north from the south half at the point B on the said plan, thence I measured north eighteen minutes west along said side line one hundred and fifty feet nine inches to a cedar post planted, thence I measured parallel to the said division line dividing said north and south half on the bearing south eighty-three degrees forty-eight minutes west, eight hundred and sixty feet and there planted a cedar post, thence at right angles with the last mentioned line on the bearing north six degrees twelve minutes west two hundred and fifty feet where I planted a cedar post, and from thence ran a line on the bearing south eighty-three degrees forty-eight minutes west, a distance of one thousand two hundred and twenty feet to the side line between lots eight and nine where I planted a cedar post, and from thence measured along the last mentioned side line on the bearing south two degrees fifty-seven minutes west four hundred and four feet to an oak post planted at the margin of the River du Lièvre and on the division line dividing the said north from the said south half of lot number eight, and from thence I measured along said division line two thousand one hundred and twenty-eight feet six inches to the place of beginning at the point B on the said plan. Thus enclosing fourteen and forty-three hundredths acres of land to be expropriated and forming part of the north half of said lot number eight."

That Her Majesty Queen Victoria has acquired title to the above described immoveable property under chapter 39 of the Revised Statutes of Canada respecting the expropriation of lands as amended by the Act 50-51 Vic. ch. 17, intituled "An Act to amend the Revised Statutes, ch. 39, respecting the expropriation of lands."

Votre très obéissant serviteur,
H. T. HOLLAND.

A l'officier administrant

A LA COUR, AU CHATEAU D'OSBORNE, ILE DE WIGHT,

Le 24e jour de décembre 1887.

PRÉSENTE :

Sa Très Excellente Majesté LA REINE en conseil.

CONSIDÉRANT que par l'*Acte relatif aux déserteurs étrangers*, 1852, il est statué que lorsqu'il sera démontré à Sa Majesté que des facilités convenables sont ou seront données pour la reprise ou l'arrestation des marins qui désertent des navires marchands britanniques dans les territoires d'une puissance étrangère, Sa Majesté pourra, par arrêté en conseil établissant que ces facilités sont ou seront données, déclarer que les marins non-esclaves qui désertent des navires marchands appartenant à un sujet de cette puissance, lorsqu'ils seront dans les limites des possessions de Sa Majesté, pourront être arrêtés et renvoyés à bord de leurs navires respectifs, et pourra limiter l'opération de cet arrêté et en rendre l'opération sujette aux conditions et restrictions, s'il en est, qui seront jugées convenables ; .

Et considérant qu'il a été démontré à Sa Majesté que des facilités convenables seront données pour la reprise et l'arrestation des marins qui désertent des navires marchands britanniques dans les territoires et les possessions de la République du Paraguay, en vertu d'un traité entre les gouvernements de la Grande-Bretagne et du Paraguay, signé à Assomption le 16 octobre 1884 :

A ces causes, il a plu à Sa Majesté, en vertu du pouvoir que lui confère le dit *Acte relatif aux déserteurs étrangers*, 1852, et par et de l'avis de son Conseil privé, ordonner et déclarer, et il est par le présent ordonné et déclaré, qu'à compter de la publication du présent arrêté dans la *London Gazette*, les marins, non esclaves ni sujets britanniques, qui, dans les limites des possessions de Sa Majesté, déserteront de navires marchands appartenant à la République du Paraguay, pourront être arrêtés et reconduits à bord de leurs navires respectifs.

Pourvu toujours que si un déserteur a commis un crime dans les limites des possessions de Sa Majesté, il puisse être détenu jusqu'à ce qu'il ait subi son procès devant une cour compétente, et jusqu'à ce que sa sentence, s'il en est prononcé, soit exécutée.

Et le Secrétaire d'Etat au département de l'Intérieur, le Secrétaire d'Etat pour les Colonies et le Secrétaire d'Etat pour l'Inde, en conseil, donneront les instructions nécessaires à l'exécution du présent.

Et les lords commissaires de la Trésorerie de Sa Majesté donneront les instructions nécessaires à l'exécution du présent.

C. L. PEEL.

Projet de proclamation mentionné dans l'arrêté qui précède.

PAR LA REINE.

PROCLAMATION.

CONSIDÉRANT que par "l'Acte du Monnayage, 1870" il est (entre autres choses) statué qu'il Nous sera loisible, par et de l'avis de Notre Conseil Privé, de fixer de temps à autre, par proclamation, le dessin pour une pièce de monnaie.

En conséquence par et de l'avis de Notre Conseil Privé, Nous avons jugé à propos de fixer et d'ordonner que certaines pièces de monnaies appelées "sixpences" frappées et qui seront frappées à la Monnaie, et mentionnées dans la première annexe du susdit acte, du poids et du titre de fin spécifiés dans cette cédule, porteront les dessins suivants :

A sa face l'impression de Notre effigie avec l'inscription "Victoria Dei Gratia Britt : Regina F. D," et au revers les mots "Six Pence" placés au centre de la pièce, ayant une branche d'olivier d'un côté et une branche de chêne de l'autre, surmontées de la couronne royale, et le millésime entre et au-dessous des branches, et le cordon grenelé.

Et considérant que des pièces de monnaie des descriptions susdites respectivement ont été frappées à Notre monnaie, et y seront frappées en conformité des ordres que Nous avons donnés à cet effet, Nous avons en conséquence jugé à propos, par et de l'avis de Notre Conseil Privé, d'émettre Notre présente proclamation royale, et par la présente Nous ordonnons, déclarons et commandons que les dites pièces de monnaie respectivement ainsi frappées, et qui seront frappées comme susdit, seront une monnaie courante et légale du Royaume-Uni de la Grande-Bretagne et d'Irlande, et que Notre proclamation royale deviendra exécutoire à la date d'icelle.

Donné à Notre cour à *Windsor*, ce vingt-huitième jour de novembre, en l'année de Notre Seigneur, mil huit cent quatre-vingt-sept, et la cinquante-unième de Notre règne.

NOTE.—La compagnie d'assurance des Citoyens du Canada a cessé de faire des opérations de garantie et a réassuré ses polices existantes dans la compagnie de garantie de l'Amérique du Nord. Le dépôt pour cette branche d'affaires est de $11,000 en bons de municipalités, somme qui est encore entre les mains du receveur général.

Les affaires de l'Association générale sur la vie *Briton Médical* de Londres, Ang., sont en liquidation, des ordres ayant été rendus par les cours d'Ontario et Québec, dans le but de régler les affaires de la compagnie en Canada, et la distribution du dépôt retenu par le receveur général, dépôt qui se monte à $103,370. Il y eu appel des deux ordres susdits, mais les appels ont été retirés, et des procédures se font maintenant pour régler les affaires canadiennes de la compagnie.

Le permis de la Compagnie d'assurance *Hand in Hand* est expiré le 31 mars 1887, et n'a pas été renouvelé parce que sous "l'Acte des assurances" le privilège d'obtenir un permis fédéral dans le cas de compagnies ayant des chartes provinciales est restreint aux compagnies qui font des opérations d'assurance sur la vie. La *Hand in Hand* continue les assurances sur glaces dans l'Ontario en vertu d'un permis provincial, mais a cessé de faire des opérations dans les autres provinces du Canada. Le dépôt de $5,000 reste entre les mains du receveur général

Le permis de l'Association sur le vie du Canada est expiré le 31 mars, et n'a pas été renouvelé. Les avis exigés par la loi lorsqu'une compagnie veut retirer ses dépôts ont été donnés par la compagnie, et une partie en a été remboursée; le receveur général a retenu un montant suffisant pour couvrir la valeur nette de rachat des polices en vigueur.

Les avis exigés par la loi pour le retrait du dépôt de la *Briton Life Association (Limited)*, ont été donnés par la compagnie.

Dans les provinces de Québec et du Manitoba.

Un avis doit être inséré dans la *Gazette du Canada* en anglais et en français, ainsi que dans un journal anglais et un journal français du district intéressé, ou en anglais et en français dans le même journal, s'il ne s'en publie qu'un seul dans ce district ; ou s'il n'y paraît pas de journal, alors la publication de l'avis en anglais et en français doit se faire dans un journal du district le plus voisin où il s'en publie.

Dans les autres provinces ou territoires.

Un exemplaire des numéros des journaux, reproduisant la première et la dernière insertion de l'avis, devra être transmis au greffier de chaque Chambre.

Si la pétition demande l'autorisation de présenter un bill privé ayant pour objet la construction d'un pont de péage, le pétitionnaire ou les pétitionnaires devront, en même temps qu'ils donneront l'avis prescrit par la règle précédente, donner aussi, de la même manière, avis des péages qu'ils etnendent exiger, de l'étendue du privilège, de la hauteur des arches, de l'espace à laisser libre entre les culées ou les piliers pour le passage des radeaux et des navires ; et mentionner de plus s'ils se proposent de construire un pont mobile, et quelles en seront les dimensions.

Toute personne désirant obtenir un bill privé devra, dans les huit jours qui précèderont l'ouverture du Parlement, déposer au bureau du greffier de la Chambre dans laquelle le bill doit prendre naissance, une copie de ce bill en langue anglaise ou en langue française, avec une somme suffisante pour en payer la traduction et l'impression. Il en sera imprimé 600 exemplaires en anglais et 200 en français ; la traduction devra être faite par les officiers de la Chambre, et l'impression par l'entrepreneur des impressions. Le pétitionnaire aura aussi à payer au greffier du Sénat, ou au comptable de la Chambre des Communes (selon le cas) une somme de $200, plus le coût de l'impression de l'acte dans les Statuts, et remettra le reçu de ce paiement au greffier du comité auquel ce bill aura été renvoyé—le dit paiement sera effectué immédiatement après la seconde lecture avant la prise en considération du bill par le comité.

L'honoraire payable sur tout bill privé, ne sera payé que dans la Chambre où il a pris naissance.

Aucune pétition pour l'obtentin d'un bill privé ne sera reçue par l'une ou par l'autre Chambre après les dix premiers jours de la session.

REGULATIONS

For the entry of Engineer Students, and Students in Naval Construction, in Her Majesty's Dockyards.

(The Engineer Students are trained for service afloat as Engineer Officers in Her Majesty's Navy.)

(The Students in Naval Construction are trained with a view to their joining the Royal Corps of Naval Constructors.)

1. Vacancies for appointements as Engineer Students in the Dockyards will be filled principally by means of competitive examinations open to all sons of British subjects, being of the prescribed age and of good moral character, but their Lordships will reserve to themselves the right to nominate a few candidates at each entry who will be appointed on passing the examination specified in paragraph 11.

The Candidates to be nominated will be selected by the Board of Admiralty from sons of officers of the Navy, Army, or Royal Marines who have been killed in action or who have been lost at sea on active service, or killed on duty, or who have died of wounds, received in action or injuries received on duty within six months from the date of such action or injury, or sons of officers of the Navy or Royal Marines who have performed long and meritorious service. The number to be so nominated will not exceed one fifth of the total number of Engineer Students to be entered. Except as regards exemption from the Competitive Examination, these Candidates will be subject in all respects to these regulations.[*]

Three Engineer Studentships will be given annually to sons of gentlemen in the Colonies on the recommendation of the Secretary of State for the Colonies provided they pass the required Examination. These candidates will be subject to precisely the same regulations as herein laid down for nominated service candidates.[†]

2. The number of appointments to be made in each year will be fixed by their Lordships.

3. The List of Candidates for these appointments by open competition will be kept at the office of the Civil Service Commissioners. All applications for the forms to be filled up by persons who wish to compete must be sent to the *Secretary, Civil Service Commission, London, S.W.*, on or after the first of January in each year, and care must be taken that the Forms when filled up are returned so as to reach the *Civil Service Commissioners* on or before the 15th *March following*, as no notice will be taken of Forms received after that date. The List of Nominated Candidates will be kept at the Admiralty.

4. Candidates must not be less than Fourteen nor more than Sixteen Years of age on the first day of May in the year in which they are examined.

5. Evidence of age and character will not be required before the examination, but Candidates successful in it will not be eligible for appointment unless they satisfy the Civil Service Commissioners on these points.

6. The Medical Examination of the Successful Candidates will be held under the authority of their Lordships, as soon as possible after the result of the Educational Examination is made known. No candidate will be entered as an Engineer Student unless he is pronounced to be physically fit. Candidates in or near London will be medically examined by the Medical Director-General of the Navy at the Admiralty. Those residing near one of Her Majesty's Dockyards, or one of the First Reserve Ships, or Drill Ships of the Royal Naval Reserve, or the Flaghip at Queenstown, will be examined by the Medical Officers attached thereto. All Candidates at the time of their Medical Examination must produce Certificates to the satisfaction of the examining Officers that they have been re-vaccinated, or they must be re-vaccinated before they can be considered eligible for entry into the Dockyard.

Successful Candidates will be entered as Engineer Students in one of the Dockyards, according to the number of appointments which it may be decided to make that year; they will be taken according to their position on the examination list. Candidates who obtain less than 700 marks in the aggregate will not be placed upon the list.

11. The Candidates who are nominated by their Lordships, and by the Secretary of State for the Colonies, will be required to pass the same test examination in the first four subjects as the Candidates who enter for the Competitive Examination. They will also be examined in the other subjects to ascertain the extent of their knowledge and to determine their order of merit, and no nominated Candidate will be appointed as an Engineer Student who obtains less than 700 marks in the aggregate.

12. Candidates will be informed by letter from the Civil Service Commission of the result of their Examination as soon as it has been ascertained.

13. The successful Candidates will be entered as Engineer Students at H. M. Dockyard at Devonport, about the first of July in each year, and Students in Naval Construction not exceeding two in number annually will be appointed from among Engineer Students who have shown special ability at the end of their third year of service. The Students must join with their Parents or Guardians in a Bond of 300*l.* to enter, if required, into Her Majesty's Service as Assistant Engineers, or as Assistant Constructors, if at the expiration of their training they should obtain Certificates of good conduct and efficiency for entry in the Service. These Bonds and the Indentures of Apprenticeship must be completed in all respects before the Students join the Dockyard.

14. The Parent or Guardian of each Engineer Student entered in future will be required to make six annual payments during the six years of the Student's training, viz:—30*l.* each year for the first two years, 20*l.* for the third year, 25*l.* for the fourth year, and 5*l.* each for the fifth and sixth years. It will, however, be at the discretion of my Lords to reduce these annual payments during the first four years in the case of sons of officers killed or drowned or who have otherwise lost their lives on service. Should a Student leave or be dismissed from the Service, the payments which have been made in his behalf will be forfeited.

15. The payments are to be made to the Cashier of the Dockyard to which the Student is appointed; the first payment is to be made before the Student is entered, and the subsequent payments, on or before the 30th day of June in each of the five succeeding years.

16. The Parents or Guardians of the Students will also be required to provide the Uniform (See Par 39) or other Clothing, Washing, and necessaries of each Student Board and Lodging, and Medical Attendance will be provided by the Admiralty. The Students will be required to reside in the Dockyard or in a vessel adjacent thereto.

17. The weekly pay of Students during their training will be as follows, provided they are well reported on by the Officers:—

First Year............	One shilling	a week.
Second "	Two shillings	
Third "	Three "	
Fourth "	Five "	
Fifth "	Eight "	
Sixth "	Ten "	

18. Five weeks leave (30 working days) on full pay will be granted each year to all Students whose conduct and progress have been satisfactory. This leave is to be taken during the School Vacations at Midsummer and Christmas.

19. The Students are not to be checked pay while on leave, nor when hurt. When sick they will be checked of their pay after they have been absent for six months in the aggregate during any period of twelve months. At the expiration of this time a special report is to be made to their Lordships in each case. Students pronounced at the end of twelve months' absence on account of sickness or hurt to be permanently unfit or unlikely to be capable of entering Her Majesty's Service as Assistant Engineers, or as Assistant Constructors, will be discharged. Should any Student in the course of his training develope physical unfitness for the Service, he will be discharged.

20. The Students will be under the supervision of the Superintendent of Dockyard and a Staff of Officers, and subject to such rules and regulations as their Lordships may deem necessary.

51. Engineer Students in their first year of training, who may be desirous of leaving the service, and whose reasons are considered satisfactory, may be allowed, under their Lordships' authority, to have their Indentures and Bonds cancelled, but this concession is not to be claimed as a right.

22. The period of training of Students will be for six years, which will be divided between H. M. Dockyards, Devonport and Portsmouth. They will receive practical training in the Workshops, and instructions in Iron Shipbuilding. While the Engineer Students are being instructed in Iron Shipbuilding they are to be under the direction of the Chief Constructor. They will attend the Dockyard Schools for such periods, and to pursue such studies as may from time to time be determined on; they will also pass a portion of their time in the Drawing Office. Means will be afforded them of acquiring the groundwork of the knowledge required by a Naval Engineer respecting the working of Marine Engines and Boilers, including those repairs which can be carried out afloat, the practical use of the various Instruments used in the Engine-room, also of the construction and working of Electric Light, Torpedo and Gun Machinery, and of becoming generally acquainted with the duties of a Naval Engineer.

23. Students will be examined once a year under the direction of the President of the Royal Naval College, Greenwich.

The educational examination at H. M. Dockyard at Devonport, at the end of their third year of study will be a qualifying one, and the subjects will be separated into two divisions compulsory and optional. The papers will be so constructed that 40 per cent. in the compulsory subjects will be the standard of qualification for passing; the optional subjects will however be taken into account for the order of merit. Students who pass the examination will proceed to H. M. Dockyard at Portsmouth, and those who fail will continue serving another year at Devonport. A second failure will involve dismissal from the service.

24. Students who fail at Devonport at the end of their third year of study, and join Portsmouth at the end of their fourth year, will be examined at the end of their sixth year of service, *i. e.* after two years' study at Portsmouth. In the event of their passing the examination they will be not lose time, but if they fail they will only be allowed one more opportunity of passing, viz: at the end of their seventh year of service.

25. Students will be examined as to their practical acquirements and knowledge of steam machinery and Shipbuilding respectively at the end of the fourth, fifth, and sixth years of their service by officers of the Admiralty. Prizes will be given annually at each Dockyard to the Students most highly reported on as regards their skill as Workmen. Practical Engineering and Shipbuilding respectively, will be considered an essential subject at Examinations, and in the lists showing the results of Examinations the numbers obtained in Practical subjects will be shown distinct from those obtained in Educational subjects. Students will not be eligible for entry, as Acting Assistant Engineers, or Acting Assistant Contructors, unless they obtain at least 50 per cent of the total number of marks for Practical Engineering or Shipbuilding on their final Examination, and also display a competent knowledge of the subjects taught in the Dockyard Schools.

26. The Educational Examination of Students at the end of their sixth year of study will be a qualifying one, and the subjects will be separated into two divisions, compulsory and optional. The qualifying standard for passing will be 40 per cent in the compulsory subjects.

27. The Examination of the Sixth Year Students in practical workmanship and knowledge of Engine-room duties, &c. is to be held at the Dockyard in time for the necessary Certificates to be forwarded to the Admiralty on or before the 23rd June in each year, and it will include tests of their skill as workmen.

28. Students who fail to pass the Examinations at the end of their sixth year will be allowed to continue serving another year at Portsmouth. A second failure at the end of the seventh year will involve dismissal from the Service. In no case will the limit of Seven years be exceeded.

29. The pay of a Student in the seventh year will be the same as during the sixth year, and the payment to be made by the Parent, or Guardian of the Student in the seventh year will also be the same as for the sixth year of service.

30. Students will not be entered as Acting Assistant Engineers, or Acting Assistant Constructors until they have been pronounced fit for Her Majesty's service by the Medical Officers, and have learned to swim.

31. Students who pass the Examinations described in Paragraphs 25, 26, 27 and 30 will be arranged in two Classes according to the Marks they obtain in the combined total for the compulsory and optional educational subjects and practical subjects. Those who obtain 50 per cent., or above, of the combined total, will have the privilege of proceeding to the Royal Naval College on the first of October succeeding the Examination, where they will pass through a course of higher instruction. The Engineer Students will be entered as Acting Assistant Engineers on the first of July of each year, and the Students in Naval Construction will be entered as Acting Assistant Constructors. Engineer Students who obtain 40 per cent. in the compulsory educational subjects referred to in Paragraph 26, but less than 50 per cent. of the combined total above mentioned, and also pass the Examinations mentioned in Paragraphs 25, 27 and 30, will be entered as Acting Assistant Engineers in H.M. Navy on the first of July of each year, and will be eligible to receive Third Class Certificates. They will not proceed to the Royal Naval College, but will remain in the Steam Reserve at Portsmouth to be appointed to H.M. ships as their services are required.

32. All the Acting Assistant Engineers will be confirmed at the end of twelve months time from the date of their entry into Her Majesty's Navy if their conduct and qualifications are reported satisfactory, and those at the Royal Naval College who obtain First and Second Class Certificates at the final Examination at the end of the first Session, will be allowed to count twelve months and six months' time respectively for promotion only.

33. In the event of the conduct and qualifications of any Acting Assistant Engineer not being reported satisfactory during his twelve months' probation or of his failing to pass satisfactorily at the final examination at the Royal Naval College, his commission will be withheld for six months, or for such other period as may be determined on by their Lordships.

34. The pay of Acting Assistant Engineers while at the Reserves will be 6s. a day, and they will receive 1s. 6d. a day in lieu of Provisions, &c. While at the Royal Naval College at Greenwich they will be provided with quarters, and during their first session they will be paid 6s. a day and 1s. 6d, a day towards the mess expenses.

35. Two Assistant Engineers will be selected annually from those who take the highest place at the Examination on the completion of their first course at Greenwich, to pass through a further course of scientific instruction if they desire it. These two will be allowed to study at the College for a second and third Session. They will receive 7s. 6d. a day, and 1s. 6d. a day towards the mess. On the completion of the third Session at the College they will be sent to Sea as Assistant Engineers, and, after one year's service at Sea they will be considered eligible to fill vacancies occurring in the civil appointments at the Dockyards and at the Admiralty.

36. Acting Assistant Constructors who, at the end of the first session at the Royal Naval College, fail to obtain a satisfactory report of their qualifications, will be required to withdraw from the Service, and forfeit a moiety of the bond unless the failure be due to sickness. The pay of the Acting Assistant Constructors until the completion of their training at the Royal Naval College will be the same as that of the Acting Assistant Engineers and Assistant Engineers of the same service.

Such Acting Assistant Constructors only as obtain first or second class professional Certificates on their final examination at the Royal Naval College will be admitted to the Corps, their first appointments being as Third Class Assistant Constructors. Those who obtain Third Class Certificates will not be admitted to the Corps, but will be eligible to receive appointments as draughtsmen in the Dockyards.

Every student entering the Royal Corps of Naval Constructors will be liable to serve at any foreign Naval Establishment the Admiralty may direct; he will also have to proceed to sea, if so required.

The period of service in the Third Class for all Assistant Constructors to be four years. If favourably reported on at the end of this period as to character, ability and industry, each officer will be eligible for promotion to the Second Class. Promotions from the Second Class to the First Class of Assistant Constructors will be by selection. Those officers who have taken First Class Certificates on their final examination at the Royal Naval College will be eligible for promotion to first class if favourably reported on after five years service reckoned from the date of leaving the College, and those who have obtained Second Class Certificates to be similarly eligible after seven years' service.

37. The Assistant Engineers who pass the Second and Third sessions at Greenwich will be attached during the vacations between the 30th June and 1st October to the Dockyards or Steam Reserves, where they will be employed sketching Machinery, attending trials of new and repaired Engines, and gaining such professional information as will be most useful to them for the purposes of Engine Design. The Assistant Constructors will also be attached to the Dockyards during the vacations, and will be employed on duties appertaining to their position.

38. An Assistant Engineer, or Assistant Constructor who is selected at the end of the first session at the Royal Naval College to remain for two more sessions at the College will be required before commencing the Second Session to enter into a Bond with Surety for the sum of £500 not to leave Her Majesty's service within seven years of the completion of the term at Greenwich. GOVERNMENT NOTICES.

NOTICE TO MARINERS.

No. 2 of 1888.

I. TORONTO RANGE LIGHTS.

The back range light at Toronto Harbor was moved before the opening of navigation in 1886. A correct description of the two range lights as now located is as follows:

The front range light tower stands upon the Queen's wharf, 37 feet from its extreme end; it is a hexagonal wooden building, painted white, and is 23 feet in height from the wharf to the top of the lantern.

Lat. N. 43° 38' 10"
Long. W. 79° 23' 45"

The light is fixed white, elevated 23 feet above the Lake, and should be visible 9 miles in the line of range, and over an arc of 90° on each side thereof.

This light was first established in 1856.

The back range light tower is on an extension shoreward of the wharf, it is distant 200 feet N. E. by N. ½ N. from the front range light, and 125 feet from the front line of the wharf. The tower is an octagonal wooden building, painted red, and is 35 feet high from the wharf to the top of the lantern.

The light is fixed red, elevated 37 feet above the Lake, and should be visible 8 miles in the line of range and over an arc of 90° on each side thereof.

This light was first established in 1838.

These two lights are maintained by the Toronto Harbor Commissioners. In range bearing N. E. by N. ½ N. they lead clear of the point of the Bar which runs south of and parallel to the wharf; the channel being about 300 feet wide with 13 feet water.

A fog bell rung by hand is attached to the front range light tower; during fog it is rung at frequent intervals, and in answer to signals from steamers.

A storm signal apparatus established in 1874 is located close to the front range light tower.

II. BUOYS IN TORONTO HARBOR.

The following buoys also are maintained by the Toronto Harbor Commissioners:

II. Red bell buoy (No. 4), moored in 8 fathoms water, outside the large sunken crib at the outer end of the Toronto Water Works Conduit. From it the lighthouse bears N. N. W. ¼ W.

III. Red can buoy numbered 6, moored in 8 fathoms water; from it the lighthouse bears N. ¾ W.

IV. Red can buoy numbered 8, moored in 8 fathoms water; from it the lighthouse bears N. by E. ½ E.

Between these two buoys (Nos. 1 and 16), is the dredged channel about 14 feet deep forming the western entrance to the harbor. The range of lights leads in between them.

X. There are six red spar buoys in 9 feet water on the face of the bank to the eastward of No. 16, defining the southerly limit of the dredged channel, which is about 300 feet wide. The northerly limit is defined by the wharves.

EAST CHANNEL.

XI. The East Channel into Toronto Harbor is buoyed as follows:—

A black spar buoy on a sunken boiler to the south of the gap; two black spar buoys on the west or port side of the gap in entering; two red spar buoys on the east or starboard side. NOTE.—The Citizens' Insurance Company of Canada has discontinued its Guarantee business and has reinsured its outstanding policies in the Guarantee Company of North America. The deposit on account of this branch is $11,000 Municipal Debentures still in the hands of the Receiver General.

The affairs of the *Briton Medical and General Life Association, London, Eng.*, are in litigation, orders having been made by Ontario and Quebec Courts, having for their object the winding-up of the affairs of the Company in Canada and the distribution of the deposit held by the Receiver General, which amounts to $103,370. The orders above referred to were both appealed; but the appeals have been withdrawn, and proceedings are now in progress for the winding up of the Company's Canadian affairs.

The license of the *Hand in Hand Insurance Company* expired on the 31st March, 1887, and has not been renewed owing to the fact that under "The Insurance Act," the privilege of obtaining a Dominion license in the case of Companies having Provincial charters is restricted to Companies which transact the business of Life Insurance. The Hand in Hand continues to transact Plate Glass insurance in Ontario under Provincial license, but has ceased to transact business in the other Provinces of the Dominion. The deposit of $5,000 is still in the Receiver General's hands.

The license to the *Life Association of Canada* expired on the 31st March, and has not been renewed. The statutory notices of application for withdrawal of its deposit have been given by the Company, and a portion thereof has been released; a balance sufficient in amount to cover the net surrender values of the policies in force has been retained by the Receiver General.

The Statutory notices of application for the withdrawal of the deposit of *The Briton Life Association (Limited)*, have been given by the Company.

IN THE EXCHEQUER COURT OF CANADA.

In the matter of an Act of Parliament of Canada, being chapter 39 of the Revised Statutes of Canada, intituled "An Act respecting expropriation of land," and of an Act of the Parliament of Canada passed in the 50th and 51st years of Her Majesty's Reign, chapter 17, intituled "An Act to amend the Revised Statutes, chapter 39, respecting the expropriation of lands."

And in the matter of those certain parcels or tracts of land being composed of portions of the north half of lot number eight and also of the south half of lot number eight, in the first range of the Township of Portland, in the County of Ottawa and Province of Quebec, hereinafter particularly described required for certain public works on the River du Lièvre.

PUBLIC notice is hereby given that there has been lodged in the office of the Registrar of the Exchequer Court of Canada, on the 5th day of January A.D. 1888, a notice to the said Registrar by the Minister of Public Works for Canada stating his readiness to pay over to the persons entitled thereto the sum of two thousand two hundred dollars, which in his opinion is sufficient compensation for the land or immoveable property expropriated for public purposes and described as follows, by the Provincial Land Surveyor, to wit:

All and singular those certain parcels or tracts of land, situate, lying and being No. eight in the first range of the Township of Portland East, in the County of Ottawa, Province of Quebec and Dominion of Canada, and "commencing on the undisputed side line between lots seven and eight in said first range at Portland East, at the point A on the plan filed with said Registrar as above mentioned, being at the distance of 1319 feet from the south east angle of said lot number eight, where a cedar post has been planted, thence I measured westward at right angles to the said side line on the bearing south eighty-nine degrees forty-two minutes west seven hundred and twenty-six feet, thence I measured on the bearing north eighteen minutes west parallel to said side line five hundred and twenty feet to the south-east angle of the land to be expropriated where I planted a cedar post and thence continued on the same bearing north eighteen minutes west, a distance of fifty feet to the shore of the River du Lièvre, and there I planted a cedar post and from thence I measured along the shore of said river against the stream on the bearing south eighty-nine degrees forty-two minutes west, a distance of one hundred feet, and there planted a cedar post, thence I measured fifty feet on the bearing south eighteen minutes east and there planted a cedar post, and from thence I measured one hundred feet on the bearing north eighty-nine degrees forty-two minutes east to the place of beginning at the south-east angle of the piece of land to be expropriated, which contains eleven hundredths of an acre and forms part of the south half of said lot number eight."

"Thence commencing on the north bank of the River du Lièvre where I planted a cedar post on the side line between said lots seven and eight, from thence I measured along said side line on the bearing north eighteen minutes west two hundred and seventy-six feet six inches to a cedar post at the division line between the north and south half of said lot number eight at the letter B on the said plan, and thence I measured said dividing line between the north and the south half on the bearing south eighty-three degrees forty-eight minutes west two thousand one hundred and twenty-eight feet six inches to the side line between lots eight and nine where I planted an oak post. Thence the River du Lièvre forms the boundary to the side line between lots seven and eight at the place of beginning. The area being enclosed five acres and three hundredths of an acre forming part of the south half of said lot number eight."

"Then commencing on the side line dividing said losts even and eight at the post dividing the north from the south half at the point B on the said plan, thence I measured north eighteen minutes west along said side line one hundred and fifty feet nine inches to a cedar post planted, thence I measured parallel to the said division line dividing said north and south half on the bearing south eighty-three degrees forty-eight minutes west, eight hundred and sixty feet and there planted a cedar post, thence at right angles with the last mentioned line on the bearing north six degrees twelve minutes west two hundred and fifty feet where I planted a cedar post, and from thence ran a line on the bearing south eighty-three degrees forty-eight minutes west, a distance of one thousand two hundred and twenty feet to the side line between lots eight and nine where I planted a cedar post, and from thence measured along the last mentioned side line on the bearing south two degrees fifty-seven minutes west four hundred and four feet to an oak post planted at the margin of the River du Lièvre and on the division line dividing the said north from the said south half of lot number eight, and from thence I measured along said division line two thousand one hundred and twenty-eight feet six inches to the place of beginning at the point B on the said plan. Thus enclosing fourteen and forty-three hundredths acres of land to be expropriated and forming part of the north half of said lot number eight."

That Her Majesty Queen Victoria has acquired title to the above described immoveable property under chapter 39 of the Revised Statutes of Canada respecting the expropriation of lands as amended by the Act 50-51 Vic. ch. 17, intituled "An Act to amend the Revised Statutes, ch. 39, respecting the expropriation of lands."

In consequence all persons entitled to the said hereinabove described land or immoveable property or any part thereof or representing or being the husbands of any persons so entitled or claiming to hold or represent incumbrances thereon or interested therein are called upon to file in the office of the Registrar of the Exchequer Court of Canada their claims or oppositions on or before the 20th day of February next and are notified that such claims or oppositions will be received and adjudged upon by this Court and that the proceedings herein will for ever bar all claims to the compensation money or any part thereof including any claim in respect of dower or of dower not yet open as well as in respect of all mortgages, hypothecs or incumbrances upon the said land or property.

H. T. HOLLAND.

A l'officier administrant

—

A LA COUR, AU CHATEAU D'OSBORNE, ILE DE WIGHT,

Le 24e jour de décembre 1887.

PRÉSENTE :

Sa Très Excellente Majesté LA REINE en conseil.

CONSIDÉRANT que par l'*Acte relatif aux déserteurs étrangers*, 1852, il est statué que lorsqu'il sera démontré à Sa Majesté que des facilités convenables sont ou seront données pour la reprise ou l'arrestation des marins qui désertent des navires marchands britanniques dans les territoires d'une puissance étrangère, Sa Majesté pourra, par arrêté en conseil établissant que ces facilités sont ou seront données, déclarer que les marins non-esclaves qui désertent des navires marchands appartenant à un sujet de cette puissance, lorsqu'ils seront dans les limites des possessions de Sa Majesté, pourront être arrêtés et renvoyés à bord de leurs navires respectifs, et pourra limiter l'opération de cet arrêté et en rendre l'opération sujette aux conditions et restrictions, s'il en est, qui seront jugées convenables ;

Et considérant qu'il a été démontré à Sa Majesté que des facilités convenables seront données pour la reprise et l'arrestation des marins qui désertent des navires marchands britanniques dans les territoires et les possessions de la République du Paraguay, en vertu d'un traité entre les gouvernements de la Grande-Bretagne et du Paraguay, signé à Assomption le 16 octobre 1884 :

A ces causes, il a plu à Sa Majesté, en vertu du pouvoir que lui confère le dit *Acte relatif aux déserteurs étrangers*, 1852, et par et de l'avis de son Conseil privé, ordonner et déclarer, et il est par le présent ordonné et déclaré, qu'à compter de la publication du présent arrêté dans la *London Gazette*, les marins, non esclaves ni sujets britanniques, qui, dans les limites des possessions de Sa Majesté, déserteront de navires marchands appartenant à la République du Paraguay, pourront être arrêtés et reconduits à bord de leurs navires respectifs.

Pourvu toujours que si un désertenr a commis un crime dans les limites des possessions de Sa Majesté, il puisse être détenu jusqu'à ce qu'il ait subi son procès devant une cour compétente, et jusqu'à ce que sa sentence, s'il en est prononcé, soit exécutée.

Et le Secrétaire d'Etat au département de l'Intérieur, le Secrétaire d'Etat pour les Colonies et le Secrétaire d'Etat pour l'Inde, en conseil, donneront les instructions nécessaires à l'exécution du présent.

Je vous prie de prendre les mesures pour publier la proclamation et l'arrêté en conseil en la manière ordinaire dans la colonie sous votre gouvernement.

PRÉSENTE :

Sa Très Excellente Majesté la REINE en conseil :

ATTENDU que ce jour il a été lu devant le conseil le projet d'une proclamation pour donner cours à certaines pièces de monnaie d'argent appelées "sixpences," portant un nouveau dessin qui y est désigné.

Et les lords commissaires de la Trésorerie de Sa Majesté donneront les instructions nécessaires à l'exécution du présent.

C. L. PEEL.

Projet de proclamation mentionné dans l'arrêté qui précède.

PAR LA REINE.

PROCLAMATION.

CONSIDÉRANT que par "l'Acte du Monnayage, 1870" il est (entre autres choses) statué qu'il Nous sera loisible, par et de l'avis de Notre Conseil Privé, de fixer de temps à autre, par proclamation, le dessin pour une pièce de monnaie.

En conséquence par et de l'avis de Notre Conseil Privé, Nous avons jugé à propos de fixer et d'ordonner que certaines pièces de monnaies appelées "sixpences" frappées et qui seront frappées à la Monnaie, et mentionnées dans la première annexe du susdit acte, du poids et du titre de fin spécifiés dans cette cédule, porteront les dessins suivants :

A sa face l'impression de Notre effigie avec l'inscription "Victoria Dei Gratia Britt : Regina F. Et considérant que des pièces de monnaie des descriptions susdites respectivement ont été frappées à Notre monnaie, et y seront frappées en conformité des ordres que Nous avons donnés à cet effet, Nous avons en conséquence jugé à propos, par et de l'avis de Notre Conseil Privé, d'émettre Notre présente proclamation royale, et par la présente Nous ordonnons, déclarons et commandons que les dites pièces de monnaie respectivement ainsi frappées, et qui seront frappées comme susdit, seront une monnaie courante et légale du Royaume-Uni de la Grande-Bretagne et d'Irlande, et que Notre proclamation royale deviendra exécutoire à la date d'icelle.

Donné à Notre cour à *Windsor*, ce vingt-huitième jour de novembre, en l'année de Notre Seigneur, mil huit cent quatre-vingt-sept, et la cinquante-unième de Notre règne.

CONSEIL PRIVÉ,
OTTAWA, 8 février 1888.

Je certifie, par les présentes, que les taux de péage qui précèdent, que se propose de prélever la Compagnie d'amélioration du haut de l'Ottawa durant la saison de 1888, ont été approuvés par Son Excellence le Gouverneur Général en conseil, le 8 février 1888.

JOHN J. McGEE,
Greffier, Conseil privé.

34-2

HOTEL DU GOUVERNEMENT, OTTAWA.

Mercredi, 1er jour de février 1888.

PRÉSENT:

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

ATTENDU que le ministre des Chemins de fer et Canaux fait rapport qu'en vertu des dispositions du tarif de taux de péage actuellement en force sur les canaux de la Puissance, établi par ordre en conseil du 23 juin 1888, il existe une différence peu désirable entre le fer et l'acier devant passer par les canaux du Saint-Laurent, le fer étant placé dans la 3ème classe, sur lequel 15 centins par tonne sont imposés, tandis que l'acier, n'étant pas placé dans une classe spéciale, est compris dans la "4ème classe," savoir, "tous autres articles non énumérés," sur lequel 20 cts par tonne sont imposés,—

Il a plu à Son Excellence en conseil, sur la recommandation du ministre des Chemins de fer et Canaux, et en vertu des dispositions de la 13ème section du chap. 37 des Statuts Revisés du Canada, intitulé "Acte concernant le ministère des Chemins de fer et Canaux," d'ordonner et il est par le présent ordonné, que le dit ordre en conseil du 23 juin 1883, établissant le tarif de taux de péage sur les canaux de la Puissance, soit et il est par le présent modifié de manière à placer "l'acier" dans la même catégorie que le "fer," réduisant ainsi la charge à 15 centins par tonne.

JOHN J. McGEE,
Greffier du Conseil Privé.

Nº 5 de 1888.

POSITION DE LA BOUÉE A GAZ DE LA STATION DE QUARANTAINE.

A compter de l'ouverture de la navigation en 1888, la bouée éclairée au gaz placée à l'extrémité ouest du banc de l'Ile Marguerite, fleuve Saint-Laurent en bas de Québec, dont il est fait mention dans l'Avis aux Marins No. 29 de 1887, sera ancrée sur un fond avec 20 pieds d'eau récemment découvert par le commandant Maxwell, M.R., à deux encablures au sud-ouest de l'ancien emplacement de la bouée-boîte rouge.

Long. O. 70° 39' 20"

A partir de la bouée à gaz l'extrémité de l'Ile Marguerite sera dans la direction N.E. $\frac{1}{4}$ E. distante $1\frac{3}{10}$ mille. La bouée-boîte rouge ne sera pas rétablie, mais si la bouée à gaz venait à être enlevée de sa station, une bouée-boîte rouge la remplacera.

Le fond que marque la bouée à gaz a quatre brasses d'eau tout autour, mais les navires qui entreront dans les limites de la quarantaine devront se tenir à l'ouest de la bouée.

NOTE.—La compagnie d'assurance des Citoyens du Canada a cessé de faire des opérations de garantie et a réassuré ses polices existantes dans la compagnie de garantie de l'Amérique du Nord. Le dépôt pour cette branche d'affaires est de $11,000 en bons de municipalités, somme qui est encore entre les mains du receveur général.

Les affaires de l'Association générale sur la vie *Briton Médical* de Londres, Ang., sont en liquidation, des ordres ayant été rendus par les cours d'Ontario et Québec, dans le but de régler les affaires de la compagnie en Canada, et la distribution du dépôt retenu par le receveur général, dépôt qui se monte à $103,370. Il y eu appel des deux ordres susdits, mais les appels ont été retirés, et des procédures se font maintenant pour régler les affaires canadiennes de la compagnie

Le permis de la Compagnie d'assurance *Hand in Hand* est expiré le 31 mars 1887, et n'a pas été renouvelé parce que sous "l'Acte des assurances" le privilège d'obtenir un permis fédéral dans le cas de compagnies ayant des chartes provinciales est restreint aux compagnies qui font des opérations d'assurance sur la vie. La *Hand in Hand* continue les assurances sur glaces dans l'Ontario en vertu d'un permis provincial, mais a cessé de faire des opérations dans les autres provinces du Canada. Le dépôt de $5,000 reste entre les mains du receveur général

Le permis de l'Association sur le vie du Canada est expiré le 31 mars, et n'a pas été renouvelé. Les avis exigés par la loi lorsqu'une compagnie veut retirer ses dépôts ont été donnés par la compagnie, et une partie en a été remboursée; le receveur général a retenu un montant suffisant pour couvrir la valeur nette de rachat des polices en vigueur.

Les avis exigés par la loi pour le retrait du dépôt de la *Briton Life Association* (*imLited*), ont été donnés par la compagnie.

ORDER IN COUNCIL.

GOVERNMENT HOUSE, OTTAWA.

Thursday, 12th day of January, 1888.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON the recommendation of the Superintendent General of Indian Affairs and under the provisions of the 54th section of chapter 43 of the Revised Statutes of Canada, intituled "An Act respecting Indians,"—

His Excellency in Council has been pleased to order, and it is hereby ordered, that the accompanying Regulations to govern the sale of timber on Indian Lands in the Provinces of Ontario and Quebec, be, and the same are hereby adopted and established.

1st. The Superintendent General of Indian Affairs may, at his discretion, cause the limit lines of any timber berths under license, which have not been already surveyed, or *when the lines of survey have been obliterated by fire or from other cause*, to be properly surveyed and run, the costs of such survey to be paid by the holder of the license ; and where two or more licensees are interested in the survey, the Superintendent General of Indian Affairs shall determine what portion of the costs of the survey shall be paid by each, and such costs of survey shall be a charge upon the timber berth, to be paid with the ground rent before renewal of the license.

2nd. The Superintendent General of Indian Affairs before granting any licenses for new timber berths in unsurveyed Indian Reserves or lands, shall cause such berths to be surveyed, and the Superintendent General of Indian Affairs may cause any Reserve or other Indian lands to be subdivided into as many timber berths as he may think proper.

3rd. The berths or limits when surveyed and set off, and all new berths or limits in surveyed territory, shall be explored and valued, and then offered for sale by public auction at the upset price fixed by such valuation, at such time and place, and on such conditions, and by such officer, as the Superintendent General of Indian Affairs shall direct, by public notice for that purpose, and shall be sold to the highest bidder for cash at the time of sale.

4th. All forfeited timber berths may be offered for sale by public auction, *and such sale shall be* at such upset price, and at such *time* and place as the Superintendent General of Indian Affairs may fix and appoint by public notice, and shall be awarded to the highest bidder making payment at the time of sale ; but should the said timber berth not be then sold, the same may be granted to any applicant willing to pay the said upset price and ground rent, or, on such other terms as the Superintendent General of Indian Affairs may direct.

5th. License-holders who shall have complied with all existing regulations, shall be entitled to have their licenses renewed on application to the Superintendent General of Indian Affairs.

6th. The Superintendent General of Indian Affairs shall keep a register of all licenses granted or renewed, and of all transfers of such licenses, and a copy of such register, with a plan of the licensed limits, shall be kept by the Indian Agent, or Indian Land Agent of the locality, and *shall be* open to public inspection.

7th. All transfers of timber berths shall be made in writing, but shall be subject to the approval of the Superintendent General of Indian Affairs, to whom they shall be transmitted for approval or rejection, and they shall be valid only from the time of such approval to be expressed in writing. *In all cases of transfer of limits or timber berths, they will be subject to the payment of two dollars per square mile for each limit or berth, and in proportion if only a part is transferred, or if the license holder takes in one or more partners with him.*

8th. Timber berths are to be described in new licenses as "not to interfere with prior licenses existing or to be renewed in virtue of regulations." When the description of any berth or boundary, as given by any license, clashes with the description of any other licensed berth or territory, the license of more recent origin (tracing back only to the time when such license or any previous license, of which it is a renewal, was first granted), shall give way, and the Superintendent General of Indian Affairs may amend or cancel such license wholly or in part, and substitute another in place thereof, so as to correct the description of the berth or limit intended to be licensed ; and in all cases where any license has issued in error or mistake, or is found to be inconsistent with any other license, or inconsistent or incompatible with the regulations under which it was granted, the Superintendent General of Indian Affairs may cause it to be cancelled, or amended, or he may refer all matters in dispute with reference to the boundaries and position of timber limits to arbitration, each of the contending parties to choose one arbitrator, and the Superintendent General of Indian Affairs shall appoint an umpire, naming a day on or before which the award of such arbitrators or of such umpire shall be made and delivered to the parties, and such award shall be binding on them.

9th. Timber cut on limits for which license has been suspended or held in abeyance, shall be considered as having been cut without authority and treated accordingly.

10th. Purchasers of Indian lands, who have not completed all the conditions of sale shall not, unless under Settler's License, or for clearing, fencing or building purposes on the said land, be permitted to cut timber or logs thereon, or to dispose of it to others. Persons found doing so shall be subject to the penalties established by law, for cutting timber on Indian lands without authority. *On all lands sold on or after the issue of a license, the licensee* may, *in virtue of said license, not cut any description of timber excepting merchantable pine and spruce, which he may continue to cut until the purchaser of the land shall have fulfilled all conditions of sale entitling him to a patent for the said land, when the right of the licensee to cut pine or spruce thereon shall cease; but it will rest with the purchaser to notify the licensee, and, if required to do so, to furnish sufficient proof to him that he has fulfilled such conditions of sale.*

11th. All timber licenses are to expire on the 30th of April next after the date thereof, and all renewals are to be applied for before the 1st of July following the expiration of the last preceding license ; in default whereof the berth or berths shall be treated as *de facto* forfeited.

12th. No renewal of any license shall be granted unless *the limit covered thereby has been properly worked during the preceding season, or sufficient reason be given under oath, and the same be satisfactory to the Superintendent General of Indian Affairs, for the non-working of the limit, and unless* or until the ground rent and all costs of survey, and all dues to the Crown on timber, saw-logs or other lumber cut under and by virtue of any license, other than the last preceding, shall have been first paid.

13th. All timber berths or limits shall be subject to an annual ground rent of $3 per square mile, payable in advance, before the issuing of any original license or renewal. *And, in computing the ground rent, no license shall be charged at less than eight miles of area.*

14th. All timber, saw-logs, wood or other lumber, cut under any license now in force, or under any license which may be hereafter granted, shall be subject to the following Crown dues, that is to say :

The duties on timber shall be charged upon the quantities shewn by the specification of measurement *furnished under oath by the licensee or his foreman to the Indian Agent for the locality, or to the Superintendent General of Indian Affairs*, or by other reliable measurement; but where such actual measurement cannot be obtained, each stick of white pine timber shall be estimated as containing 70 cubic feet, red pine as containing 38 cubic feet, oak 50 feet, and elm 45 feet, and all other wood as containing 34 cubic feet.

16th. All licensees or occupants of timber berths shall furnish through themselves, their agents, cullers and foremen, to such agent or agents as the Superintendent General of Indian Affairs may appoint for that purpose, and at such time and place as such agent or agents may require, satisfactory proof upon oath as to the exact locality where all the timber saw logs and other lumber in his or their possession were cut, giving the number of pieces and description of timber, saw-logs and other lumber including culls, cut by themselves and others to their knowledge upon each of the timber berths held or occupied by him or them respectively, designating what quantity, if any, had been cut on settlers' lands, giving the names of such settlers, the name of the township, and the number of each lot and concession, exhibiting at the same time for the inspection of such agent or agents, the books of count and measurement of such timber, saw-logs and other lumber under his or their control respectively ; and shall moreover furnish such agent or agents all required information and facilities to enable him or them to arrive at a satisfactory determination as to the quantity and description of timber, saw-logs and other lumber made by him or them, or held in his or their possession respectively, on which Government dues are chargeable ; and in the event of such agent or agents deeming it expedient to cause such timber, saw-logs and other lumber to be counted or measured, the said licensee or occupier of such timber berth, and his or their agents, cullers and foremen, shall aid and assist in such count or measurement, but should such licensee or occupier, or his or their agents, fail to comply with these conditions, such licensee shall forfeit all right to a renewal of his license, and the berth and limit shall become vacant. And to enable persons who sell their timber under settler's license to obtain their refund of dues, and timber cut on patented lands to pass duty free, it will be necessary for the parties interested to prove, on oath taken before such agent or agents, and to his or their satisfaction, the number of pieces and description of timber and saw-logs cut on each lot respectively. And in the event of such proof being deemed unsatisfactory, the said agent or agents may determine the same by causing a strict count of the stumps to be made, and then certifying according to such count.

17th. The Superintendent General of Indian Affairs or any authorized agent, shall at all times have free access to and be permitted to examine the books and memoranda kept by any licensee, shewing the quantity of lumber in board measure sawn by him from logs cut on his timber berth or berths, and failing to produce such books and memoranda when required so to do, will subject such licensee to a forfeiture of his right to a renewal of his license.

18th. When any license-holder is in default for, or has evaded the payment of dues to the Crown on any part of his timber or saw-logs, such dues may be levied on any other timber or saw-logs belonging to such defaulter, cut under license, together with the dues thereon.

19th. Before moving any raft or parcel of timber, lumber or saw-logs from the Indian Agency in which it has been cut, the owner or person in charge thereof, shall report the same to the Indian Agent for the locality, making, if required, declaràtion upon oath, as to where the said timber was cut, the number of pieces and description of each kind of wood contained in such raft or parcel of timber, and the number of cribs, stating at the same time the number and description of pieces cut on private lands, also on lands under settler's license, giving the names of the owners or licensees of such land, with the name of the townships and number of each lot and concession; and should such Indian Agent not be satisfied with the correctness of such report, he shall cause a strict count to be made of the timber in such raft; and on being satisfied of the correctness of such report or count, the Indian Agent may grant a clearance in due form, for such raft, stating the number of pieces and description of timber contained therein, distinguishing the timber cut on private lands under settler's license, from that cut on Indian lands or Reserve.

20th. The owner or holder of any such raft or parcel of timber shall, within twenty-four hours after the same shall have arrived at its destination at Quebec, Sorel, Montreal, or other port of sale or shipment, report the arrival of such raft to the Collector of Crown Timber dues, or if at Sorel or Montreal, to the Deputy Supervisors of Cullers; and should the said raft be found by the specification of measurement to contain a greater number of pieces of timber than is noted in the clearance, the surplus number of pieces, if not satisfactorily explained, shall be held as having been cut on Indian lands without authority, and subject to payment of dues accordingly.

21st. Parties omitting to obtain their clearance at such agency, or omitting to report the arrival of such raft at its destination as above mentioned, may be refused further license, and may be subject to forfeiture of the timber for evasion of regulations, as provided in Cap. 43 of the Revised Statutes of Canada.

22nd. Persons evading or refusing the payment of timber dues, or the final settlement of bonds or promissory notes for payment of such dues, or in default with the Indian Department or agent; also, persons taking forcible possession of disputed ground before obtaining decision in their favor, and persons refusing to comply with the decision of arbitrators or of the umpire, as provided by the 8th section of these Regulations, or with the Regulations established by Order in Council, or who forcibly interrupt surveyors in the discharge of their duty, shall be refused further licenses, and their berths shall be forfeited at the expiration of the then existing license.

23rd. Dues of all kinds on timber cut under license, remaining unpaid on the 30th November following the season in which it was cut, shall be subject to interest from that date, but without prejudice to the power of the Crown to enforce payment of such outstanding dues at any time the Superintendent General of Indian Affairs may think proper.

24th. Purchasers of Indian lands who have not completed all conditions of sales, and have not obtained their patents for such lands, cutting timber without license (except for clearing, building, or fencing thereon), or others doing so by their permission, shall be subjected to the penalties established by law for cutting timber without authority.

25th. Before the issue of any timber license, the licensee or licensees thereof shall furnish security by a bond of himself or themselves, and two responsible sureties, for such amounts as the Superintendent General of Indian Affairs may consider sufficient to ensure the proper working of the limit, the due fulfilment by him or them of the conditions of the license, and the due observance of all the regulations of the Department in respect to the timber to be cut. The giving of such security shall not, however, in any way prejudice the right of the Superintendent General of Indian Affairs, or his agent, to levy upon any timber cut or owned by the holder or holders of the license, or to cancel the said license should there appear to him to be sufficient cause for so doing.

26th. Licenses are to be granted on the following form, in triplicate, and the description of each berth is to be written on the back thereof, and is to be dated and signed by the Deputy Superintendent General of Indian Affairs, as well as the license itself—the duplicate to be kept of record by the local Indian Agent.

27th. FORM OF LICENSE.

License to cut Timber on Indian Lands.

(Royal Arms.)

By authority of the 43rd Chapter of the Revised Statutes of Canada and amendments thereto, and for and in consideration of the payments made, and to be made to the credit of Indian funds, I do hereby give unto and unto
agents and workmen, full power and license to cut
upon the location described upon the back hereof, and to hold and occupy the said location to the exclusion of all others, except as hereinafter mentioned:—from 18 to thirtieth day of April, 18 , and no longer; with the right of conveying away the said timber, through any ungranted or waste Indian lands.

That the dues to which the timber cut under its authority are liable, shall be paid as follows, namely:—

That all lots sold prior, and all lots sold subsequently, to the date hereof, and which have been settled upon and are being cleared for cultivation, shall be exempt from the operation of this license, excepting in so far as pine and spruce merchantable timber are concerned, which this license will continue to control until all conditions of sale have been fulfilled.

That any person or persons may under authority of the Superintendent General of Indian Affairs, at all times, make and use roads upon and travel over the ground hereby licensed.

That nothing herein shall prevent any person or persons having authority from the Superintendent General of Indian Affairs to do so, from taking standing timber of any kind to be used for the making of roads and bridges, or for Public Works.

And that persons settling under lawful authority or title within the location hereby licensed, shall not in any way be interrupted in clearing and cultivating by the said licentiate, or any one acting for
or by permission.

And further, upon condition that the said licentiate or
representatives shall comply with all regulations that are or may be established by Order in Council, and shall submit all the timber cut under this license to be counted or measured, and shall settle for the duties chargeable thereon when required by me or any officer thereunto authorized,—otherwise the said timber will be forfeited to the Crown, and the said

licentiate be subject to such other penalty or penalties as provided by law.

The timber limits comprehended by the within license consist of the following limits:

* * * * *

28th. All persons cutting timber on Indian lands or Reserve, without authority of license, will be punished as the law provides.

Persons hindering any officer or agent of the Department of Indian Affairs in the discharge of his duty in seizing timber illegally cut, or taking away, or causing to be taken away, any timber seized under the Act, cap. 43, Revised Statutes, Canada, are guilty of felony.

Parties cutting timber on Indian lands purchased by them on pretence of settlement, but really for the purpose of cutting the timber, are trespassers as above.

Railway companies, contractors and others, cutting without the authority of the Superintendent General of Indian Affairs timber for railway purposes on Indian lands and on lands sold but not yet patented, are also trespassers and subject to the same penalties.

29th. From and after the date of the passing of the present regulations, in cases of timber which although cut in trespass was so cut through error in good faith on Indian lands, by licentiates or other parties, it shall be lawful for the Superintendent General of Indian Affairs to exact in settlement of such wood goods a penalty equivalent to double, treble or quadruple the ordinary dues as established by tariff above, according to circumstances, besides costs of seizure and other expenses connected with all investigations into such trespasses.

30th. It shall be no longer permitted to cut, on Indian lands, pine trees measuring less than nine inches in diameter at the stump.

31st. TRANSFERS.

All limit owners are to notify the Superintendent General of Indian Affairs of any transfer which they may have effected, as soon as any transaction of the kind may have taken place; and should they fail to give due notification to the Superintendent General of Indian Affairs, he may rule the forfeiture of such license or licenses comprising the limit or limits so transferred.

32nd. Limit holders, in order to enable them to obtain advances necessary for their operations, shall have a right to pledge their limits as security without a bonus becoming payable. Such pledge, in order to effect the limit against the debtor, shall require to be noted on the back of the license by an authorized officer of the Department of Indian Affairs. But if the party giving such pledge should fail to perform his obligations towards his creditors, the latter, on establishing the fact to the satisfaction of the Superintendent General of Indian Affairs, may obtain the next renewal in his or their own name, subject to payment of the bonus, the transfer being then deemed complete.

33rd. Transfers of timber berths are to be in writing, and if not found objectionable by the Department of Indian Affairs, are to be valid from the date on which they may be deposited in the hands of the latter; but no transfer is to be accepted while the party transferring is in default for non-payment of dues on timber to the Crown.

SURVEYS.

34th. The Department of Indian Affairs shall, at the joint written request of conterminous license holders, issue instructions stating how the boundaries of such limits should be run to be in conformity with existing licenses. The surveys shall be performed at the expense of the parties requiring them, who must cause copies of the plans and field notes of the surveys to be delivered to the said Department subject to approval, to be paid for and kept of record by the Department.

Boundaries so established at the joint request of the parties interested shall be fixed and permanent and shall in no case be altered.

35th. If a limit holder refuses to join his neighbor to have the boundaries defined, the party wishing to have the survey made, shall be entitled to have it performed at his own expense, under instructions which shall be furnished to him for that purpose, as provided in the foregoing clause.

On the completion of the survey, notice of the same shall be given in writing to the adverse party at his residence or place of business. And if within one year after such notification, the adverse party shall have made no opposition to the same in the manner hereinafter prescribed, or if, having done so, such opposition has not been maintained, the boundary so surveyed shall be fixed permanently and irrevocably. But if within the space of one year from the date of such notice, the adverse party shews that he has sufficient reasons to doubt the exactness of such survey, and deposits in the hands of the agent of the Department of Indian Affairs, such sum of money as that Department may deem sufficient to cover all the expenses of a new survey, the Superintendent General of Indian Affairs shall name a surveyor to establish finally the boundary in dispute, and this second survey shall be binding upon the interested parties. All the expenses shall be borne by the applicant if his objections be not maintained. If, on the contrary, they be confirmed and the first survey be declared erroneous, the expenses shall be borne share and share alike by both parties.

36th. All limit lines or boundaries already established in virtue of official instructions, are hereby declared valid and permanent, if a report or field notes, or at least a plan describing such boundaries, have been fyled of record in the Department of Indian Affairs, and if, within the space of one year from the date such documents or plan were filed, their correctness be not disputed. If, on the contrary, within this delay one of the interested parties objects to them, a final survey shall be made as prescribed in the thirty-fifth clause of these presents, unless, however, the interested parties agree to have a final survey effected in virtue of the thirty-fourth clause.

Clerk Privy Council.

PUISSANCE DU CANADA.

ORDRE EN CONSEIL.

HOTEL DU GOUVERNEMENT, OTTAWA.

Jeudi, 12 janvier 1888.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

SUR la recommandation du Surintendant Général des affaires des Sauvages, et en vertu des dispositions de la 54ème section du chapitre 43 des Statuts revisés du Canada, intitulé "Acte concernant les Sauvages,"—

Il a plu à Son Excellence en conseil d'ordonner et il est par le présent ordonné, que les règlements suivants réglant la vente du bois sur les terres des Sauvages, dans les provinces d'Ontario et Québec, soient et ils sont par le présent adoptés et établis :—

1. Le Surintendant Général des Affaires des Sauvages aura le pouvoir discrétionnaire, de faire arpenter les lignes limitrophes de toute limite licenciée, non encore arpentée, ou dont les lignes d'arpentage auront été détruites par le feu ou par toute autre cause, les frais d'arpentage seront à la charge du porteur de la licence, et au cas où deux ou plusieurs possesseurs de licences sont intéressés, le Surintendant Général des Affaires des Sauvages devra déterminer la proportion des frais à être supportés par chacun d'eux, et ces frais constitueront une charge sur la limite à bois, et devront être payés en même temps que la rente foncière avant le renouvellement de la licence.

2. Avant d'accorder aucune licence pour de nouvelles limites à bois dans des terres ou réserves de Sauvages non encore arpentées, le Surintendant Général des Affaires des Sauvages, devra faire arpenter les dites limites, et il aura le pouvoir de faire subdiviser toute réserve ou autre terre de Sauvages en autant de limites à bois qu'il le jugera convenable.

3. Il sera fait une exploitation et une évaluation des limites quand elles auront été arpentées, ainsi que des limites dans un territoire déjà arpenté, elles seront ensuite mises en vente par encan public au prix fixé par l'évaluation, aux temps et lieu, et sujettes aux conditions, et par l'officier, désignés par le Surintendant des Affaires des Sauvages, par avis public à cet effet, et seront vendues au plus haut enchérisseur pour de l'argent comptant au temps de la vente.

4. Toutes limites confisquées pourront être offertes en vente par encan public, et telle vente devra se faire au prix fixé par évaluation, et aux temps et lieu qu'il plaira au Surintendant Général de fixer par avis public, et seront adjugées au plus haut enchérisseur effectuant le paiement lors de la vente ; mais au cas où la dite limite ne serait pas alors vendue, elle pourra être accordée à celui qui en fera la demande et qui consentira à payer le dit prix fixé par l'évaluation, ainsi que la rente foncière, ou à toutes autres conditions qu'il plaira au Surintendant Général des affaires des Sauvages d'imposer.

5. Les possesseurs de licences qui se seront conformés à tous les règlements en force, auront droit à faire renouveler leurs licences, sur demande par eux faite au Surintendant Général des affaires des Sauvages.

6. Il sera du devoir du Surintendant Général des Affaires des Sauvages de garder un registre de toutes licences accordées ou renouvelées, et de tous transferts des dites licences, et il sera du devoir de l'agent des Sauvages, ou de l'agent des terres des Sauvages de l'endroit de garder une copie de tel registre, avec un plan des limites licenciées, et telle copie devra être tenue à la disposition du public pour inspection.

7. Tous transferts de limites à bois devront être faits par écrit, mais sujets à l'approbation du Surintendant Général des Affaires des Sauvages, à qui ils devront être transmis pour être approuvés ou rejetés, et ils ne seront valides qu'à partir du moment de l'approbation qui devra être faite par écrit. Dans tous les cas de transferts de limites, ces transferts seront sujets au paiement de deux piastres par mille carré sur chaque limite, et en proportion, si une partie seulement de la dite limite est transférée, ou si le détenteur de licence s'adjoint un ou plusieurs associés.

8. Les limites à bois devront être désignées, dans les nouvelles licences, comme "ne devant pas affecter des licences antérieures ou devant être renouvelées en vertu des règlements."

Quand la description d'une limite ou ligne limitrophe, telle que donnée dans une licence, diffère de la description d'une autre limite ou d'un autre territoire, la license d'origine plus récente (remontant seulement au temps où telle licence, ou licence antérieure, dont elle est le renouvellement, a été accordée pour la première fois) sera mise de côté, et le Surintendant Général des Affaires des Sauvages aura le pouvoir d'amender ou d'annuler la dite licence en tout ou en partie, et en substituer une autre, de manière à corriger la description de la limite qu'on avait l'intention de licencier, et dans tous les cas où une licence a été émanée par erreur, ou est incompatible avec une autre licence, ou incompatible avec les règlements en vertu desquels elle a été accordée, le Surintendant Général des Affaires des Sauvages aura le pouvoir de la faire annuler, ou amender, ou il pourra référer toutes questions disputées, concernant les lignes limitrophes et la position des limites à bois, à l'arbitrage, chacune des parties en litige devant choisir un arbitre, et le Surintendant Général des Affaires des Sauvages en choisir un troisième, fixant un jour, le ou avant lequel la décision des arbitres sera rendue aux parties, et telle décision sera considérée comme finale.

9. Le bois coupé sur les limites dont la licence a été suspendue, ou n'a pas été encore émanée, sera considéré comme ayant été coupé sans autorité et sera traité en conséquence.

10. Il est défendu aux acquéreurs de terres des Sauvages, qui ne se sont pas conformés à toutes les conditions de la vente, d'y couper du bois ou des billots, ou d'en disposer en faveur d'autres personnes, à moins que ce ne soit en vertu d'une licence de colon, ou pour des fins de défrichement, de clôturage ou de construction. Les personnes prises sur le fait seront passibles des pénalités imposées par la loi, pour avoir coupé du bois sur les terres des Sauvages sans autorité. Sur toutes terres vendues à ou après l'émanation d'une licence, le licencié a le privilège, en vertu de la dite licence, de ne couper aucune espèce de bois excepté l'épinette et le pin marchands, qu'il peut continuer à couper jusqu'à ce que l'acquéreur de la terre ait rempli toutes les conditions de vente lui donnant droit à des lettres patentes, et à ce moment le droit du licencié de couper de l'épinette et du pin prendra fin, mais l'avis au licencié sera à la charge de l'acquéreur, et s'il en est requis, il devra fournir des preuves suffisantes pour établir qu'il a rempli les dites conditions de la vente.

11. Toutes licences de bois expireront le 30 avril, suivant la date du présent et toutes applications de renouvellement devront être faites avant le 1er de juillet suivant l'expiration de la dernière licence, à défaut de quoi les locations seront, *de facto*, considérées confisquées.

12. Il ne sera pas accordé de renouvellement de licence, à moins que les travaux convenables n'aient été faits sur la limite pendant la saison précédente, ou que des raisons suffisantes ne soient données, à la satisfaction du Surintendant Général des affaires des Sauvages, pourquoi les travaux n'ont pas été faits sur la limite, et à moins que la rente foncière et tous frais d'arpentage, et toutes sommes dues sur le bois, les billots ou autre bois coupé en vertu d'une licence autre que la précédente, n'aient été payés.

13. Toutes locations ou limites à bois seront sujettes à une rente foncière annuelle de $3 par mille carré, payable d'avance, avant l'émanation d'une licence ou d'un renouvellement. Et en calculant la rente foncière, aucune licence ne sera sujette à une rente moindre que celle de huit milles carrés.

14. Tout bois carré, billots ou autres bois, coupé en vertu d'une licence actuellement en force, ou en vertu d'une licence qui pourra être accordée ci-après, seront sujets au tarif suivant :—

Les droits sur l'érable et sur l'orme de marais, coupés en vertu d'une licence sur la Péninsule de Saugeen, ont été réduits à $1 00 par M pieds, mesure de planche, et $15.00 par M pieds cubes.

15. Les droits sur le bois seront chargés sur les quantités établies par la spécification de mesurage fournie par le licencié ou son surintendent à l'agent des Sauvages de la localité, ou au Surintendant Général des affaires des Sauvages, ou par tout autre mesurage reconnu,—mais dans les cas où il sera impossible d'obtenir le mesurage ci-haut, chaque morceau de pin blanc sera considéré comme contenant 70 pieds cubes, le pin rouge 38 pieds cubes, le chêne 50 pieds, et l'orme 45 pieds, et tout autre bois 34 pieds cubes.

16. Tous licenciés ou occupants de limites à bois devront fournir, par eux-mêmes, leurs agents, mesureurs ou surintendants, à l'agent ou aux agents nommés à cet effet par le Surintendant Général des affaires des Sauvages, et aux temps et lieux exigés par tel agent ou tels agents,—preuve satisfaisante concernant l'endroit où le bois et les billots en leur possession ont été coupés, donnant un état des quantités et qualités du bois et des billots, y compris les billots de rebut (culls) coupés par eux-mêmes ou par d'autres, à leur connaissance, sur chaque limite à bois occupée par lui ou eux respectivement, indiquant, s'il y a lieu, la quantité coupée sur les terres de colons, donnant les noms des dits colons, le nom du township, et le numéro de chaque lot et concession, produisant en même temps, pour être examinés par l'agent ou les agents, les livres de compte et de mesurage du bois et des billots sous son ou leur contrôle ; ils devront en outre fournir aux agents toutes autres informations et facilités requises pour leur permettre d'arriver à une décision satisfaisante relativement à la quantité et à la qualité du bois et des billots faits par lui ou eux, ou en sa ou leur possession respectivement, sur lesquels des droits du gouvernement sont payables ; et dans le cas où l'agent ou les agents jugeront nécessaire de faire compter et mesurer le bois et les billots, le licencié ou l'occupant de la dite limite à bois, ou leurs agents mesureurs et surintendants, devront aider à compter et à mesurer tel que mentionné ci-dessus ; mais au cas où le licencié ou occupant, ou leurs agents, ne rempliront pas ces conditions, le licencié perdra le droit au renouvellement de sa licence, et la limite deviendra vacante. Et pour permettre aux personnes qui vendent leur bois en vertu d'une licence de colon d'obtenir le remboursement des droits, et permettre au bois coupé sur des terres concédées par lettres patentes de passer en franchise, les parties intéressées devront prouver, sous serment prêté devant le ou les dits agents, et à leur satisfaction, la quantité et la qualité du bois et des billots coupés sur chaque lot respectivement. Et au cas où la preuve paraîtra insuffisante, le ou les dits agents pourra la compléter en faisant faire un examen sévère des souches et donner un certificat en conséquence

17. Le Surintendant Général des Affaires des Sauvages, ou tout agent autorisé, aura en tout temps accès aux livres et memoranda tenus par un licencié établissant la quantité de bois, en mesure de planche, scié par lui, des billots coupés sur sa limite à bois, et aura le pouvoir de les examiner, et à défaut de produire les dits livres et memoranda quand il en sera requis, il s'exposera à perdre le droit de renouvellement de sa licence.

18. Dans le cas où un licencié n'aurait pas payé ou aurait éludé le paiement des droits de coupe dus à la Couronne sur quelque partie de son bois ou de ses billots, ces droits peuvent être prélevés sur aucun autre bois à lui appartenant, coupé en vertu de licence, en sus des droits dus sur ce bois.

19. Avant d'enlever aucun radeau ou partie de radeau de bois carré, ou billots, de l'agence dans laquelle ce bois aura été coupé, le propriétaire ou la personne en charge du dit radeau devra en faire rapport à l'agent des Sauvages pour la localité, faisant, s'il est nécessaire, une déclaration sous serment, de l'endroit où le dit bois a été coupé, du nombre de morceaux de chaque espèce de bois contenu dans chaque radeau ou partie de radeau, du nombre de petits radeaux (cribs), mentionnant en même temps la quantité et la qualité des pièces coupées sur les terres des particuliers, ou sur des terres en vertu d'une licence de colon, donnant les noms des propriétaires ou des licenciés des dites terres, avec les noms des townships et le numéro de chaque lot et concession, et au cas où le dit agent des Sauvages ne serait pas satisfait de la justesse du rapport, il fera compter avec soin le bois contenu dans le dit radeau, et aussitôt satisfait de la justesse du rapport ou du compte, l'agent des Sauvages pourra accorder un certificat d'acquit, en due forme, pour le dit radeau établissant le nombre de morceaux et la description du bois qui y est contenu, établissant la différence entre le bois coupé sur des terres privées et en vertu de licences de colons, de celui coupé sur des terres ou réserves de Sauvages.

20. A l'arrivée de chacun de ces radeaux ou parties de radeaux à destination, à Québec, Sorel, Montréal ou autre port intermédiaire de vente ou de débarquement, le propriétaire ou celui qui en a la charge en fera, dans l'intervalle de vingt-quatre heures, le rapport au percepteur des droits sur les bois de la Couronne, ou si c'est à Sorel ou Montréal, au député surintendant des mesureurs de bois, et au cas où la spécification de mesurage se trouverait contenir un plus grand nombre de pièces de bois que celui mentionné dans l'acquit, le surplus sera considéré comme ayant été coupé sur les terres des Sauvages sans autorité, et sera en conséquence sujet au paiement des droits.

21. On pourra refuser d'émaner des licences aux personnes qui négligeront d'obtenir leur acquit à l'agence ou de faire rapport de l'arrivée du radeau à sa destination tel que mentionné plus haut, et ces personnes seront sujettes à la confiscation de leur bois pour infractions aux règlements, tel que pourvu au chap. 43 des Statuts Revisés du Canada.

22. Les personnes qui refuseront ou éviteront le paiement des droits sur leur bois, ou le règlement final des obligations ou billets promissoires pour le paiement d'iceux, ou qui seront en défaut avec le département ou l'agent des Sauvages, et les personnes qui prendront forcément possession de terrain en litige avant d'avoir obtenu une décision en leur faveur et ceux qui refuseront de se conformer aux décisions des arbitres ou aux règlements établis par ordre en conseil, ou qui troubleront forcément les arpenteurs, perdront leurs droits à d'autres licences et leurs locations seront confisquées à l'expiration de leurs licences.

23. Tous droits sur les bois coupés sous licence, qui n'auront pas été payés au 30 novembre suivant la saison pendant laquelle ils auront été coupés, seront sujets à l'intérêt à partir de cette date, sans préjudice aux pouvoirs qu'a la Couronne d'exiger le paiement de ces droits arriérés en aucun temps jugé convenable par le Surintendant Général des affaires des Sauvages.

24. Les acheteurs de terres des Sauvages qui n'ont pas complété les conditions de leurs ventes, et qui n'ont pas obtenu de lettres patentes pour les dites terres, qui y couperont du bois sans licence (si ce n'est pour faire de la terre, pour bâtir ou construire des clôtures) ou autres qui le feront par leur permission, seront passibles des pénalités imposées par la loi dans le cas de bois coupé sans licence.

25. Avant l'émanation d'une licence, le licencié ou les licenciés devront lui-même ou eux mêmes fournir un cautionnement, accompagné de deux cautions responsables, pour le montant considéré nécessaire par le Surintendant Général des affaires des Sauvages pour assurer les travaux nécessaires sur la limite, l'accomplissement des conditions de la licence et l'observation des règlements du département relativement au bois à être coupé. Le fait de fournir le dit cautionnement, n'enlèvera pas au Surintendant Général des affaires des Sauvages ou à son agent, le droit de prélèvement sur tout bois coupé par ou appartenant au détenteur ou aux détenteurs de la licence, ni le droit d'annuler la dite licence, au cas où il y aurait cause suffisante pour ce faire.

26. Les licences seront données dans la formule suivante, en triple, et la description de la licence devra être écrite au dos de la licence, et devra être datée et signée par le Surintendant Général des affaires des Sauvages, aussi bien que la licence même ; les doubles devront être gardés de record par l'agent des Sauvages de la localité.

27. FORME DE LA LICENCE.

Licence pour couper du bois sur les terres des Sauvages.

Par autorité du chap. 43 des Statuts Revisés du Canada, et ses amendements, et pour et en considération des paiements faits et qui seront faits au crédit du fonds des Sauvages, je, par le présent donne plein pouvoir et autorise
et agents et employés, à couper sur
la location désignée au dos des présentes, et à gardes et occuper la dite location à l'exclusion de tous autres, excepté comme ci-après mentionné :—à compter du 18 , au 30 avril 18 , avec le droit de transporter le dit bois à travers aucune des terres non occupées ou incultes des Sauvages.

Et en vertu de cette licence le dit licencié a droit, tel que prescrit par le dit Statut, à tout bois coupé par d'autres n'ayant pas droit au terrain assigné par les présentes, avec plein pouvoir de le saisir et de s'en emparer partout où il le trouvera dans la Puissance du Canada.

Mais cette licence est sujette aux conditions suivantes, savoir :—

Que les droits auxquels le bois coupé en vertu de la dite licence, est sujet, devront être payés comme suit, savoir :

Que tous les lots vendus antérieurement et ceux vendus subséquemment, à la date des présentes, qui ont été colonisés et défrichés en vue de culture, seront exemptées de l'opération de la présente licence, excepté quant à ce qui regarde le pin et l'épinette blanche marchands, qui demeureront sous le contrôle de la présente licence jusqu'à ce que les conditions de vente aient été remplies.

Que toute personne ou personnes pourra ou pourront en tout temps, avec l'autorisation du Surintendant Général des affaires des Sauvages, faire des chemins et s'en servir pour voyager sur et à travers le terrain accordé pour la présente licence.

Que rien dans la présente n'empêchera aucune personne ou personnes autorisées à cet effet par le Surintendant Général des affaires des Sauvages, de prendre aucun bois debout, de quelque sorte que ce soit, pour la construction de chemins ou ponts ou pour travaux publics.

Et que toutes personnes qui s'établiront, d'après une autorité ou titre légal, dans les limites de la location accordée par la présente licence, ne seront en aucune manière molestés dans leurs opérations de défrichement ou de culture, par le dit licencié, ou aucune autre personne agissant pour ou par permission.

Et à condition, en outre, que le dit licencié ou représentants se conformer à tous les règlements établis ou qui pourront l'être par ordre en conseil, et qu'il se soume tr à ce que tout le bois coupé sous cette licence soit compté ou mesuré, et qu'il paie les droits imposés sur icelui, lorsqu'il en ser requis par moi ou aucun officier à ce autorisé, autrement le dit bois sera confisqué au profit de la Couronne et le dit licencié sujet à telles autres pénalités imposées par la loi.

Député du Surintendant Général
des affaires des Sauvages.

Montant payable en accordant cette licence.	Bonus .... $ Rente foncière... $ Honoraire pour la licence ..... $

Le licencié ci-dessus nommé sera tenu avant de payer ou en payant la rente foncière et l'honoraire de renouvellement, si la licence est renouvelée, de déclarer sous serment s'il
encore le propriétaire de bonne foi de la limite pour laquelle une licence a eté accordée, ou s'il l' vendue ou transportée, en tout ou en partie, ou pour qui il la tien .

☞*Nous avons lu et compris la nature des obligations contenues dans la présente licence, et nous nous engageons conjointement et solidairement, nous et nos héritiers, exécuteurs, curateurs et administrateurs, à payer tous droits qui peuvent devenir dus à Sa Majesté, Ses Héritiers et Ses Successeurs, sur tout bois coupé ou acquis en vertu de cette licence, dans le cas où le licencié sus-nommé négligerait ou refuserait de les payer, ou de donner des cautions suffisantes pour le paiement d'iceux.*

....
....

Espèces et descriptions de bois à être coupé, et le taux de droits à être payés en vertu de cette licence.

* * * * *

Les limites à bois comprises dans la présente licence sont les suivantes :

* * * * *

28. Toutes personnes coupant du bois sur les terres publiques sans autorité de licence seront punies tel que pourvu par la loi :—

Toute personne résistant ou suscitant des entraves à aucun officier ou agent du département des affaires des Sauvages, dans l'exécution de son devoir en saisissant du bois coupé illégalement, ou enlevant ou faisant enlever du bois saisi en vertu de l'acte chap 43 des Statuts Revisés du Canada se rend coupable de félonie.

Les personnes qui coupent du bois sur des terres qu'elles ont achetées sous prétexte de les établir, mais en réalité dans le but d'en enlever le bois, se rendent coupables du même délit.

Les contracteurs de chemins à lisses et autres qui coupent ou font couper sur les terres publiques et sur les terres vendues, mais non patentées, du bois pour servir à la construction de chemins à lisses, se rendront coupables des mêmes délits que ci-haut et sont passibles des mêmes peines.

29. A dater de la passation des présents règlements, dans le cas où des bois quoique coupés en contravention à la loi, l'ont été de bonne foi par erreur sur les terres publiques par les détenteurs de licences ou toutes autres personnes, il sera permis au Surintendant Général des affaires des Sauvages d'exiger, en règlement des bois ainsi coupés, une pénalité équivalente à une somme, double, triple ou quadruple des droits ordinaires tels qu'établis par le tarif ci-haut suivant les circonstances, en outre les frais de saisie, et toutes autres dépenses encourues pour s'enquérir des faits relatifs aux bois ainsi coupés en contravention à la loi.

30. Il ne sera plus permis à l'avenir de couper sur les terres des Sauvages des arbres de pin mesurant moins de 9 pouces de diamètre sur la souche.

TRANSFERTS.

31. Tous les propriétaires de limites devront notifier le Surintendant Général des affaires des Sauvages des transferts qu'ils auront pu effectuer, aussitôt qu'une transaction de cette nature aura eu lieu, et s'ils manquaient d'en donner avis en temps voulu au Surintendant Général des affaires des Sauvages, il pourra alors ordonner la confiscation de telle licence ou licences comprenant la limite ou limites ainsi transférées.

32. Les possesseurs de limites, pour l'avantage de pouvoir obtenir les capitaux nécessaires à leurs opérations sur icelles auront le privilège d'affecter les dites limites en garantie sans répétition de bonus. Pour avoir sa valeur sur la limite contre le débiteur, cette garantie devra être notée sur le dos de la licence par un officier du Département des Affaires des Sauvages autorisé à cet effet. Mais, si la partie qui aura donné telle garantie ne remplit pas ses obligations envers le créancier, celui-ci, en établissant le fait à la satisfaction du Surintendant Général des affaires des Sauvages, pourra obtenir le renouvellement suivant de la licence en son propre nom, sujet au paiement du bonus, le transfert étant alors considéré parfait.

33. Les transferts de locations devront être faits par écrit; et, si le Département des affaires des Sauvages ou l'agent local les approuve, ils seront valides à dater du jour où ils auront été déposés entre les mains de ce dernier; mais aucun transfert ne sera accepté, si la personne faisant ce transfert, est arriérée dans ses paiements à la Couronne pour droits sur les bois.

ARPENTAGES.

34. Le département des affaires des Sauvages donnera, lorsqu'il en sera requis par des possesseurs de limites voisines conjointement, des instructions sur la manière d'arpenter et d'établir les limites de ces terrains pour être conformes aux licences actuelles. Les arpentages seront faits aux frais des requérants qui devront remettre au dit département, copies des plans, rapports et autres détails de ces arpentages pour être par lui examinés et approuvés. Ces copies seront payées et elles seront gardées de record par le département.

Les bornes ainsi établies, à la requisition des parties intéressées conjointement, seront fixes et permanentes et ne pourront être changées.

35. Dans le cas où un possesseur de limites refuserait de se joindre à son voisin pour faire arpenter une ligne limitrophe, celui qui désire l'arpentage aura le droit de le faire à ses propres frais en vertu d'instructions qui lui seront fournies à cet effet, tel que pourvu dans la clause qui précède.

Lorsque l'arpentage sera terminé, avis en sera donné par écrit à la partie adverse, à sa résidence ou à son bureau d'affaires. Et si, à l'expiration d'une année à partir de la date de la signification de tel avis, la partie adverse n'y a fait aucune opposition en la manière ci-après prescrite, ou si l'ayant faite, elle n'a pas été maintenue, la ligne ainsi arpentée sera permanemment et irrévocablement fixée. Mais si, dans l'espace d'une année à compter de la date de cet avis, ce dernier montre qu'il a des raisons suffisantes de douter de l'exactitude de cet arpentage, et dépose entre les mains de l'agent du département des affaires des Sauvages telle somme d'argent que celui-ci spécifiera comme étant suffisante pour couvrir toutes les dépenses d'un nouvel arpentage, le Surintendant Général des affaires des Sauvages nommera un arpenteur pour établir finalement la ligne limitrophe en dispute, et ce second arpentage sera obligatoire envers les parties intéressées. Toutes les dépenses en seront supportées par le réclamant, si ces objections ne sont pas soutenues. Si, au contraire, elles sont confirmées, et le premier arpentage est déclaré erroné, les dépenses seront supportées à parts égales par les deux parties.

36. Toutes les lignes ou bornes de limites déjà établies en vertu d'instructions officielles sont par le présent déclarées valides et permanentes, si un rapport ou des notes d'arpentage ou au moins un plan les désignant, ont été filés de record dans le département des affaires des Sauvages, et si dans l'espace d'une année à compter de la date à laquelle ces documents ou plans ont été filés, il ne soit fait aucune réclamation contre leur exactitude. Si au contraire dans le cours de ce délai, une des parties intéressées réclame, il sera fait un arpentage final tel que prescrit dans la 35ème clause des présentes, à moins toutefois que les parties intéressées ne s'arrangent entre elles pour faire faire un arpentage final en vertu de la clause 34ème.

DOMINION OF CANADA.

CHAMBER OF THE SENATE.

Ottawa, Thursday, 23rd February, 1888.

This day, at Three o'clock P.M., His Excellency the Governor General proceeded in state, to the Chamber of the Senate, in the Parliament Buildings and took His Seat upon the Throne. The Members of the Senate being assembled, His Excellency was pleased to command the attendance of the House of Commons, and that House being present, His Excellency was pleased to open the Second Session of the Sixth Parliament of the Dominion of Canada, with the following Speech :—

Honourable Gentlemen of the Senate :

Gentlemen of the House of Commons :

It affords me much gratification to meet you once more at the commencement of the Parliamentary Session, and to congratulate you upon the general prosperity of the country.

Although the labours of the husbandman have not been rewarded in some portions of the Dominion by an adequate return, the harvest of last year has on the whole been plenteous, while in Manitoba and the North West Territories it was one of remarkable abundance.

The negotiations between Her Majesty's Government and that of the United States for the adjustment of what is known as "The Fishery Question" have, I am pleased to inform you, resulted in a Treaty which will, I venture to hope, be considered by you as honourable and satisfactory to both nations.

PUISSANCE DU CANADA.

CHAMBRE DU SENAT.

Ottawa, Jeudi, 23 *février* 1888.

Aujourd'hui, à Trois heures P.M., Son Excellence le Gouverneur Général s'est rendue avec le cérémonial ordinaire, à la Chambre du Sénat, dans l'édifice du parlement, et a pris son siège sur le Trône. Les membres du Sénat étant assemblés, il a plu à Son Excellence d'y faire requérir la présence des Communes, et cette Chambre s'y étant rendue, Son Excellence a ouvert la Deuxième Session du Sixième Parlement de la Puissance du Canada, par le discours suivant :—

Honorables messieurs du Sénat :

Messieurs de la Chambre des Communes :

C'est pour moi une grande satisfaction de vous rencontrer encore une fois, au commencement de la session parlementaire, et de vous féliciter sur la prospérité générale du pays.

Bien que, dans certains districts, la terre n'ait pas suffisamment rémunéré les travaux du cultivateur, néanmoins, dans leur ensemble, les récoltes de l'année dernière ont produit beaucoup ; elles ont même été d'une abondance remarquable dans le Manitoba et les Territoires.

J'ai le plaisir de vous informer que les négociations entre le gouvernement de Sa Majesté et celui des Etats-Unis pour le règlement de la " question des pêcheries " ont abouti à un traité que vous jugerez, j'ose l'espérer, honorable et satisfaisant pour les deux nations.

The Treaty, with the papers and correspondence relating thereto, will be laid before you, and you will be invited to adopt a measure to give effect to its provisions.

The extension and development of our system of railways have not only rendered necessary additional safeguards for life and property, but have given greater frequency to questions in which the interests of rival companies are found to be in conflict, and to require authoritative adjustment. As further legislation appears to be needed for these purposes, a measure will be submitted to you for the consolidation and improvement of "The Railway Act."

Experience having shown that amendments are required to make the provisions of the Act respecting Elections of the Members of the House of Commons more effective and more convenient in their operation, you will be asked to consider a measure for the amendment of that Statute.

The Act respecting Controverted Elections may likewise require attention with a view to the removal of certain questions of interpretation which have arisen and which should be set at rest.

My Government has availed itself of the opportunity afforded by the recess to consider the numerous suggestions which have been made for improving the details of the Act respecting the Election Franchise, and a measure will be submitted to you for the purpose of simplifying the law and greatly lessening the cost of its operation.

The growth of the North West Territories renders expedient an improvement in the system of government and legislation affecting those portions of the Dominion, and a bill for that purpose will be laid before you.

A Bill will be submitted to you to make a larger portion of the modern laws of England applicable to the Province of Manitoba and to the North West Territories in regard to matters which are within the control of the Parliament of Canada but which have not as yet been made the subject of Canadian legislation.

Among other measures, Bills will be presented to you relating to the Judiciary, to the Civil Service Act, and to the audit of the Public Accounts.

Gentlemen of the House of Commons:

The accounts for the past year will be laid before you as well as the estimates for the ensuing year. They have been prepared with a due regard to economy and the requirements of the public service.

Honourable Gentlemen of the Senate:

Gentlemen of the House of Commons:

I commend these important subjects and all matters affecting the public interests which may be brought before you to your best consideration, and I feel assurred that you will address yourselves to them with earnestness and assiduity.

Le traité, avec les pièces et la correspondance qui s'y rattachent, vous sera soumis et vous serez invités à lui donner effet par une loi.

Le développement du réseau de nos chemins de fer non seulement nous fait une nécessité d'assurer plus de protection à la vie des personnes et à la propriété, mais il a rendu plus fréquentes les questions où les intérêts des compagnies rivales se trouvent en conflit et où l'autorité doit prononcer. Il paraît donc nécessaire de pourvoir à ces choses, et il vous sera présenté un projet de loi à l'effet de refondre et d'amender l'Acte des chemins de fer.

L'expérience ayant démontré le besoin de modifier l'Acte concernant l'élection des membres de la Chambre des Communes, afin d'en rendre le fonctionnement plus efficace et plus aisé, vous serez appelés à étudier un bill amendant ce statut.

L'acte concernant les élections contestées peut aussi demander votre attention afin d'écarter certains doutes qui devraient disparaître dans l'interprétation de la loi.

Mon gouvernement a profité de la vacance pour mettre à l'étude les nombreuses propositions qui ont été faites à l'effet d'amender dans ses détails l'acte du cens électoral et il vous soumettra un projet qui simplifie cette loi et en diminue beaucoup les frais de fonctionnement.

Vu la croissance rapide des Territoires du Nord-Ouest, il est devenu expédient d'améliorer le système de gouvernement et de législation de cette partie de la Confédération, et un bill à cet effet vous sera soumis.

Il vous sera aussi présenté un projet de loi appliquant au Manitoba et aux Territoires du Nord-Ouest une partie plus considérable des lois anglaises modernes, dans les matières qui sont du ressort du parlement du Canada, mais qui n'ont pas encore été l'objet de législation dans ce parlement.

Entre autres sujets il vous sera présenté des projets de loi relatifs à la magistrature, à l'acte du service civil, à la vérification des comptes publics.

Messieurs de la Chambre des Communes:

Les comptes de l'année écoulée vous seront soumis ainsi que les prévisions budgétaires pour l'année prochaine. Elles ont été préparées avec économie sans perdre de vue les besoins du service public.

Honorables Messieurs du Sénat:

Messieurs de la Chambre des Communes:

Je vous recommande l'étude de ces importantes matières et de toutes autres d'un intérêt public qui pourraient vous être soumises, certain d'avance que vous vous y consacrerez avec zèle et assiduité.

CHAPTER 67.

An Act to amend the Superannuation Acts, 1834 and 1859; and for other purposes.

[16th September, 1887.]

Be it enacted by the Queen's most Excellent Majesty, by and with the advice and consent of the Lords Spiritual and Temporal, and Commons, in this present Parliament assembled, and by the authority of the same, as follows:

Grant of gratuity or allowance to injured civil servant.

1.—(1) Where a person employed in the civil service of the state is injured—
(*a*) in the actual discharge of his duty; and
(*b*) without his own default; and
(*c*) by some injury specifically attributable to the nature of his duty,
the Treasury may grant to him, or, if he dies from the injury, to his widow, his mother, if wholly dependent on him at the time of his death, and to his children, or to any of them, such gratuity or annual allowance as the Treasury may consider reasonable, and as may be permitted by the terms of a warrant under this section.

(2.) The Treasury shall forthwith after the passing of this Act frame a warrant regulating the grant of gratuities and annual allowances under this section, and the warrant so framed shall be laid before Parliament.

(3.) Provided that a gratuity under this section shall not exceed one year's salary of the person injured, and an allowance under this section shall not, together with any superannuation allowance to which he is otherwise entitled, exceed the salary of the person injured, or three hundred pounds a year, whichever is less.

Power to grant retiring allowance to persons removed.

2.—(1.) Where a civil servant is removed from his office on the ground of his inability to discharge efficiently the duties of his office, and a superannuation allowance cannot lawfully be granted to him under the Superannuation Acts 1834 and 1859, and the Treasury think that the special circumstances of the case justify the grant to him of a retiring allowance, they may grant to him such retiring allowance as they think just and proper, but in no case exceeding the amount for which his length of service would qualify him under sections two and four of the Superannuation Act, 1859, without any addition under section seven of that Act.

(2.) A minute of the Treasury granting an allowance under this section to any civil servant shall set forth the amount of the allowance granted to him, and the reasons for such allowance, and shall be laid before Parliament: Provided that the Treasury before making the grant shall consider any representation which the civil servant removed may have submitted to them.

Reckoning of temporary services.

3. Where a person at the time he becomes a civil servant within the meaning of this Act is serving the State in a temporary capacity, the Treasury may, if in their opinion any special circumstances of the case warrant such a course, direct that his service in that capacity may be reckoned for the purposes of the Superannuation Acts, 1834 and 1859, and this Act, as service in the capacity of a civil servant, and it shall be so reckoned accordingly.

Compassionate gratuity on retirement of person not entitled to superannuation.

4. If a person employed in any public department in a capacity in respect of which a superannuation allowance cannot be granted under the Superannuation Act, 1859, retires, or is removed from his employment, and
(*a*) the employment is one to which he was required to devote his whole time, and
(*b*.) the remuneration for the employment was paid entirely out of moneys provided by Parliament, and
(*c*.) he has served in the employment for not less than seven years, if he is removed in consequence of the abolition of his employment, or for the purpose of facilitating improvements in the organisation of the department by which economy can be effected, or for not less than fifteen years if his retirement is caused

from infirmity of mind or body, permanently incapacitating him from the duties of his employment,

the Treasury may, if they think fit, grant to him a compassionate gratuity not exceeding one pound or one week's pay, whichever is the greater, for each year of his service in his employment.

5. A person shall not be entitled to reckon the same period of time both for the purpose of a superannuation allowance under the Superannuation Acts, 1834 and 1859, and this Act, and also for the purpose of naval or military non-effective pay.

Regulations as to officers receiving half-pay or retired pay

6.—(1.) The Treasury may, within one month after the passing of this Act, frame rules as to the conditions on which any civil employment of profit under any public department as defined by this Act, or any employment of profit under the Government of any British possession, or any employment under the Government of any Foreign State may be accepted or held by any person who is in receipt of or has received any sum granted by Parliament for the pay, half pay, or retired pay of officers of Her Majesty's naval or land forces, or otherwise for payment for past service in either of such forces, or who has commuted the right to receive the same, and as to the effect of such acceptance or holding on the said pay or sum, and the Treasury may in such rules provide for the enforcement thereof by the forfeiture, suspension, or reduction of any such pay or sum as aforesaid, or of any commutation money or remuneration for such employment.

(2.) Such rules shall also provide for the returns to be laid before Parliament of such officers accepting employment as are affected by the rules, and shall come into operation at the date of the passing of this Act.

(3.) The rules shall be laid before both Houses of Parliament forthwith.

(4.) For the purposes of this section "British possession" means any part of Her Majesty's dominions out of the United Kingdom, and this section shall apply to Cyprus as if it were a British possession.

Provision as to lunatics.

7.—(1.) Where any sum in respect of pay, pension, superannuation, or other allowance or annuity is due in respect either of service as a civil servant, or of military or naval service, to a person who is a lunatic, whether so found by inquisition or not, such sum may be from time to time applied for his benefit by the prescribed public department in such manner as the department think expedient.

(2.) Where any annuity, whether pension, superannuation, or other allowance, is payable out of moneys provided by Parliament to a person in respect either of service as a civil servant or of military or naval service, and such person is or becomes a lunatic towards whose maintenance a contribution is made out of money provided by Parliament, then as long as the contribution is made his annuity shall be reduced by an amount equal to that contribution, and if the amount of the contribution exceeds the amount of the annuity, the annuity shall cease to be payable.

Distribution of money not exceeding 100l. without probate.

8. On the death of a person to whom any sum not exceeding one hundred pounds is due from a public department in respect of any civil pay, superannuation, or other allowance, annuity or gratuity, then, if the prescribed public department so direct, but subject to the regulations (if any) made by the Treasury, probate or other proof of the title of the personal representative of the deceased person may be dispensed with, and the said sum may be paid or distributed to or among the persons appearing to the public department to be beneficially entitled to the personal estate of the deceased person, or to or among any one or more of those persons, or in case of the illegitimacy of the deceased person or his children, to or among such persons as the department may think fit, and the department shall be discharged from all liability in respect of any such payment or distribution.

Decision of Treasury.

9. The decision of the Treasury on any question which arises as to the application of any section of this Act to any person, or as to the amount of any allowance or gratuity under this Act, or as to the reckoning of any service for such allowance or gratuity, shall be final.

Saving for existing interests.

10. Nothing in this Act shall be construed so as in any way to interfere with the rights existing at the passing of this Act of any civil servant then holding office.

Laying of warrant and minutes before Parliament.

11. Every warrant and minute under this Act which is required to be laid before Parliament shall be laid before both Houses of Parliament in manner provided by section thirteen of the Superannuation Act, 1859.

Copy of the Rules drawn up by the Treasury under Clause 6 of the Superannuation Acts Amendment Bill of this Session.

RULES UNDER SECTION 6 OF THE SUPERANNUATION ACT, 1887.

Whereas by the Superannuation Act, 1887, the Commissioners of Her Majesty's Treasury are authorised to frame rules as to the conditions on which any civil employment of profit under any public department or any employment of profit under the Government of any British Possession, or any employment under the Government of any foreign State, may be accepted by any person who is in receipt of any sum granted by Parliament for the pay, half-pay, or retired pay of officers of Her Majesty's naval or military forces, regular or auxiliary, or otherwise, for past service in such forces; or who has commuted the right to receive the same or has retired with a gratuity; and otherwise, as in the said Act mentioned:

And whereas the general principle adopted by Parliament has been that where any person receiving non effective pay on account of service to the State accepts fresh State employment, the State should benefit by some saving upon the sums otherwise payable to such person on account of his non-effective pay and of the emoluments of his fresh employment:

And whereas such saving has been heretofore effected by means of a reduction of the non effective pay, and it appears to the Commissioners of Her Majesty's Treasury expedient that in the case of officers accepting certain civil employments of profit, such saving should be effected by reduction of the emoluments of the fresh employment instead of by reduction of the non effective pay:

Now, therefore, the Commissioners of Her Majesty's Treasury, in pursuance of the powers conferred on them by the Superannuation Act, 1887, and of every other power enabling them in this behalf, do hereby make the following rules:—

In these rules:—

1. (*a.*) The expression "non-effective pay," shall mean any half-pay or retired pay, or other payment granted by Parliament for officers in Her Majesty's naval or land forces, on account of past service in some portion of those forces, but does not include rewards for distinguished or meritorious service, nor pensions for wounds.

(*b.*) The expression "civil employment of profit under any public department," means any employment the profits of which are derived from any of the following funds which are hereby declared to be public funds, viz:—

- *a.* The Consolidated Fund.
- *b.* Money voted by Parliament, or receipts taken in reduction of such money.
- *c.* Land or hereditary revenues of the Crown.
- *d.* Crown revenue of the Channel Islands.
- *e.* Mercantile Marine Fund.
- *f.* Funds of Greenwich or Chelsea Hospital.
- *g.* Any other fund which, either from its being administered by a public department, or from its receiving a contribution out of any of the above-mentioned funds, the Treasury may from time to time determine to be a public fund;

but does not include any such employment as the Treasury, having regard to the regulation of the Admiralty and the War Department, determine to be a naval or military employment.

(*c.*) The expression "naval" shall include "marine," and the expression "navy" shall include the marines.

(*d.*) The expression "officer" shall mean any officer who holds or has retired from a commission in any of the Imperial forces, or who has retired with a gratuity or upon non effective pay, whether he have commuted such non-effective pay or not.

(*e.*) The expression "Imperial forces" means Her Majesty's Imperial, naval or land forces.

(*f.*) The expression "Colonial Government" means the Government of any Colony, and includes the Government of Cyprus.

(*g.*) Other expressions have the same meaning as in the Superannuation Act, 1887.

I.—Acceptance of office.

2. An officer who is on the half-pay or retired list, or who has commuted his non-effective pay, or retired from the Imperial forces with a gratuity, before accepting any civil employment of profit under any public department or any employment of profit under the Government of any British Possession, or any employment under the Government of any foreign State, shall obtain the consent of the Admiralty or the War Department, as the case may be, and the continuance of such consent shall be a condition of his holding such employment; and such consent, when given, and a withdrawal of such consent, shall be communicated by the giver to the Treasury.

3. If any officer fail to obtain such consent, or if he continues to hold such employment after the consent is withdrawn, he shall be liable to have his non-effective pay suspended or reduced, either permanently or temporarily, according as the Treasury may direct, and if he have commuted such pay or retired with a gratuity, shall be liable to pay to Her Majesty the amount of commutation money or gratuity, or such portion thereof as the Treasury may direct.

II.—Receipt of naval or military non-effective pay by an officer holding a civil employment of profit.

4. If any such officer as is mentioned in Rule 2 accept any civil employment of profit under any public department (other than in Her Majesty's Household), and such officer either continues whilst holding the said employment to draw any non-effective pay, or has commuted such pay, or has retired with a gratuity from Navy or Army funds, the profits of his civil employment shall be subject to abatement under the following conditions:—

(*a.*) If the annual amount of his non-effective pay, whether in actual course of payment or commuted or represented by a gratuity valued as hereinafter mentioned, and the profits of his civil employment together exceed 400*l.* per annum, the profits of his civil employment shall be abated by such an amount, not being less than 10 per cent. thereof, as may be determined by the Treasury in concert with the department employing the officer; provided that no abatement shall be made by reason of this rule, which exceeds the amount of the officer's non-effective pay or reduces his total emoluments to less than 400*l.* per annum.

(*b.*) For the purposes of sub-section (*a*) the annual value of non-effective pay which has been commuted shall be the amount of such pay at the time of commutation, and the value of a gratuity shall be determined, actuarially, according to the prospects of life of the officer at the date of his receipt of such gratuity.

5. (1.) It shall be competent to the Treasury, on the recommendation of the Admiralty or War Department, as the case may be, from time to time to exempt any civil employment under a naval or military department, from the operation of Rule 4, or to bring the same back within its operation.

(2.) It shall be competent to the Treasury from time to time to exempt any other civil employment from the operation of Rule 4, for such time as they may deem fit, on the ground of such employment being of a temporary or casual character, or of its profits being petty or uncertain, or of the nature of fees for piecework.

6. In case of doubt arising either as to whether the funds from which the profits of a civil employment are derived are public funds or as to what is, for the purposes of Rule 4, the annual value of non-effective pay, or of a gratuity, or of the profits of a civil employment, the decision on the point shall rest with the Treasury.

7. No such officer as is mentioned in Rule 2 shall accept any civil employment of profit under any public department, otherwise than on condition that no pension shall be granted to him in respect of that employment, which, when added to his non-effective pay, shall exceed two thirds of the emoluments of that employment, or a total of 1,000*l.* a year, whichever may be the greater.

But, if such officer's civil employment have been declared, by order under Section 4 of the Superannuation Act, 1859, to be a professional office, he may, subject to the above limitation of the amount of pension, elect on his retirement:

(*a.*) Either to retain his non-effective pay, together with a pension calculated on his actual service in the professional office, or;

(*b.*) To relinquish his non-effective pay, and to receive a pension calculated on **his** actual service in the professional office, together with the addition of years granted by the order.

8. Nothing in these rules shall abridge or supersede any power of abatement of an officer's non-effective pay or emoluments possessed in other respects by the Treasury, or by any other public department.

9. A return shall be laid before Parliament in every year of the number of officers who, having non-effective pay, or having commuted their non-effective pay, or having retired on a gratuity from Navy or Army funds, have been granted by the Admiralty or War Department permission, under Rule 2, to hold any civil employment of profit under a public department, specifying the names of such officers and the respective amounts of their non-effective pay and their emoluments, and the abatement, if any, made therefrom, and distinguishing the officers to whom such permission has been granted since the conclusion of last return.

III.—Employment of naval or military officers by colonial Governments (exclusive of the Government of India.)

10. If an officer on the Active List now holds, or shall hereafter accept, any employment of profit under any Colonial Government, not remunerated out of Imperial funds, he shall draw no pay, effective or non-effective, from Imperial funds so long as he holds that employment; but if his employment appears to the Admiralty or War Department to be of a nature to afford practical experience likely to be afterwards of public advantage in the event of his return to Imperial service, his service under the Colonial Government may, if the Admiralty or War Department think fit, count towards promotion and retirement, as though it were service in the Imperial Forces, and in that case the retired pay earned by his Colonial service whilst he remains on the said Active List will in due course be chargeable on Imperial funds.

11. An officer on the Active List shall accept and hold any employment of profit under a Colonial Government on condition only that the employment does not, in the absence of exceptional circumstances, last for a period exceeding five years, and is not renewed.

12. If an officer retire from the Imperial Forces whilst he holds an employment of profit under a Colonial Government, he may at once draw so much of his retired pay as was earned by Imperial service before his entering the Colonial service; and upon his retirement from the Colonial service he may also draw the retired pay earned by so much of his Colonial service as preceded his retirement from the Imperial Forces[*]

13. If an officer on the Retired List now holds, or shall hereafter accept, an employment of profit under a Colonial Government, his retired pay, even though earned by mixed Imperial and Colonial service, shall not be suspended in whole or in part, by reason of such employment, unless the Admiralty or War Department think fit otherwise to order; and any such order may be carried into effect.

14. Service under a Colonial Government subsequent to an officer's retirement from the Imperial Forces, shall not increase the charge for his non-effective pay upon Imperial funds.

IV.—Saving Clauses.

15. If any officer who is on the half-pay or retired list, or who has commuted his non-effective pay, or retired from the Imperial forces with a gratuity, accepts or holds any civil employment of profit under any public department, or any employment under the Government of any British Possession, and is not subject to Rule 4, or is not subject to Rules 13 to 14, both inclusive, he shall accept and hold such employment on condition that he does not receive any part of any sum granted for non-effective pay for any time during which he holds such employment, except as hereafter mentioned, that is to say:

(*a.*) If the appointment is in Her Majesty's Household, he may receive the full amount of his non-effective pay:

(*b.*) If the annual emoluments of the employment do not exceed three times the amount of the highest rate of non-effective pay attached to the rank, by virtue of which he claims to receive non-effective pay, such person may, with Her Majesty's pleasure to that effect, signified by the Treasury through one of Her Majesty's Principal Secretaries of State, receive the non-effective pay to which he would be entitled if he held no such employment of profit:

(*c.*) Where the annual emoluments of the employment exceed three times the amount of such highest rate of non-effective pay as aforesaid, but fall short of four times such amount, the holder of such employment may, with Her Majesty's pleasure, signified in the manner aforesaid, receive so much non effective pay as, added to the emoluments of his employment, will together make up four times the amount of such non-effective pay.

---

[*] This Rule corresponds with a concession made by the Treasury in a letter to the War Department, dated 19th November, 1836, and acted upon in certain cases from not earlier than that date (*vide* pages 34-5 of Sessional Paper (85) of 1837).

16. In the case of any officer who has accepted any employment before the passing of the Superannuation Act, 1887, the foregoing rules shall not, without his consent, apply to him so far as respects that employment, and if he does not so consent, the law and regulations applying to such officer immediately before such passing shall continue to apply to him so far as respects that employment.

12. Candidates will be informed by letter from the Civil Service Commission of the result of their Examination as soon as it has been ascertained.

13. The successful Candidates will be entered as Engineer Students at H. M. Dockyard at Devonport, about the first of July in each year, and Students in Naval Construction not exceeding two in number annually will be appointed from among Engineer Students who have shown special ability at the end of their third year of service. The Students must join with their Parents or Guardians in a Bond of 300*l.* to enter, if required, into Her Majesty's Service as Assistant Engineers, or as Assistant Constructors, if at the expiration of their training they should obtain Certificates of good conduct and efficiency for entry in the Service. These Bonds and the Indentures of Apprenticeship must be completed in all respects before the Students join the Dockyard.

14. The Parent or Guardian of each Engineer Student entered in future will be required to make six annual payments during the six years of the Student's training, viz:—30*l.* each year for the first two years, 20*l.* for the third year, 25*l.* for the fourth year, and 5*l.* each for the fifth and sixth years. It will, however, be at the discretion of my Lords to reduce these annual payments during the first four years in the case of sons of officers killed or drowned or who have otherwise lost their lives on service. Should a Student leave or be dismissed from the Service, the payments which have been made in his behalf will be forfeited.

15. The payments are to be made to the Cashier of the Dockyard to which the Student is appointed; the first payment is to be made before the Student is entered, and the subsequent payments, on or before the 30th day of June in each of the five succeeding years.

16. The Parents or Guardians of the Students will also be required to provide the Uniform (See Par 39) or other Clothing, Washing, and necessaries of each Student Board and Lodging, and Medical Attendance will be provided by the Admiralty. The Students will be required to reside in the Dockyard or in a vessel adjacent thereto.

17. The weekly pay of Students during their training will be as follows, provided they are well reported on by the Officers:—

First Year............	One shilling	a week.
Second "	Two shillings	
Third "	Three "	
Fourth "	Five "	
Fifth "	Eight "	
Sixth "	Ten "	

18. Five weeks leave (30 working days) on full pay will be granted each year to all Students whose conduct and progress have been satisfactory. This leave is to be taken during the School Vacations at Midsummer and Christmas.

19. The Students are not to be checked pay while on leave, nor when hurt. When sick they will be checked of their pay after they have been absent for six months in the aggregate during any period of twelve months. At the expiration of this time a special report is to be made to their Lordships in each case. Students pronounced at the end of twelve months' absence on account of sickness or hurt to be permanently unfit or unlikely to be capable of entering Her Majesty's Service as Assistant Engineers, or as Assistant Constructors, will be discharged. Should any Student in the course of his training develope physical unfitness for the Service, he will be discharged.

20. The Students will be under the supervision of the Superintendent of Dockyard and a Staff of Officers, and subject to such rules and regulations as their Lordships may deem necessary.

21. Engineer Students in their first year of training, who may be desirous of leaving the service, and whose reasons are considered satisfactory, may be allowed, under their Lordships' authority, to have their Indentures and Bonds cancelled, but this concession is not to be claimed as a right.

22. The period of training of Students will be for six years, which will be divided between H. M. Dockyards, Devonport and Portsmouth. They will receive practical training in the Workshops, and instructions in Iron Shipbuilding. While the Engineer Students are being instructed in Iron Shipbuilding they are to be under the direction of the Chief Constructor. They will attend the Dockyard Schools for such periods, and to pursue such studies as may from time to time be determined on; they will also pass a portion of their time in the Drawing Office. Means will be afforded them of acquiring the groundwork of the knowledge required by a Naval Engineer respecting the working of Marine Engines and Boilers, including those repairs which can be carried out afloat, the practical use of the various Instruments used in the Engine-room, also of the construction and working of Electric Light, Torpedo and Gun Machinery, and of becoming generally acquainted with the duties of a Naval Engineer.

23. Students will be examined once a year under the direction of the President of the Royal Naval College, Greenwich.

The educational examination at H. M. Dockyard at Devonport, at the end of their third year of study will be a qualifying one, and the subjects will be separated into two divisions compulsory and optional. The papers will be so constructed that 40 per cent. in the compulsory subjects will be the standard of qualification for passing; the optional subjects will however be taken into account for the order of merit. Students who pass the examination will proceed to H. M. Dockyard at Portsmouth, and those who fail will continue serving another year at Devonport. A second failure will involve dismissal from the service.

24. Students who fail at Devonport at the end of their third year of study, and join Portsmouth at the end of their fourth year, will be examined at the end of their sixth year of service, *i. e.* after two years' study at Portsmouth. In the event of their passing the examination they will be not lose time, but if they fail they will only be allowed one more opportunity of passing, viz: at the end of their seventh year of service.

25. Students will be examined as to their practical acquirements and knowledge of steam machinery and Shipbuilding respectively at the end of the fourth, fifth, and sixth years of their service by officers of the Admiralty. Prizes will be given annually at each Dockyard to the Students most highly reported on as regards their skill as Workmen. Practical Engineering and Shipbuilding respectively, will be considered an essential subject at Examinations, and in the lists showing the results of Examinations the numbers obtained in Practical subjects will be shown distinct from those obtained in Educational subjects. Students will not be eligible for entry, as Acting Assistant Engineers, or Acting Assistant Contructors, unless they obtain at least 50 per cent of the total number of marks for Practical Engineering or Shipbuilding on their final Examination, and also display a competent knowledge of the subjects taught in the Dockyard Schools.

26. The Educational Examination of Students at the end of their sixth year of study will be a qualifying one, and the subjects will be separated into two divisions, compulsory and optional. The qualifying standard for passing will be 40 per cent in the compulsory subjects.

27. The Examination of the Sixth Year Students in practical workmanship and knowledge of Engine-room duties, &c. is to be held at the Dockyard in time for the necessary Certificates to be forwarded to the Admiralty on or before the 23rd June in each year, and it will include tests of their skill as workmen.

28. Students who fail to pass the Examinations at the end of their sixth year will be allowed to continue serving another year at Portsmouth. A second failure at the end of the seventh year will involve dismissal from the Service. In no case will the limit of Seven years be exceeded.

29. The pay of a Student in the seventh year will be the same as during the sixth year, and the payment to be made by the Parent, or Guardian of the Student in the seventh year will also be the same as for the sixth year of service.

30. Students will not be entered as Acting Assistant Engineers, or Acting Assistant Constructors until they have been pronounced fit for Her Majesty's service by the Medical Officers, and have learned to swim.

31. Students who pass the Examinations described in Paragraphs 25, 26, 27 and 30 will be arranged in two Classes according to the Marks they obtain in the combined total for the compulsory and optional educational subjects and practical subjects. Those who obtain 50 per cent., or above, of the combined total, will have the privilege of proceeding to the Royal Naval College on the first of October succeeding the Examination, where they will pass through a course of higher instruction. The Engineer Students will be entered as Acting Assistant Engineers on the first of July of each year, and the Students in Naval Construction will be entered as Acting Assistant Constructors. Engineer Students who obtain 40 per cent. in the compulsory educational subjects referred to in Paragraph 26, but less than 50 per cent. of the combined total above mentioned, and also pass the Examinations mentioned in Paragraphs 25, 27 and 30, will be entered as Acting Assistant Engineers in H.M. Navy on the first of July of each year, and will be eligible to receive Third Class Certificates. They will not proceed to the Royal Naval College, but will remain in the Steam Reserve at Portsmouth to be appointed to H.M. ships as their services are required.

32. All the Acting Assistant Engineers will be confirmed at the end of twelve months time from the date of their entry into Her Majesty's Navy if their conduct and qualifications are reported satisfactory, and those at the Royal Naval College who obtain First and Second Class Certificates at the final Examination at the end of the first Session, will be allowed to count twelve months and six months' time respectively for promotion only.

33. In the event of the conduct and qualifications of any Acting Assistant Engineer not being reported satisfactory during his twelve months' probation or of his failing to pass satisfactorily at the final examination at the Royal Naval College, his commission will be withheld for six months, or for such other period as may be determined on by their Lordships.

34. The pay of Acting Assistant Engineers while at the Reserves will be 6s. a day, and they will receive 1s. 6d. a day in lieu of Provisions, &c. While at the Royal Naval College at Greenwich they will be provided with quarters, and during their first session they will be paid 6s. a day and 1s. 6d. a day towards the mess expenses.

35. Two Assistant Engineers will be selected annually from those who take the highest place at the Examination on the completion of their first course at Greenwich, to pass through a further course of scientific instruction if they desire it. These two will be allowed to study at the College for a second and third Session. They will receive 7s. 6d. a day, and 1s. 6d. a day towards the mess. On the completion of the third Session at the College they will be sent to Sea as Assistant Engineers, and, after one year's service at Sea they will be considered eligible to fill vacancies occurring in the civil appointments at the Dockyards and at the Admiralty.

36. Acting Assistant Constructors who, at the end of the first session at the Royal Naval College, fail to obtain a satisfactory report of their qualifications, will be required to withdraw from the Service, and forfeit a moiety of the bond unless the failure be due to sickness. The Assistant Constructors will also be attached to the Dockyards during the vacations, and will be employed on duties appertaining to their position.

ORDERS IN COUNCIL.

GOVERNMENT HOUSE, OTTAWA.

Thursday, 12th day of January, 1888.

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON the recommendation of the Superintendent General of Indian Affairs and under the provisions of the 54th section of chapter 43 of the Revised Statutes of Canada, intituled "An Act respecting Indians,"—

His Excellency in Council has been pleased to order, and it is hereby ordered, that the accompanying Regulations to govern the sale of timber on Indian Lands in the Provinces of Ontario and Quebec, be, and the same are hereby adopted and established.

1st. The Superintendent General of Indian Affairs may, at his discretion, cause the limit lines of any timber berths under license, which have not been already surveyed, *or when the lines of survey have been obliterated by fire or from other cause*, to be properly surveyed and run, the costs of such survey to be paid by the holder of the license; and where two or more licensees are interested in the survey, the Superintendent General of Indian Affairs shall determine what portion of the costs of the survey shall be paid by each, and such costs of survey shall be a charge upon the timber berth, to be paid with the ground rent before renewal of the license.

2nd. The Superintendent General of Indian Affairs before granting any licenses for new timber berths in unsurveyed Indian Reserves or lands, shall cause such berths to be surveyed, and the Superintendent General of Indian Affairs may cause any Reserve or other Indian lands to be subdivided into as many timber berths as he may think proper.

3rd. The berths or limits when surveyed and set off, and all new berths or limits in surveyed territory, shall be explored and valued, and then offered for sale by public auction at the upset price fixed by such valuation, at such time and place, and on such conditions, and by such officer, as the Superintendent General of Indian Affairs shall direct, by public notice for that purpose, and shall be sold to the highest bidder for cash at the time of sale.

4th. All forfeited timber berths may be offered for sale by public auction, *and such sale shall be* at such upset price, and at such *time* and place as the Superintendent General of Indian Affairs may fix and appoint by public notice, and shall be awarded to the highest bidder making payment at the time of sale; but should the said timber berth not be then sold, the same may be granted to any applicant willing to pay the said upset price and ground rent, or, on such other terms as the Superintendent General of Indian Affairs may direct.

5th. License-holders who shall have complied with all existing regulations, shall be entitled to have their licenses renewed on application to the Superintendent General of Indian Affairs.

6th. The Superintendent General of Indian Affairs shall keep a register of all licenses granted or renewed, and of all transfers of such licenses, and a copy of such register, with a plan of the licensed limits, shall be kept by the Indian Agent, or Indian Land Agent of the locality, and *shall be* open to public inspection.

7th. All transfers of timber berths shall be made in writing, but shall be subject to the approval of the Superintendent General of Indian Affairs, to whom they shall be transmitted for approval or rejection, and they shall be valid only from the time of such approval to be expressed in writing. *In all cases of transfer of limits or timber berths, they will be subject to the payment of two dollars per square mile for each limit or berth, and in proportion if only a part is transferred, or if the license holder takes in one or more partners with him.*

8th. Timber berths are to be described in new licenses as "not to interfere with prior licenses existing or to be renewed in virtue of regulations." When the description of any berth or boundary, as given by any license, clashes with the description of any other licensed berth or territory, the license of more recent origin (tracing back only to the time when such license or any previous license, of which it is a renewal, was first granted), shall give way, and the Superintendent General of Indian Affairs may amend or cancel such license wholly or in part, and substitute another in place thereof, so as to correct the description of the berth or limit intended to be licensed; and in all cases where any license has issued in error or mistake, or is found to be inconsistent with any other, license, or inconsistent or incompatible with the regulations under which it was granted, the Superintendent General of Indian Affairs may cause it to be cancelled, or amended, or he may refer all matters in dispute with reference to the boundaries and position of timber limits to arbitration, each of the contending parties to choose one arbitrator, and the Superintendent General of Indian Affairs shall appoint an umpire, naming a day on or before which the award of such arbitrators or of such umpire shall be made and delivered to the parties, and such award shall be binding on them.

9th. Timber cut on limits for which license has been suspended or held in abeyance, shall be considered as having been cut without authority and treated accordingly.

10th. Purchasers of Indian lands, who have not completed all the conditions of sale shall not, unless under Settler's License, or for clearing, fencing or building purposes on the said land, be permitted to cut timber or logs thereon, or to dispose of it to others. Persons found doing so shall be subject to the penalties established by law, for cutting timber on Indian lands without authority. *On all lands sold on or after the issue of a license, the licensee may, in virtue of said license, not cut any description of timber excepting merchantable pine and spruce, which he may continue to cut until the purchaser of the land shall have fulfilled all conditions of sale entitling him to a patent for the said land, when the right of the licensee to cut pine or spruce thereon shall cease; but it will rest with the purchaser to notify the licensee, and, if required to do so, to furnish sufficient proof to him that he has fulfilled such conditions of sale.*

11th. All timber licenses are to expire on the 30th of April next after the date thereof, and all renewals are to be applied for before the 1st of July following the expiration of the last preceding license; in default whereof the berth or berths shall be treated as *de facto* forfeited.

12th. No renewal of any license shall be granted unless *the limit covered thereby has been properly worked during the preceding season, or sufficient reason be given under oath, and the same be satisfactory to the Superintendent General of Indian Affairs, for the non-working of the limit, and unless* or until the ground rent and all costs of survey, and all dues to the Crown on timber, saw-logs or other lumber cut under and by virtue of any license, other than the last preceding, shall have been first paid.

13th. All timber berths or limits shall be subject to an annual ground rent of $3 per square mile, payable in advance, before the issuing of any original license or renewal. *And, in computing the ground rent, no license shall be charged at less than eight miles of area.*

14th. All timber, saw-logs, wood or other lumber, cut under any license now in force, or under any license which may be hereafter granted, shall be subject to the following Crown dues, that is to say :

And to enable persons who sell their timber under settler's license to obtain their refund of dues, and timber cut on patented lands to pass duty free, it will be necessary for the parties interested to prove, on oath taken before such agent or agents, and to his or their satisfaction, the number of pieces and description of timber and saw-logs cut on each lot respectively. And in the event of such proof being deemed unsatisfactory, the said agent or agents may determine the same by causing a strict count of the stumps to be made, and then certifying according to such count.

17th. The Superintendent General of Indian Affairs, or any authorized agent, shall at all times have free access to and be permitted to examine the books and memoranda kept by any licensee, shewing the quantity of lumber in board measure sawn by him from logs cut on his timber berth or berths, and failing to produce such books and memoranda when required so to do, will subject such licensee to a forfeiture of his right to a renewal of his license.

19th. Before moving any raft or parcel of timber, lumber or saw-logs from the Indian Agency in which it has been cut, the owner or person in charge thereof, shall report the same to the Indian Agent for the locality, making, if required, declaration upon oath, as to where the said timber was cut, the number of pieces and description of each kind of wood contained in such raft or parcel of timber, and the number of cribs, stating at the same time the number and description of pieces cut on private lands, also on lands under settler's license, giving the names of the owners or licensees of such land, with the name of the townships and number of each lot and concession ; and should such Indian Agent not be satisfied with the correctness of such report, he shall cause a strict count to be made of the timber in such raft ; and on being satisfied of the correctness of such report or count, the Indian Agent may grant a clearance in due form, for such raft, stating the number of pieces and description of timber contained therein, distinguishing the timber cut on private lands under settler's license, from that cut on Indian lands or Reserve.

20th. The owner or holder of any such raft or parcel of timber shall, within twenty-four hours after the same shall have arrived at its destination at Quebec, Sorel, Montreal, or other port of sale or shipment, report the arrival of such raft to the Collector of Crown Timber dues, or if at Sorel or Montreal, to the Deputy Supervisors of Cullers; and should the said raft be found by the specification of measurement to contain a greater number of pieces of timber than is noted in the clearance, the surplus number of pieces, if not satisfactorily explained, shall be held as having been cut on Indian lands without authority, and subject to payment of dues accordingly.

21st. Parties omitting to obtain their clearance at such agency, or omitting to report the arrival of such raft at its destination as above mentioned, may be refused further license, and may be subject to forfeiture of the timber for evasion of regulations, as provided in Cap. 43 of the Revised Statutes of Canada.

22nd. Persons evading or refusing the payment of timber dues, or the final settlement of bonds or promissory notes for payment of such dues, or in default with the Indian Department or agent; also, persons taking forcible possession of disputed ground before obtaining decision in their favor, and persons refusing to comply with the decision of arbitrators or of the umpire, as provided by the 8th section of these Regulations, or with the Regulations established by Order in Council, or who forcibly interrupt surveyors in the discharge of their duty, shall be refused further licenses, and their berths shall be forfeited at the expiration of the then existing license.

23rd. Dues of all kinds on timber cut under license, remaining unpaid on the 30th November following the season in which it was cut, shall be subject to interest from that date, but without prejudice to the power of the Crown to enforce payment of such outstanding dues at any time the Superintendent General of Indian Affairs may think proper.

24th. Purchasers of Indian lands who have not completed all conditions of sales, and have not obtained their patents for such lands, cutting timber without license (except for clearing, building, or fencing thereon), or others doing so by their permission, shall be subjected to the penalties established by law for cutting timber without authority.

25th. Before the issue of any timber license, the licensee or licensees thereof shall furnish security by a bond of himself or themselves, and two responsible sureties, for such amounts as the Superintendent General of Indian Affairs may consider sufficient to ensure the proper working of the limit, the due fulfilment by him or them of the conditions of the license, and the due observance of all the regulations of the Department in respect to the timber to be cut. The giving of such security shall not, however, in any way prejudice the right of the Superintendent General of Indian Affairs, or his agent, to levy upon any timber cut or owned by the holder or holders of the license, or to cancel the said license should there appear to him to be sufficient cause for so doing.

26th. Licenses are to be granted on the following form, in triplicate, and the description of each berth is to be written on the back thereof, and is to be dated and signed by the Deputy Superintendent General of Indian Affairs, as well as the license itself —the duplicate to be kept of record by the local Indian Agent.

27th. FORM OF LICENSE.

License to cut Timber on Indian Lands.

(Royal Arms.)

By authority of the 43rd Chapter of the Revised Statutes of Canada and amendments thereto, and for and in consideration of the payments made, and to be made to the credit of Indian funds, I do hereby give unto and unto agents and workmen, full power and license to cut upon the location described upon the back hereof, and to hold and occupy the said location to the exclusion of all others, except as hereinafter mentioned:—from 18 to thirtieth day of April, 18 , and no longer; with the right of conveying away the said timber, through any ungranted or waste Indian lands.

And by virtue of this license the said licentiate has right by the said statute, to all timber cut by others in trespass on the ground hereby assigned, with full power to seize and recover the same anywhere within the Dominion of Canada.

But this license is subject to the following conditions, viz:—

That the dues to which the timber cut under its authority are liable, shall be paid as follows, namely:—

That all lots sold prior, and all lots sold subsequently, to the date hereof, and which have been settled upon and are being cleared for cultivation, shall be exempt from the operation of this license, excepting in so far as pine and spruce merchantable timber are concerned, which this license will continue to control until all conditions of sale have been fulfilled.

That any person or persons may under authority of the Superintendent General of Indian Affairs, at all times, make and use roads upon and travel over the ground hereby licensed.

That nothing herein shall prevent any person or persons having authority from the Superintendent General of Indian Affairs to do so, from taking standing timber of any kind to be used for the making of roads and bridges, or for Public Works.

And that persons settling under lawful authority or title within the location hereby licensed, shall not in any way be interrupted in clearing and cultivating by the said licentiate, or any one acting for or by permission.

And further, upon condition that the said licentiate or representatives shall comply with all regulations that are or may be established by Order in Council, and shall submit all the timber cut under this license to be counted or measured, and shall settle for the duties chargeable thereon when required by me or any officer thereunto authorized,—otherwise the said timber will be forfeited to the Crown, and the said licentiate be subject to such other penalty or penalties as provided by law.

Given under my hand at , this day of , in the year of Our Lord, one thousand eight hundred and

Deputy of the Superintendent
General of Indian Affairs.

* * * * *

The timber limits comprehended by the within license consist of the following limits:

* * * * *

28th. All persons cutting timber on Indian lands or Reserve, without authority of license, will be punished as the law provides.

Persons hindering any officer or agent of the Department of Indian Affairs in the discharge of his duty in seizing timber illegally cut, or taking away, or causing to be taken away, any timber seized under the Act, cap. 43, Revised Statutes, Canada, are guilty of felony.

Parties cutting timber on Indian lands purchased by them on pretence of settlement, but really for the purpose of cutting the timber, are trespassers as above.

Railway companies, contractors and others, cutting without the authority of the Superintendent General of Indian Affairs timber for railway purposes on Indian lands and on lands sold but not yet patented, are also trespassers and subject to the same penalties.

29th. From and after the date of the passing of the present regulations, in cases of timber which although cut in trespass was so cut through error in good faith on Indian lands, by licentiates or other parties, it shall be lawful for the Superintendent General of Indian Affairs to exact in settlement of such wood goods a penalty equivalent to double, treble or quadruple the ordinary dues as established by tariff above, according to circumstances, besides costs of seizure and other expenses connected with all investigations into such trespasses.

30th. It shall be no longer permitted to cut, on Indian lands, pine trees measuring less than nine inches in diameter at the stump.

31st. TRANSFERS.

All limit owners are to notify the Superintendent General of Indian Affairs of any transfer which they may have effected, as soon as any transaction of the kind may have taken place; and should they fail to give due notification to the Superintendent General of Indian Affairs, he may rule the forfeiture of such license or licenses comprising the limit or limits so transferred.

32nd. Limit holders, in order to enable them to obtain advances necessary for their operations, shall have a right to pledge their limits as security without a bonus becoming payable. Such pledge, in order to effect the limit against the debtor, shall require to be noted on the back of the license by an authorized officer of the Department of Indian Affairs. But if the party giving such pledge should fail to perform his obligations towards his creditors, the latter, on establishing the fact to the satisfaction of the Superintendent General of Indian Affairs, may obtain the next renewal in his or their own name, subject to payment of the bonus, the transfer being then deemed complete.

33rd. Transfers of timber berths are to be in writing, and if not found objectionable by the Department of Indian Affairs, are to be valid from the date on which they may be deposited in the hands of the latter; but no transfer is to be accepted while the party transferring is in default for non-payment of dues on timber to the Crown.

SURVEYS.

34th. The Department of Indian Affairs shall, at the joint written request of conterminous license holders, issue instructions stating how the boundaries of such limits should be run to be in conformity with existing licenses. The surveys shall be performed at the expense of the parties requiring them, who must cause copies of the plans and field notes of the surveys to be delivered to the said Department subject to approval, to be paid for and kept of record by the Department.

Boundaries so established at the joint request of the parties interested shall be fixed and permanent and shall in no case be altered.

35th. If a limit holder refuses to join his neighbor to have the boundaries defined, the party wishing to have the survey made, shall be entitled to have it performed at his own expense, under instructions which shall be furnished to him for that purpose, as provided in the foregoing clause.

On the completion of the survey, notice of the same shall be given in writing to the adverse party at his residence or place of business. And if within one year after such notification, the adverse party shall have made no opposition to the same in the manner hereinafter prescribed, or if, having done so, such opposition has not been maintained, the boundary so surveyed shall be fixed permanently and irrevocably. But if within the space of one year from the date of such notice, the adverse party shews that he has sufficient reasons to doubt the exactness of such survey, and deposits in the hands of the agent of the Department of Indian Affairs, such sum of money as that Department may deem sufficient to cover all the expenses of a new survey, the Superintendent General of Indian Affairs shall name a surveyor to establish finally the boundary in dispute, and this second survey shall be binding upon the interested parties. All the expenses shall be borne by the applicant if his objections be not maintained. If, on the contrary, they be confirmed and the first survey be declared erroneous, the expenses shall be borne share and share alike by both parties.

36th. All limit lines or boundaries already established in virtue of official instructions, are hereby declared valid and permanent, if a report or field notes, or at least a plan describing such boundaries, have been fyled of record in the Department of Indian Affairs, and if, within the space of one year from the date such documents or plan were filed, their correctness be not disputed. If, on the contrary, within this delay one of the interested parties objects to them, a final survey shall be made as prescribed in the thirty fifth clause of these presents, unless, however, the interested parties agree to have a final survey effected in virtue of the thirty-fourth clause.

Clerk Privy Council.

"That on account of the changed circumstances of "the commerce of British Columbia and the fact of "steamers and vessels from foreign ports having to "call at more than one port in the province, and "having to pay separate pilotage rates at each port, "which is regarded as being oppressive and detrimental to the commerce of the Province, it is "desirable to amend the By-laws fixing the rate of "pilotage for the ports of Esquimault and Victoria, "Be it therefore resolved, that Section B of clause "18 of the By-laws be amended as follows, viz:—

I. TORONTO RANGE LIGHTS.

The back range light at Toronto Harbor was moved before the opening of navigation in 1886. A correct description of the two range lights as now located is as follows:

The front range light tower stands upon the Queen's wharf, 37 feet from its extreme end; it is a hexagonal wooden building, painted white, and is 23 feet in height from the wharf to the top of the lantern.

Lat. N. 43° 38' 10"
Long. W. 79° 23' 45"

The light is fixed white, elevated 23 feet above the Lake, and should be visible 9 miles in the line of range, and over an arc of 90° on each side thereof.

This light was first established in 1856.

The back range light tower is on an extension shoreward of the wharf, it is distant 200 feet N. E. by N. ½ N. from the front range light, and 125 feet from the front line of the wharf. The tower is an octagonal wooden building, painted red, and is 35 feet high from the wharf to the top of the lantern.

The light is fixed red, elevated 37 feet above the Lake, and should be visible 8 miles in the line of range and over an arc of 90° on each side thereof.

This light was first established in 1838.

These two lights are maintained by the Toronto Harbor Commissioners. In range bearing N. E. by N. ½ N. they lead clear of the point of the Bar which runs south of and parallel to the wharf; the channel being about 300 feet wide with 13 feet water.

A fog bell rung by hand is attached to the front range light tower; during fog it is rung at frequent intervals, and in answer to signals from steamers.

A storm signal apparatus established in 1874 is located close to the front range light tower.

II. BUOYS IN TORONTO HARBOR.

The following buoys also are maintained by the Toronto Harbor Commissioners:

OFF LIGHTHOUSE POINT.

I. Iron can buoy (No. 2), painted red with black ring and black circle on the end, moored in 8 fathoms water. From this buoy the lighthouse on Toronto Island, in Lat N. 43° 37' 0", Long. W. 79° 22' 40", bears N. W. by N. ¾ N.

II. Red bell buoy (No. 4), moored in 8 fathoms water, outside the large sunken crib at the outer end of the Toronto Water Works Conduit. From it the lighthouse bears N. N. W. ¼ W.

III. Red can buoy numbered 6, moored in 8 fathoms water; from it the lighthouse bears N. ¾ W.

IV. Red can buoy numbered 8, moored in 8 fathoms water; from it the lighthouse bears N. by E.

V. Can buoy (No. 10), painted red with white ring around it and white circle on end, moored in 8 fathoms water; from it the lighthouse bears N. E. ½ E.

VI. Red spar buoy (No. 12), moored in 17 feet on the N. W. point of the Island bank; from it buoy No. 10 bears S. E. ½ S.; the lighthouse, E. N. E, and the cupola of the Central Prison, N. W. by N. ¾ N.

It is not safe for vessels to go inside any of the above mentioned buoys, as the bank rises very abruptly.

VII. Red spar buoy (No. 14), off the northwest point of the Island, in 17 feet water.

WEST CHANNEL.

VIII. Red spar buoy west channel (No. 16), in 13 feet water, at the entrance of the west channel on the S. W. point of the Bar.

IX. Black spar buoy (No. 1), on the north side and western extremity of the channel.

Between these two buoys (Nos. 1 and 16), is the dredged channel about 14 feet deep forming the western entrance to the harbor. The range of lights leads in between them.

X. There are six red spar buoys in 9 feet water on the face of the bank to the eastward of No. 16, defining the southerly limit of the dredged channel, which is about 300 feet wide. The northerly limit is defined by the wharves.

EAST CHANNEL.

XI. The East Channel into Toronto Harbor is buoyed as follows:—

A black spar buoy on a sunken boiler to the south of the gap; two black spar buoys on the west or port side of the gap in entering; two red spar buoys on the east or starboard side. The back range tower now stands upon a cribwork pier 12 feet high above the level of the lake, built in the inner angle of the east breakwater pier or the angle which the shore line makes with its east side.

The light is distant 2030 feet N. by E. ½ E. from the front or main light on the outer end of the west breakwater pier, which is in

No. 5 of 1888.

POSITION OF QUARANTINE STATION GAS BUOY.

From the opening of navigation in 1888 the gas lighted buoy on the west end of Margaret Island Bank, River St. Lawrence, below Quebec, referred to in Notice to Mariners, No. 29 of 1887, will be moored on a patch with 20 feet water, recently found by Staff Commander Maxwell, R. N., two cables length to the southwestward of the former site of the red can buoy.

Lat. N. 47° 0' 45"
Long. W. 70° 39' 20"

From the gas buoy the southwest extremity of Margaret Island will bear N.E. ¼ E. distant $1\frac{3}{10}$ miles. The red can buoy will not be re-established, but in case of the gas buoy being from any cause removed from its station, a red can buoy will be used to replace it.

The patch which the gas buoy marks has four fathoms all around it, but vessels entering the quarantine grounds should keep to the westward of the buoy.

This Notice affects Admiralty Charts Nos. 310, 316, 318 and 2,516.

NOTE —The Citizens' Insurance Company of Canada has discontinued its Guarantee business and has reinsured its outstanding policies in the Guarantee Company of North America. The deposit on account of this branch is $11,000 Municipal Debentures still in the hands of the Receiver General.

The affairs of the *Briton Medical and General Life Association, London, Eng.*, are in litigation, orders having been made by Ontario and Quebec Courts, having for their object the winding-up of the affairs of the Company in Canada and the distribution of the deposit held by the Receiver General, which amounts to $103,370. The orders above referred to were both appealed; but the appeals have been withdrawn, and proceedings are now in progress for the winding up of the Company's Canadian affairs.

The license of the *Hand in Hand Insurance Company* expired on the 31st March, 1887, and has not been renewed owing to the fact that under "The Insurance Act," the privilege of obtaining a Dominion license in the case of Companies having Provincial charters is restricted to Companies which transact the business of Life Insurance. The Hand in Hand continues to transact Plate Glass insurance in Ontario under Provincial license, but has ceased to transact business in the other Provinces of the Dominion. The deposit of $5,000 is still in the Receiver General's hands.

The license to the *Life Association of Canada* expired on the 31st March, and has not been renewed. The statutory notices of application for withdrawal of its deposit have been given by the Company, and a portion thereof has been released; a balance sufficient in amount to cover the net surrender values of the policies in force has been retained by the Receiver General.

The Statutory notices of application for the withdrawal of the deposit of *The Briton Life Association (Limited)*, have been given by the Company.

CHAMBRE DU SÉNAT.

Ottawa, Jeudi, 23 *février* 1888.

Aujourd'hui, à Trois heures P.M., Son Excellence le Gouverneur Général s'est rendue avec le cérémonial ordinaire, à la Chambre du Sénat, dans l'édifice du parlement, et a pris son siège sur le Trône. Les membres du Sénat étant assemblés, il a plu à Son Excellence d'y faire requérir la présence des Communes, et cette Chambre s'y étant rendue, Son Excellence a ouvert la Deuxième Session du Sixième Parlement de la Puissance du Canada, par le discours suivant:—

Honorables messieurs du Sénat:

Messieurs de la Chambre des Communes:

C'est pour moi une grande satisfaction de vous rencontrer encore une fois, au commencement de la session parlementaire, et de vous féliciter sur la prospérité générale du pays.

Bien que, dans certains districts, la terre n'ait pas suffisamment rémunéré les travaux du cultivateur, néanmoins, dans leur ensemble, les récoltes de l'année dernière ont produit beaucoup ; elles ont même été d'une abondance remarquable dans le Manitoba et les Territoires.

J'ai le plaisir de vous informer que les négociations entre le gouvernement de Sa Majesté et celui des Etats-Unis pour le règlement de la "question des pêcheries" ont abouti à un traité que vous jugerez, j'ose l'espérer, honorable et satisfaisant pour les deux nations.

Le traité, avec les pièces et la correspondance qui s'y rattachent, vous sera soumis et vous serez invités à lui donner effet par une loi.

Le développement du réseau de nos chemins de fer non seulement nous fait une nécessité d'assurer plus de protection à la vie des personnes et à la propriété, mais il a rendu plus fréquentes les questions où les intérêts des compagnies rivales se trouvent en conflit et où l'autorité doit prononcer. Il paraît donc nécessaire de pourvoir à ces choses, et il vous sera présenté un projet de loi à l'effet de refondre et d'amender l'Acte des chemins de fer.

L'expérience ayant démontré le besoin de modifier l'Acte concernant l'élection des membres de la Chambre des Communes, afin d'en rendre le fonctionnement plus efficace et plus aisé, vous serez appelés à étudier un bill amendant ce statut.

L'acte concernant les élections contestées peut aussi demander votre attention afin d'écarter certains doutes qui devraient disparaître dans l'interprétation de la loi.

Mon gouvernement a profité de la vacance pour mettre à l'étude les nombreuses propositions qui ont été faites à l'effet d'amender dans ses détails l'acte du cens électoral et il vous soumettra un projet qui simplifie cette loi et en diminue beaucoup les frais de fonctionnement.

Vu la croissance rapide des Territoires du Nord-Ouest, il est devenu expédient d'améliorer le système de gouvernement et de législation de cette partie de la Confédération, et un bill à cet effet vous sera soumis.

Il vous sera aussi présenté un projet de loi appliquant au Manitoba et aux Territoires du Nord-Ouest une partie plus considérable des lois anglaises modernes, dans les matières qui sont du ressort du parlement du Canada, mais qui n'ont pas encore été l'objet de législation dans ce parlement.

Entre autres sujets il vous sera présenté des projets de loi relatifs à la magistrature, à l'acte du service civil, à la vérification des comptes publics.

Messieurs de la Chambre des Communes:

Les comptes de l'année écoulée vous seront soumis ainsi que les prévisions budgétaires pour l'année prochaine. Elles ont été préparées avec économie sans perdre de vue les besoins du service public.

Honorables Messieurs du Sénat:

Messieurs de la Chambre des Communes:

Je vous recommande l'étude de ces importantes matières et de toutes autres d'un intérêt public qui pourraient vous être soumises, certain d'avance que vous vous y consacrerez avec zèle et assiduité.

DÉPÊCHES, ETC.

(*Circulaire.*)

Downing Street,
24 décembre 1887.

Monsieur,—Vu la dépêche circulaire de mon prédécesseur du 10 de janvier dernier, j'ai l'honneur de vous transmettre, ci-jointes, des copies imprimées de règlements revisés concernant l'admission d'étudiants-ingénieurs et d'étudiants en construction navale dans les chantiers de Sa Majesté, reçus des lords commissaires de l'Amirauté, et datés le 1er de juillet dernier.

J'ai l'honneur d'être, monsieur,
Votre très-obéissant serviteur,
H. T. HOLLAND.

A l'administrateur
du gouvernement du Canada.

RÈGLEMENTS

Concernant l'admission d'étudiants-ingénieurs et d'étudiants en construction navale dans les chantiers de Sa Majesté.

(Les étudiants-ingénieurs sont dressés pour service à bord comme officiers-ingénieurs dans la marine de Sa Majesté).

(Les étudiants en construction navale sont dressés en vue de leur entrée dans le corps royal de constructeurs navals.)

1. Les vacances parmi les étudiants-ingénieurs dans les chantiers seront remplies principalement au moyen d'examens de concours ouverts à tous fils de sujets britanniques, de l'âge voulu et de bonnes mœurs, mais Leurs Seigneuries se réservent le droit de nommer un petit nombre de candidats à chaque entrée lesquels seront admis s'ils passent l'examen spécifié au paragraphe 11.

Les candidats à nommer le seront par le Bureau de l'Amirauté parmi les fils d'officiers de l'armée, de la marine ou armée de marine qui ont été tués dans un engagement, ou qui ont été perdus en mer en service actif, ou tués en devoir, ou qui sont morts de blessures reçues dans un engagement ou de blessures reçues en devoir dans les six mois à dater de cet engagement ou de cette blessure ; ou parmi les fils d'officiers de la marine ou de l'armée de marine qui ont servi longtemps et avec distinction. Le nombre à nommer ainsi n'excèdera pas un cinquième du nombre total des étudiants-ingénieurs à admettre. Sauf quant à l'exemption de l'examen de concours, ces candidats seront soumis sous tous rapports aux présents règlements. *

Trois brevets d'étudiants-ingénieurs seront donnés annuellement à des fils de gentilshommes dans les colonies sur la recommandation du Secrétaire d'Etat pour les Colonies, pourvu qu'ils passent l'examen requis. Ces candidats seront sujets aux mêmes règlements que les candidats de service nommés †

2. Le nombre des admissions qui seront faites chaque année, sera fixé par Leurs Seigneuries.

3. La liste des candidats pour ces admissions par concours public sera gardée au bureau du Commissaire du Service Civil. Toutes demandes de formules à remplir par les personnes désirant concourir doivent être envoyées au "*Secretary, Civil Service Commission, London, S.W.*, le ou après le premier de janvier de chaque année, et il faut veiller à ce que les formules une fois remplies soient renvoyées de manière qu'elles parviennent aux Commissaires du Service Civil le ou avant le 15 *mars suivant*, vu que les formules reçues après cette date seront mises de côté. La liste des candidats nommés sera gardée à l'Amirauté.

4 Les candidats ne devront pas être âgés de moins de quatorze ni de plus de seize ans le premier jour de mai de l'année dans laquelle ils sont examinés.

5. Des certificats d'âge et de mœurs ne seront pas exigés avant l'examen, mais les candidats heureux ne seront éligibles pour admission qu'après avoir fourni des preuves sous ce rapport aux Commissaires du Service Civil.

6. L'examen médical des candidats heureux aura lieu sous le contrôle de Leurs Seigneuries aussitôt que possible après que le résultat de l'examen sur l'éducation aura été connu. Nul candidat ne sera inscrit comme étudiant-ingénieur à moins d'être certifié capable physiquement. Les candidats dans ou près de Londres seront examinés par le directeur général médical de la marine à l'Amirauté. Ceux qui résident près d'un des chantiers de Sa Majesté, ou un des vaisseaux de la première réserve, ou vaisseaux-écoles de la réserve de la marine royale, ou le vaisseau-amiral à Queenstown, seront examinés par l'officier médical y attaché. L'examen médical sera conduit sous tous rapports strictement en conformité des instructions pour l'examen des personnes désirant entrer dans le service naval. Tous les candidats lors de leur examen médical devront prouver à la satisfaction des officiers examinateurs qu'ils ont été revaccinés, ou bien ils devront être revaccinés avant qu'ils puissent être considérés éligibles pour entrer dans le chantier.

7. L'examen sur l'éducation sera tenu par les commissaires du service civil à Londres, Liverpool, Portsmoth, Devonport, Bristol, Leeds, Newcastle-on-Tyne, Edimbourg, Glasgow, Aberdeen, Dublin, Belfast et Cork, et auront lieu dans le mois d'avril chaque année. On pourra s'assurer de la date exacte en s'adressant au secrétaire, commission du service civil, le ou après le premier janvier de chaque année.

Les étudiants doivent, conjointement avec leurs parents ou tuteurs, fournir un cautionnement de 300*l.* d'entrer, s'ils en sont requis, au service de Sa Majesté comme aides-ingénieurs, ou comme aides-constructeurs, si, à l'expiration de leur cours ils obtiennent des certificats de bonne conduite et d'efficacité pour entrer dans le service. Ces cautionnements et actes d'apprentissage devront être parfaits sous tous rapports avant que les étudiants puissent être reçus dans le chantier.

* Les demandes de nominations devront être faites de manière à être reçues à l'Amirauté avant le premier de février de chaque année, et devront être adressées au Secrétaire de l'Amirauté si le candidat est le fils d'un officier de la marine ou de l'armée de marine ; au Secrétaire Militaire, *Horse Guards*, si le candidat est le fils d'un officier de l'armée; et au Secrétaire Militaire, Bureau des Indes, si le candidat est le fils d'un officier de l'armée de l'Inde.

† Les noms des candidats coloniaux devront être reçus à l'Amirauté, du Bureau des Colonies, le ou avant le premier de février de chaque année.

14. Le parent ou tuteur de chaque étudiant ingénieur inscrit à l'avenir devra faire six paiements annuels pendant les six ans du cours de l'étudiant, savoir : 30*l.* chaque année pour les premiers deux ans, 20*l.* pour la troisième année, 25*l.* pour la quatrième année, et 5*l.* pour chacune des cinquième et sixième années. Toutefois, Leurs Seigneuries pourront, à leur discrétion, réduire ces paiements annuels pendant les quatre premières années dans le cas de fils d'officiers tués ou noyés ou qui ont autrement perdu la vie en service. Si un étudiant quitte le service, ou est renvoyé, les paiements qui auront été faits pour lui seront confisqués.

15. Les paiements seront faits au caissier du chantier auquel l'étudiant est attaché ; le premier paiement doit être fait avant l'entrée de l'étudiant, et les autres le ou avant le 30e jour de juin de chacune des cinq années subséquentes.

16. Les parents ou tuteurs des étudiants seront aussi requis de procurer l'uniforme (voir par. 39) ou autres vêtements, blanchissage et choses nécessaires de chaque étudiant. L'Amirauté fournira la pension, le logement et les soins médicaux. Les étudiants seront tenus de résider dans le chantier ou dans un navire y adjacent.

17. La paie hebdomadaire des étudiants pendant leur cours sera comme suit, à condition qu'ils aient de bonnes notes des officiers :—

Première année	.... Un chelin.	Par semaine.
Deuxième “	.... Deux chelins	
Troisième “	.... Trois “	
Quatrième “	.... Cinq “	
Cinquième “	.... Huit “	
Sixième “	.... Dix “	

18. Un congé de cinq semaines (30 jours ouvrables) avec pleine paie sera accordé chaque année à tous les étudiants dont la conduite et les progrès auront donné satisfaction. Ce congé sera pris pendant les vacances de la mi-été et de Noël.

19. Les étudiants ne perdront pas de paie lorsque en congé, ou lorsque blessés. Dans le cas de maladie leur paie sera retranchée après une absence de six mois en tout pendant toute période des douze mois. A l'expiration de ce temps un rapport spécial de chaque cas sera fait à Leurs Seigneuries. Si après douze mois d'absence pour cause de maladie ou de blessure les étudiants sont rapportés comme permanemment ou vraisemblablement incapables d'entrer au service de Sa Majesté comme aides-ingénieurs ou aides-constructeurs, ils seront congédiés. Si, dans le cours de son apprentissage, il se développe chez l'étudiant quelque incapacité physique qui le rende impropre au service, il sera congédié.

20. Les étudiants seront sous la surveillance du surintendant du chantier et d'un corps d'officiers, et soumis aux règles et règlements que Leurs Seigneuries jugeront nécessaires.

21. Les étudiants-ingénieurs qui, dans la première année de leur cours désireront quitter le service, et dont les raisons seront considérées suffisantes, pourront avec le consentement de Leurs Seigneuries, faire canceller leurs actes d'apprentissage et cautionnements, mais cette concession ne doit pas être réclamée comme un droit.

22. La durée d'école des étudiants sera de six ans, laquelle sera divisée entre les chantiers de S. M., Devonport et Portsmouth. Ils recevront une instruction pratique dans les ateliers et seront mis au fait de la construction des navires en fer. Tandis que les étudiants-ingénieurs étudient la construction des navires en fer ils seront sous la direction du constructeur-chef. Ils assisteront aux écoles de chantiers pendant les périodes, et suivront les études qui seront fixées de temps à autre ; ils passeront aussi une partie de leur temps dans le bureau de dessin. Il leur sera fourni les moyens d'acquérir les bases fondamentales des connaissances requises d'un ingénieur naval au sujet des machines et chaudières de marine, y compris les réparations qui peuvent être faites en mer, l'usage pratique des divers instruments employés dans la chambre de la machine, aussi de la construction et fonctionnement du mécanisme de l'éclairage électrique, des torpilles et des canons, et de connaître généralement les devoirs d'un ingénieur naval.

23. Les étudiants seront examinés une fois par année sous la direction du président du collège royal de marine, Greenwich.

L'examen sur l'éducation au chantier de S. M. à Devonport, à la fin de la troisième année d'étude, sera un examen d'aptitudes, et les sujets seront divisés en sujets obligatoires et facultatifs. Les papiers seront arrangés de manière que 40 pour 100 dans les sujets obligatoires seront le degré de capacité pour passer ; les sujets facultatifs toutefois viendront en ligne de compte dans l'ordre de mérite. Les étudiants qui passent l'examen se rendront au chantier de S. M. à Portsmouth, et ceux qui manqueront continueront à servir une autre année à Devonport. Un deuxième manquement entraînera le renvoi du service.

24. Les étudiants qui manquent à Devonport à la fin de leur troisième année d'étude, et entrent à Portsmouth à la fin de leur quatrième année, seront examinés à la fin de leur sixième année de service, c'est-à-dire, après deux ans d'étude à Portsmouth. Dans le cas où ils passeraient leur examen ils ne perdront pas de temps, mais s'ils manquent il ne leur sera donné qu'une seule autre occasion de passer, savoir, à la fin de leur septième année de service.

25. Les étudiants seront examinés sur leurs connaissances pratiques en fait de mécanisme à vapeur et de construction de navires respectivement à la fin des quatrième, cinquième et sixième années de leur service par les officiers de l'Amirauté. Des prix seront décernés annuellement à chaque chantier aux étudiants qui auront les meilleures notes quant à leur habileté comme ouvriers. Le génie pratique et la construction des navires respectivement, seront considérés des sujets essentiels aux examens, et sur les listes indiquant les résultats des examens, les nombres obtenus sur les sujets pratiques seront tenus distincts de ceux obtenus sur les sujets d'éducation. Les étudiants ne seront pas admissibles comme aides-ingénieurs suppléants ou aides-constructeurs suppléants à moins d'obtenir 50 pour 100 du nombre total de points sur le génie pratique ou la construction des navires à leur examen final, ni à moins de faire preuve d'une connaissance suffisante des sujets enseignés dans les écoles de chantiers.

26. L'examen sur l'éducation des étudiants à la fin de leur sixième année d'étude sera un examen d'aptitudes, et les sujets seront divisés en deux catégories, obligatoires et facultatifs. Le degré d'aptitude pour passer sera 40 pour 100 sur les sujets obligatoires.

27. L'examen des étudiants de sixième année sur l'œuvre et la connaissance pratique des devoirs de la chambre de la machine, etc., sera tenue au chantier à temps pour que les certificats nécessaires parviennent à l'Amirauté le ou avant le 23 juin de chaque année, et il comprendra des épreuves de leur habileté comme ouvriers.

28. Les étudiants qui ne réussiront pas aux examens à la fin de leur sixième année pourront continuer à servir une autre année à Portsmouth. S'ils manquent une seconde fois à la fin de la septième année ils seront renvoyés du service. La limite de sept ans ne sera dépassée dans aucun cas.

29. La paie d'un étudiant de septième année sera la même que pour la sixième, et le paiement à faire par le parent ou le tuteur de l'étudiant dans la septième année sera aussi le même que pour la sixième année de service.

30. Les étudiants ne seront pas inscrits comme aides-ingénieurs suppléants ou aides-constructeurs suppléants avant d'être rapportés propres au service de Sa Majesté par les officiers médicaux, et avoir appris à nager.

31. Les étudiants qui passent les examens décrits dans les paragraphes 25, 26, 27 et 30 seront partagés en deux classes suivant les points qu'ils auront obtenus dans le total collectif des sujets obligatoires et facultatifs sur l'éducation et sur les sujets pratiques. Ceux qui obtiennent 50 pour cent, ou plus, du total collectif, auront le privilège d'aller au Collège Royal de Marine, le 1er d'octobre qui suivra l'examen, où ils suivront un cours plus élevé d'instruction. Les étudiants-ingénieurs seront inscrits comme aides-ingénieurs suppléants le 1er de juillet de chaque année, et les étudiants en construction navale seront

inscrits comme aides-constructeurs suppléants. Les étudiants-ingénieurs qui auront obtenu 40 pour cent sur les sujets d'éducation obligatoires mentionnés au paragraphe 26, mais moins que 50 pour cent du total collectif mentionné plus haut, et passent aussi les examens mentionnés aux paragraphes 25, 27 et 30, seront inscrits comme aides-ingénieurs suppléants dans la marine de S. M. le 1er de juillet de chaque année et seront éligibles à recevoir des certificats de troisième classe. Ils n'iront pas au Collège royal de la marine, mais resteront sur les vapeurs de la réserve à Portsmouth pour être appointés sur les navires de Sa Majesté quand leurs services seront requis.

32. Tous les aides-ingénieurs suppléants seront confirmés à la fin de douze mois à compter de leur entrée dans la marine de S M. si leur conduite et leurs aptitudes sont certifiés comme satisfaisants, et ceux du Collège royal de la marine qui obtiennent des certificats de première et de seconde classe à l'examen final de la première session, pourront compter douze mois et six mois respectivement d'avancement seulement.

33. Si la conduite et les aptitudes d'aucun des aides-ingénieurs suppléants ne sont pas certifiés comme satisfaisants durant ses douze mois de stage, ou s'il manque de passer l'examen final au Collège royal de la marine, sa commission sera retardée de six mois, ou pour telle autre période que décideront Leurs Seigneuries.

34. La paie des aides-ingénieurs suppléants lorsqu'ils sont aux réserves sera de 6s. par jour, et ils recevront 1s. 6d. par jour au lieu de provisions, etc. Lorsqu'ils sont au collège royal de la marine à Greenwich, ils seront pourvus de logements et durant leur première session ils recevront 6s. par jour et 1s. 6d. par jour pour leurs dépenses d'ordinaire.

35. Deux ingénieurs seront choisis annuellement parmi ceux qui seront les premiers à l'examen à la fin de leur premier cours à Greenwich, afin de suivre un autre cours d'instructions scientifiques, s'ils le désirent. Il leur sera permis d'étudier au collège pendant une seconde et troisième session. Ils recevront 7s. 6d. par jour, et 1s. 6d. par jour pour dépense de l'ordinaire. Quand ils auront complété leur troisième session au collège, ils seront envoyés en mer comme ingénieurs, et, après un an de service en mer, ils seront considérés habiles à remplir les vacances dans les emplois civils aux chantiers et à l'Amirauté.

36. Les aides-constructeurs suppléants qui, à la fin de la première session au collège royal de la marine, manquent d'obtenir un rapport satisfaisant de leurs aptitudes, seront requis de se retirer du service, et perdront une moitié du cautionnement à moins que leur manquement ne soit dû à la maladie. La paie des aides-constructeurs suppléants jusqu'au terme de leur cours au collège royal de la marine sera la même que celle des aides-ingénieurs suppléants dans le même service.

Les aides-constructeurs suppléants seuls qui auront obtenu des certificats professionnels de première ou de seconde classe à leur examen final au collège royal de la marine seront admis dans le corps, leurs premiers appointements étant ceux d'aides-constructeurs de troisième classe. Ceux qui obtiennent des certificats de troisième classe ne seront pas admis dans le corps, mais seront admissibles comme dessinateurs dans les chantiers.

Chaque étudiant entrant dans le corps royal de constructeurs navals sera sujet à servir à toute station navale étrangère que l'amirauté désignera ; ils iront aussi en mer, si c'est nécessaire.

La durée de service dans la troisième classe pour tous les aides-constructeurs sera de quatre ans. Si un rapport favorable est fait à la fin de cette période quant à leurs conduite, habileté et industrie, chaque officier sera susceptible de promotion à la seconde classe. Les promotions des aides-constructeurs de la seconde à la première classe sera faite au choix. Les officiers qui auront obtenu des certificats de première classe à leur examen final au collège royal de la marine seront susceptibles d'être promus à la première classe s'ils reçoivent un rapport favorable, après cinq ans de service à compter de la date de leur sortie du collège, et ceux qui auront obtenu des certificats de seconde classe seront de même susceptibles de promotion après sept ans de service.

37. Les aides-ingénieurs qui auront passé leurs seconde et troisième sessions à Greenwich seront attachés durant les vacances entre le 30 de juin et le 1er d'octobre aux chantiers ou aux vapeurs de la réserve, où ils seront employés à dessiner des machines, à assister aux épreuves de machines neuves et réparées, et à acquérir les connaissances professionnelles les plus utiles pour le dessin des machines. Les aides-constructeurs seront aussi attachés aux chantiers durant les vacances, et seront employés à des devoirs découlant de leur position.

38. Un aide-ingénieur ou aide-constructeur qui est choisi à la fin de la première session au Collège royal de la marine pour rester pendant deux autres sessions au collège devra, avant de commencer sa seconde session s'engager par cautionnement en la somme de £500 de ne pas quitter le service de Sa Majesté dans les sept ans après sa sortie de Greenwich. Ceci est dans le but de défrayer les frais encourus par le public pour son éducation. La résignation doit dans tous les cas être soumise à l'approbation de Leurs Seigneuries.

39. Les Etudiants seront munis de :

41. Les règlements précédents seront généralement observés, mais Leurs Seigneuries pourront les modifier de temps à autre selon qu'il sera jugé à propos.

ORDRES EN CONSEIL.

HOTEL DU GOUVERNEMENT, OTTAWA.

Jeudi, 12 janvier 1888.

PRÉSENT:

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

SUR la recommandation du Surintendant Général des affaires des Sauvages, et en vertu des dispositions de la 54ème section du chapitre 43 des Statuts revisés du Canada, intitulé "Acte concernant les Sauvages,"—

Il a plu à Son Excellence en conseil d'ordonner et il est par le présent ordonné, que les règlements suivants réglant la vente du bois sur les terres des Sauvages, dans les provinces d'Ontario et Québec, soient et ils sont par le présent adoptés et établis :—

1. Le Surintendant Général des Affaires des Sauvages aura le pouvoir discrétionnaire, de faire arpenter les lignes limitrophes de toute limite licenciée, non encore arpentée, ou dont les lignes d'arpentage auront été détruites par le feu ou par toute autre cause, les frais d'arpentage seront à la charge du porteur de la licence, et au cas où deux ou plusieurs possesseurs de licences sont intéressés, le Surintendant Général des Affaires des Sauvages devra déterminer la proportion des frais à être supportés par chacun d'eux, et ces frais constitueront une charge sur la limite à bois, et devront être payés en même temps que la rente foncière avant le renouvellement de la licence.

2. Avant d'accorder aucune licence pour de nouvelles limites à bois dans des terres ou réserves de Sauvages non encore arpentées, le Surintendant Général des Affaires des Sauvages, devra faire arpenter les dites limites, et il aura le pouvoir de faire subdiviser toute réserve ou autre terre de Sauvages en autant de limites à bois qu'il le jugera convenable.

3. Il sera fait une exploration et une évaluation des limites quand elles auront été arpentées, ainsi que des limites dans un territoire déjà arpenté, elles seront ensuite mises en vente par encan public au prix fixé par l'évaluation, aux temps et lieu, et sujettes aux conditions, et par l'officier, désignés par le Surintendant des Affaires des Sauvages, par avis public à cet effet, et seront vendues au plus haut enchérisseur pour de l'argent comptant au temps de la vente.

4. Toutes limites confisquées pourront être offertes en vente par encan public, et telle vente devra se faire au prix fixé par évaluation, et aux temps et lieu qu'il plaira au Surintendant Général de fixer par avis public, et seront adjugées au plus haut enchérisseur effectuant le paiement lors de la vente; mais au cas où la dite limite ne serait pas alors vendue, elle pourra être accordée à celui qui en fera la demande et qui consentira à payer le dit prix fixé par l'évaluation, ainsi que la rente foncière, ou à toutes autres conditions qu'il plaira au Surintendant Général des affaires des Sauvages d'imposer.

5. Les possesseurs de licences qui se seront conformés à tous les règlements en force, auront droit à faire renouveler leurs licences, sur demande par eux faite au Surintendant Général des affaires des Sauvages.

6. Il sera du devoir du Surintendant Général des Affaires des Sauvages de garder un registre de toutes licences accordées ou renouvelées, et de tous transferts des dites licences, et il sera du devoir de l'agent des Sauvages, ou de l'agent des terres des Sauvages de l'endroit de garder une copie de tel registre, avec un plan des limites licenciées, et telle copie devra être tenue à la disposition du public pour inspection.

7. Tous transferts de limites à bois devront être faits par écrit, mais sujets à l'approbation du Surintendant Général des Affaires des Sauvages, à qui ils devront être transmis pour être approuvés ou rejetés, et ils ne seront valides qu'à partir du moment de l'approbation qui devra être faite par écrit. Dans tous les cas de transferts de limites, ces transferts seront sujets au paiement de deux piastres par mille carré sur chaque limite, et en proportion, si une partie seulement de la dite limite est transférée, ou si le détenteur de licence s'adjoint un ou plusieurs associés.

8. Les limites à bois devront être désignées, dans les nouvelles licences, comme " ne devant pas affecter des licences antérieures ou devant être renouvelées en vertu des règlements."

Quand la description d'une limite ou ligne limitrophe, telle que donnée dans une licence, diffère de la description d'une autre limite ou d'un autre territoire, la license d'origine plus récente (remontant seulement au temps où telle licence, ou licence antérieure, dont elle est le renouvellement, a été accordée pour la première fois) sera mise de côté, et le Surintendant Général des Affaires des Sauvages aura le pouvoir d'amender ou d'annuler la dite licence en tout ou en partie, et en substituer une autre, de manière à corriger la description de la limite qu'on avait l'intention de licencier, et dans tous les cas où une licence a été émanée par erreur, ou est incompatible avec une autre licence, ou incompatible avec les règlements en vertu desquels elle a été accordée, le Surintendant Général des Affaires des Sauvages aura le pouvoir de la faire annuler, ou amender, ou il pourra référer toutes questions disputées, concernant les lignes limitrophes et la position des limites à bois, à l'arbitrage, chacune des parties en litige devant choisir un arbitre, et le Surintendant Général des Affaires des Sauvages en choisir un troisième, fixant un jour, le ou avant lequel la décision des arbitres sera rendue aux parties, et telle décision sera considérée comme finale.

9. Le bois coupé sur les limites dont la licence a été suspendue, ou n'a pas été encore émanée, sera considéré comme ayant été coupé sans autorité et sera traité en conséquence.

10. Il est défendu aux acquéreurs de terres des Sauvages, qui ne se sont pas conformés à toutes les conditions de la vente, d'y couper du bois ou des billots, ou d'en disposer en faveur d'autres personnes, à moins que ce ne soit en vertu d'une licence de colon, ou pour des fins de défrichement, de clôturage ou de construction. Les personnes prises sur le fait seront passibles des pénalités imposées par la loi, pour avoir coupé du bois sur les terres des Sauvages sans autorité. Sur toutes terres vendues à ou après l'émanation d'une licence, le licencié a le privilège, en vertu de la dite licence, de ne couper aucune espèce de bois excepté l'épinette et le pin marchands, qu'il peut continuer à couper jusqu'à ce que l'acquéreur de la terre ait rempli toutes les conditions de vente lui donnant droit à des lettres patentes, et à ce moment le droit du licencié de couper de l'épinette et du pin prendra fin, mais l'avis au licencié sera à la charge de l'acquéreur, et s'il en est requis, il devra fournir des preuves suffisantes pour établir qu'il a rempli les dites conditions de la vente.

11. Toutes licences de bois expireront le 30 avril, suivant la date du présent, et toutes applications de renouvellement devront être faites avant le 1er de juillet suivant l'expiration de la dernière licence, à défaut de quoi les locations seront, *de facto*, considérées confisquées.

12. Il ne sera pas accordé de renouvellement de licence, à moins que les travaux convenables n'aient été faits sur la limite pendant la saison précédente, ou que des raisons suffisantes ne soient données, à la satisfaction du Surintendant Général des affaires des Sauvages, pourquoi les travaux n'ont pas été faits sur la limite, et à moins que la rente foncière et tous frais d'arpentage, et toutes sommes dues sur le bois, les billots ou autre bois coupé en vertu d'une licence autre que la précédente, n'aient été payés.

13. Toutes locations ou limites à bois seront sujettes à une rente foncière annuelle de $3 par mille carré, payable d'avance, avant l'émanation d'une licence ou d'un renouvellement. Et en calculant la rente foncière, aucune licence ne sera sujette à une rente moindre que celle de huit milles carrés.

14. Tout bois carré, billots ou autres bois, coupé en vertu d'une licence actuellement en force, ou en vertu d'une licence qui pourra être accordée ci-après, seront sujets au tarif suivant :—

Les droits sur l'érable et sur l'orme de marais, coupés en vertu d'une licence sur la Péninsule de Saugeen, ont été réduits à $1 00 par M pieds, mesure de planche, et $15.00 par M pieds cubes.

15. Les droits sur le bois seront chargés sur les quantités établies par la spécification de mesurage fournie par le licencié ou son surintendent à l'agent des Sauvages de la localité, ou au Surintendant Général des affaires des Sauvages, ou par tout autre mesurage reconnu,—mais dans les cas où il sera impossible d'obtenir le mesurage ci-haut, chaque morceau de pin blanc sera considéré comme contenant 70 pieds cubes, le pin rouge 38 pieds cubes, le chène 50 pieds, et l'orme 45 pieds, et tout autre bois 34 pieds cubes.

16. Tous licenciés ou occupants de limites à bois devront fournir, par eux-mêmes, leurs agents, mesureurs ou surintendants, à l'agent ou aux agents nommés à cet effet par le Surintendant Général des affaires des Sauvages, et aux temps et lieux exigés par tel agent ou tels agents,—preuve satisfaisante concernant l'endroit où le bois et les billots en leur possession ont été coupés, donnant un état des quantités et qualités du bois et des billots, y compris les billots de rebut (culls) coupés par eux-mêmes ou par d'autres, à leur connaissance, sur chaque limite à bois occupée par lui ou eux respectivement, indiquant, s'il y a lieu, la quantité coupée sur les terres de colons, donnant les noms des dits colons, le nom du township, et le numéro de chaque lot et concession, produisant en même temps, pour être examinés par l'agent ou les agents, les livres de compte et de mesurage du bois et des billots sous son ou leur contrôle; ils devront en outre fournir aux agents toutes autres informations et facilités requises pour leur permettre d'arriver à une décision satisfaisante relativement à la quantité et à la qualité du bois et des billots faits par lui ou eux, ou en sa ou leur possession respectivement, sur lesquels des droits du gouvernement sont payables; et dans le cas où l'agent ou les agents jugeront nécessaire de faire compter et mesurer le bois et les billots, le licencié ou l'occupant de la dite limite à bois, ou leurs agents mesureurs et surintendants, devront aider à compter et à mesurer tel que mentionné ci-dessus; mais au cas où le licencié ou occupant, ou leurs agents, ne rempliront pas ces conditions, le licencié perdra le droit au renouvellement de sa licence, et la limite deviendra vacante. Et pour permettre aux personnes qui vendent leur bois en vertu d'une licence de colon d'obtenir le remboursement des droits, et permettre au bois coupé sur des terres concédées par lettres patentes de passer en franchise, les parties intéressées devront prouver, sous serment prêté devant le ou les dits agents, et à leur satisfaction, la quantité et la qualité du bois et des billots coupés sur chaque lot respectivement. Et au cas où la preuve paraîtra insuffisante, le ou les dits agents pourra la compléter en faisant faire un examen sévère des souches et donner un certificat en conséquence.

17. Le Surintendant Général des Affaires des Sauvages, ou tout agent autorisé, aura en tout temps accès aux livres et memoranda tenus par un licencié établissant la quantité de bois, en mesure de planche, scié par lui, des billots coupés sur sa limite à bois, et aura le pouvoir de les examiner, et à défaut de produire les dits livres et memoranda quand il en sera requis, il s'exposera à perdre le droit de renouvellement de sa licence.

18. Dans le cas où un licencié n'aurait pas payé ou aurait éludé le paiement des droits de coupe dus à la Couronne sur quelque partie de son bois ou de ses billots, ces droits peuvent être prélevés sur aucun autre bois à lui appartenant, coupé en vertu de licence, en sus des droits dus sur ce bois.

19. Avant d'enlever aucun radeau ou partie de radeau de bois carré, ou billots, de l'agence dans laquelle ce bois aura été coupé, le propriétaire ou la personne en charge du dit radeau devra en faire rapport à l'agent des Sauvages pour la localité, faisant, s'il est nécessaire, une déclaration sous serment, de l'endroit où le dit bois a été coupé, du nombre de morceaux de chaque espèce de bois contenu dans chaque radeau ou partie de radeau, du nombre de petits radeaux (cribs), mentionnant en même temps la quantité et la qualité des pièces coupées sur les terres des particuliers, ou sur des terres en vertu d'une licence de colon, donnant les noms des propriétaires ou des licenciés des dites terres, avec les noms des townships et le numéro de chaque lot et concession, et au cas où le dit agent des Sauvages ne serait pas satisfait de la justesse du rapport, il fera compter avec soin le bois contenu dans le dit radeau, et aussitôt satisfait de la justesse du rapport ou du compte, l'agent des Sauvages pourra accorder un certificat d'acquit, en due forme, pour le dit radeau établissant le nombre de morceaux et la description du bois qui y est contenu, établissant la différence entre le bois coupé sur des terres privées et en vertu de licences de colons, de celui coupé sur des terres ou réserves de Sauvages.

20. A l'arrivée de chacun de ces radeaux ou parties de radeaux à destination, à Québec, Sorel, Montréal ou autre port intermédiaire de vente ou de débarquement, le propriétaire ou celui qui en a la charge en fera, dans l'intervalle de vingt-quatre heures, le rapport au percepteur des droits sur les bois de la Couronne, ou si c'est à Sorel ou Montréal, au député surintendant des mesureurs de bois, et au cas où la spécification de mesurage se trouverait contenir un plus grand nombre de pièces de bois que celui mentionné dans l'acquit, le surplus sera considéré comme ayant été coupé sur les terres des Sauvages sans autorité, et sera en conséquence sujet au paiement des droits.

21. On pourra refuser d'émaner des licences aux personnes qui négligeront d'obtenir leur acquit à l'agence ou de faire rapport de l'arrivée du radeau à sa destination tel que mentionné plus haut, et ces personnes seront sujettes à la confiscation de leur bois pour infractions aux règlements, tel que pourvu au chap. 43 des Statuts Revisés du Canada.

22. Les personnes qui refuseront ou éviteront le paiement des droits sur leur bois, ou le règlement final des obligations ou billets promissoires pour le paiement d'iceux, ou qui seront en défaut avec le département ou l'agent des Sauvages, et les personnes qui prendront forcément possession de terrain en litige avant d'avoir obtenu une décision en leur faveur et ceux qui refuseront de se conformer aux décisions des arbitres ou aux règlements établis par

ordre en conseil, ou qui troubleront forcément les arpenteurs, perdront leurs droits à d'autres licences et leurs locations seront confisquées à l'expiration de leurs licences.

23. Tous droits sur les bois coupés sous licence, qui n'auront pas été payés au 30 novembre suivant la saison pendant laquelle ils auront été coupés, seront sujets à l'intérêt à partir de cette date, sans préjudice aux pouvoirs qu'a la Couronne d'exiger le paiement de ces droits arriérés en aucun temps jugé convenable par le Surintendant Général des affaires des Sauvages.

24. Les acheteurs de terres des Sauvages qui n'ont pas complété les conditions de leurs ventes, et qui n'ont pas obtenu de lettres patentes pour les dites terres, qui y couperont du bois sans licence (si ce n'est pour faire de la terre, pour bâtir ou construire des clôtures) ou autres qui le feront par leur permission, seront passibles des pénalités imposées par la loi dans le cas de bois coupé sans licence.

25. Avant l'émanation d'une licence, le licencié ou les licenciés devront lui-même ou eux-mêmes fournir un cautionnement, accompagné de deux cautions responsables, pour le montant considéré nécessaire par le Surintendant Général des affaires des Sauvages pour assurer les travaux nécessaires sur la limite, l'accomplissement des conditions de la licence et l'observation des règlements du département relativement au bois à être coupé. Le fait de fournir le dit cautionnement, n'enlèvera pas au Surintendant Général des affaires des Sauvages ou à son agent, le droit de prélèvement sur tout bois coupé par ou appartenant au détenteur ou aux détenteurs de la licence, ni le droit d'annuler la dite licence, au cas où il y aurait cause suffisante pour ce faire.

26. Les licences seront données dans la formule suivante, en triple, et la description de la licence devra être écrite au dos de la licence, et devra être datée et signée par le Surintendant Général des affaires des Sauvages, aussi bien que la licence même ; les doubles devront être gardés de record par l'agent des Sauvages de la localité.

27. FORME DE LA LICENCE.

Licence pour couper du bois sur les terres des Sauvages.

Par autorité du chap. 43 des Statuts Revisés du Canada, et ses amendements, et pour et en considération des paiements faits et qui seront faits au crédit du fonds des Sauvages, je, par le présent donne plein pouvoir et autorise
et agents et employés, à
couper sur
la location désignée au dos des présentes, et à gardes et occuper la dite location à l'exclusion de tour autres, excepté comme ci-après mentionné :—à compter du 18 , au 30 avril 18 , avec le droit de transporter le dit bois à travers aucune des terres non occupées ou incultes des Sauvages.

Et en vertu de cette licence le dit licencié a droit, tel que prescrit par le dit Statut, à tout bois coupé par d'autres n'ayant pas droit au terrain assigné par les présentes, avec plein pouvoir de le saisir et de s'en emparer partout où il le trouvera dans la Puissance du Canada.

Mais cette licence est sujette aux conditions suivantes, savoir :—

Que les droits auxquels le bois coupé en vertu de la dite licence, est sujet, devront être payés comme suit, savoir :

Que tous les lots vendus antérieurement et ceux vendus subséquemment, à la date des présentes, qui ont été colonisés et défrichés en vue de culture, seront exemptées de l'opération de la présente licence, excepté quant à ce qui regarde le pin et l'épinette blanche marchands, qui demeureront sous le contrôle de la présente licence jusqu'à ce que les conditions de vente aient été remplies.

Que toute personne ou personnes pourra ou pourront en tout temps, avec l'autorisation du Surintendant Général des affaires des Sauvages, faire des chemins et s'en servir pour voyager sur et à travers le terrain accordé pour la présente licence.

Que rien dans la présente n'empêchera aucune personne ou personnes autorisées à cet effet par le Surintendant Général des affaires des Sauvages, de prendre aucun bois debout, de quelque sorte que ce soit, pour la construction de chemins ou ponts ou pour travaux publics.

Et que toutes personnes qui s'établiront, d'après une autorité ou titre légal, dans les limites de la location accordée par la présente licence, ne seront en aucune manière molestés dans leurs opérations de défrichement ou de culture, par le dit licencié, ou aucune autre personne agissant pour ou par permission.
